

Hegel And Marx

Jolyon Agar

Hegel And Marx:

Hegel, Marx and Dialectic Richard J. Norman, Sean Sayers, 1980 A lively and provocative debate on the nature of Hegelian and Marxist dialectic and the relation between them A direct and explicit definition of dialectic is given and by sustained debate the dialectical idea of the fruitfulness of contradiction is exemplified in practice The author relate their accounts of dialectic both to recent discussion in the Marxist tradition Sartre Colletti Althusser and to work in the analytical tradition of philosophy thus initiating a dialogue between two as yet hardly related philosophical traditions The clarity and directness of this collection and its complete avoidance of dogmatism make it an invaluable work for anyone interested in the fundamental questions of philosophy Back cover

Hegel and Marx David MacGregor, 2014-06-15 The Second Edition of Hegel and Marx After the Fall of Communism surveys Hegel s close connection with world famed economist Friedrich List the declared enemy of Karl Marx Illuminating the mysterious nature of Hegel s relationship with Marx and Friedrich List may help us to comprehend the extraordinary geopolitical transformations that have occurred in the last 15 years since the original publication in 1998 The Afterword to this Edition looks at Russia s revival as a world power under Vladimir Putin and China s ambitious economic development efforts that bring to mind Sun Yat sen s vision of The International Development of China

The Communist Ideal in Hegel and Marx (RLE Marxism) David MacGregor, 2015-04-24 One reader has called this study first published in 1984 easily the best book on the relation of Hegel to Marx With spirited argument MacGregor demonstrates that Hegelian logic suited Marx s purpose so well because it already contained the unique elements that later appeared in Marx s social theory including the notions of surplus value and the transition to communism The most exciting thing about the book is the clear demonstration that the mature Marx gets ever closer to Hegel and is increasingly indebted to him In short the author gives us a new Hegel and a new Marx In a manner both original and penetrating MacGregor shows that dialectical logic is pre eminently social logic a reconstruction in thought of social relationships and social structure Central to the work is the examination of the Philosophy of Right in which Hegel delineated a theory of modern capitalist society MacGregor provides a compelling analysis of Hegel s importance for Lenin and a strong caveat that contemporary Marxism ignores Hegel to its own peril MacGregor establishes that Hegel s absolute idealism is founded on a theory of the dialectics of labour similar to Marx s historical materialism Another significant discovery elucidates Hegel s concept of poverty as the missing link which joins Marx s formulation to classical liberal theory

Marx's Discourse with Hegel N. Levine, 2012-02-21 The end of Stalinist Russia China s change under Deng Xiaoping and the publication of previously unexplored documents of Marx in the MEGA2 opened a new epoch in the analysis of Marx Marx s Discourse With Hegel is both a product and contribution to this rebirth of Marxism by its reformulation of the relationship between Hegel and Marx

Hegel, Marx and the Contemporary World Kaveh Boiveiri, Emmanuel Chaput, 2016-06-22 This book is the result of a three day conference held in April 2014 at the University of Montreal Canada discussing the relevance of the work of Hegel and

Marx in today's world particularly with regard to the ecological economic political and anthropological crisis facing humanity Accordingly the book an exploration of the specific nature of the crisis we face both in our everyday lives and in the realm of theory However if indeed the necessity of a proper critique *Kritikos* is intimately linked to a state of crisis Crisis the conceptual frame necessary to produce such a critique may itself be in crisis Among the vast number of critical oppositions to contemporary capitalism what are the keys available to understand the present forms of human conditions alienation and exploitation Controversies and divisions among the different tendencies within the critical tradition tend to highlight the point that there is also a theoretical crisis which prevents a proper diagnosis of the actual crisis and prevents in turn a proper plan of action from being established Looking back to Marx and Hegel allowed a return if not to the sources at least to two unavoidable influences among the various critical approaches to capitalism Be it with or against Hegel and or Marx the criticisms of modernity post modernity and capitalism cannot neglect the shadows of these thinkers Both Marx's and Hegel's philosophical sociological and political enterprises must be linked historically to the will to diagnose and solve what they saw as the most important crises of their own time from in Hegel's case the spiritual crisis which followed the advent of modernity and its accompanying turmoil to the social and political crisis caused by capitalism and the advent of a new industrial society in Marx's case Both intellectual ventures are at every turn haunted by the notion of crisis This book will appeal to anyone interested in Hegel's and Marx's philosophical and political theories Not only does it provide the historical context necessary to understand properly the relation between Marx and Hegel but it also places the relevance of their teachings for the contemporary reader in perspective

