Robert Stern,2009-05-07 The great German idealist philosopher G W F Hegel has exerted an immense influence on the development of philosophy from the early 19th century to the present But the metaphysical aspects of his thought are still under appreciated In a series of essays Robert Stern traces the development of a distinctively Hegelian approach to metaphysics and certain central metaphysical issues The book begins with an introduction that considers this theme as a whole followed by a section of essays on Hegel himself Stern then focuses on the way in which certain key metaphysical ideas in Hegel s system such as his doctrine of the concrete universal and his conception of truth relate to the thinking of the British Idealists on the one hand and the American Pragmatists on the other The volume concludes by examining a critique of Hegel s metaphysical position from the perspective of the continental tradition and in particular Gilles Deleuze **Hegel and Modern Philosophy**

David Lamb,2019-09-09 Originally published in 1987 this volume reflects the diversity in Hegelianism and every branch of philosophy which he contributed to It includes essays on his contribution to contemporary social philosophy logic and the philosophy of religion His work is examined in relation to Marx Wittgenstein and his social philosophy discussed from a feminist standpoint **Hegel and Hegelianism**

IntroBooks Team, Dialectic is a method of discussion between two arguments in an effort to finding a better truth and throughout histories various philosophers have come up with their own logic of dialectic Hegelian dialectic was born during the modern philosophy time adopting Plato s dialectic with Hegel s own touch to it Hegelian dialectic unites two different determinations into one creating a meaning that although the previous determination is negated keeps the old concepts within it But how

exactly is the Hegelian dialectic affecting the studies of logic and other subjects in the past Also how does Hegelian dialectic excels its predecessors namely Plato s dialectic **Neo-Hegelianism** Hiralal Haldar,1927 *Divergent Paths: The Hegelian foundations of Marx's method* Norman Levine,2006-01-01 Divergent Paths is the first in a series of three volumes that explores the historiography of the relationship between Hegel and Marx it sets the terms of the relationship between Marx and Engels and explores the genesis of the theories of Marxism and Engelsism from the late 19th century to the present day Given the vast pool of contemporary post Marxist theoretical work a study like this is sorely needed This is the most thorough exploration of Marx s ideas from Hegel through to the present day and is absolutely essential reading

Hegel's Critique of Modernity Timothy C. Luther,2009-01-01 Hegel s enduring importance lies in the fact that his philosophy sheds light on many contemporary problems his conception of freedom enables us to reconcile many of the differences that divide liberalism and communitarianism While liberalism tends to overemphasize the individual and devalue the community communitarianism tends to do the reverse One of his central aims is to integrate liberalism s concern for the political rights and interests of individuals within the framework of a community He tries to reconcile the individual and community in a way that creates the proper mix of liberty and authority One of Hegel s goals is to discover social structures that will allow individuals to escape the alienation that characterizes contemporary life He sought a method of reconciling his contemporaries to the modern world by overcoming the things that split the self from the social world that is a place where people are at home in the social world A sense of estrangement is all too common even for those who enjoy more personal freedom and material abundance than ever thought possible While Hegel is speaking directly to and about his contemporaries their social world bears much in common with ours Consequently his attempt to reconcile philosophical and social contradictions can elucidate our own condition While the modern world reflects important contributions the advent of modern liberalism leads to excessive individualism that fragments social life leaving individuals disconnected and adrift from meaningful social life The major goal of Hegel s political philosophy is to reconcile the individual with his or her political

community in a way that overcomes the alienation of modern life *Routledge Encyclopedia of Philosophy: Index* Edward Craig, 1998 Volume seven of a ten volume set which provides full and detailed coverage of all aspects of philosophy including information on how philosophy is practiced in different countries who the most influential philosophers were and what the basic concepts are Marx's Discourse with Hegel N. Levine, 2012-02-21 The end of Stalinist Russia China's change under Deng Xiaoping and the publication of previously unexplored documents of Marx in the MEGA2 opened a new epoch in the analysis of Marx Marx's Discourse With Hegel is both a product and contribution to this rebirth of Marxism by its reformulation of the relationship between Hegel and Marx Reading Hegel Slavoj Zizek, Frank Ruda, Agon Hamza, 2021-11-30 A spirit is haunting contemporary thought the spirit of Hegel All the powers of academia have entered into a holy alliance to exorcize this spirit Vitalists and Eschatologists Transcendental Pragmatists and Speculative Realists Historical Materialists and even liberal Hegelians Which of these groups has not been denounced as metaphysically Hegelian by its opponents And which has not hurled back the branding reproach of Hegelian metaphysics in its turn Progressives liberals and reactionaries alike receive this condemnation In light of this situation it is high time that true Hegelians should openly admit their allegiance and without obfuscation express the importance and validity of Hegelianism to the contemporary intellectual scene To this end a small group of Hegelians of different nationalities have assembled to sketch the following book a book which addresses a number of pressing issues that a contemporary reading of Hegel allows a new perspective on our relation to the future our relation to nature and our relation to the absolute **Neo-Hegelianism** Hiralal Haldar, 1927 *Hegel's Philosophy Of Politics* Harry Brod, 2019-04-05 This valuable book makes a significant contribution to the current revival of interest in Hegel Brod demonstrates the central unifying role the collective historical social consciousness plays in Hegel's thought But far from leading to totalitarian conclusions this emphasis upon the social actually leads Hegel toward a third way between the an Gilles Deleuze Michael Hardt, 1995