Hegel and Marx Ian Fraser, 1998 This text introduces the concept of need as viewed by Hegel and Marx and places it within the context of modern need theories and theorists The book works through key texts including Hegel's *Philosophy of Right* and Marx's *Capital* and discusses the theory in relation to Soviet Communism and social democracy Covers key texts by Hegel and Marx studied by undergraduates on political theory courses Looks at political implications for modern need theory Accessible author makes good use of textual evidence Need theory is a major element of modern social theory

The Hegel-Marx Connection T. Burns, I. Fraser, 2000-07-19 A major and timely re examination of key areas in the social and political thought of Hegel and Marx The editors extensive introduction surveys the development of the connection from the Young Hegelians through the main Marxist thinkers to contemporary debates Leading scholars including Terrell Carver Chris Arthur and Gary Browning debate themes such as the nature of the connection itself scientific method political economy the Hegelian basis to Marx's Doctoral Dissertation human needs history and international relations

Hegel, Marx, and the Necessity and Freedom Dialectic Russell Rockwell, 2018-04-26 This book provides close readings of primary texts to analyze the linkage between G W F Hegel's philosophy and Karl Marx's critical social theory of necessity and freedom This is important for three reasons first to understand the significance of the changing relationships of work society and critical social theory in the origins of Hegelian Marxism in the US as documented

in the recently published correspondence between the Marxist Humanist theoretician Raya Dunayevskaya and the critical theorist Herbert Marcuse second to identify the intersections of the Critical Theorists Jurgen Habermas and Marcuse s influential reinterpretations of Marx s value theory of economy and society that enables navigation of the changing relationships of the social and economic spheres in the last century as developed in Marx s Grundrisse and thirdly to assess the potential of Moishe Postone s renewal of Marx s value theory largely conceived by the notion of a necessity and freedom dialectic intrinsic to capitalism

Critique of Hegel's Philosophy of Right Karl Marx, 2024-05-09 A new translation of Marx s 1844 Zur Kritik der Hegelschen Rechtsphilosophie from the original manuscript This edition includes a new introduction by the translator and reference materials including a Glossary of Philosophic and Economic Marxist Terminology an Index of Personalities Associated with Marx and a Timeline of Marx s Life and Works This is Volume III in The Complete Works of Karl Marx by NL Press In Towards the Critique of Hegel s Philosophy of Right Marx s argument is that Hegel s political philosophy is an abstraction that fails to take into account the concrete reality of human existence and the class struggles that shape it He contends that in order to understand the state civil society and the concept of alienation one must take into account the economic relations that underlie it and the material conditions of society The central argument of Marx s critique is that the state is not a neutral arbiter of justice but is rather an instrument of class warfare and exploitation This is a mimicry of Feuerbach s argument nearly word for word Marx s critique serves to demonstrate the importance of a historical and materialist perspective in understanding the nature of human freedom and morality It serves as a precursor to his later theories of historical materialism and dialectical materialism which continue to be influential in the modern world Marx s critique in this work centers around the idea that Hegel s philosophy is an abstraction that fails to take into account the concrete reality of human existence and the class struggles that shape it

Divergent Paths: The Hegelian foundations of Marx's method Norman Levine, 2006-01-01 Divergent Paths is the first in a series of three volumes that explores the historiography of the relationship between Hegel and Marx it sets the terms of the relationship between Marx and Engels and explores the genesis of the theories of Marxism and Engelsism from the late 19th century to the present day Given the vast pool of contemporary post Marxist theoretical work a study like this is sorely needed This is the most thorough exploration of Marx s ideas from Hegel through to the present day and is absolutely essential reading

Hegel, Marx, And The English State David MacGregor, 2019-04-08 In this radically revised intellectual portrait of Hegel and Marx that challenges standard interpretations of their political theory David MacGregor considers the nature of the state in capitalist society This is the first book to place Marx s and Hegel s political thought directly into social and historical context Revealing the revolutionary c

From Marx to Hegel and Back Victoria Fareld, Hannes Kuch, 2020-01-09 The relation between Hegel and Marx is among the most interpreted in the history of philosophy Given the contemporary renaissance of Marx and Marxist theories how should we re read the Hegel Marx connection today What place does Hegel have in contemporary

critical thinking Most schools of Marxism regard Marx's inversion of Hegel's dialectics as a progressive development leaving behind Hegel's idealism by transforming it into a materialist critique of political economy Other Marxist approaches argue that the mature Marx completely broke with Hegel By contrast this book offers a wide ranging and innovative understanding of Hegel as an empirically informed theorist of the social political and economic world It proposes a movement from Marx to Hegel and back by exploring the intersections where the two thinkers can be read as mutually complementing or even reinforcing one another With a particular focus on essential concepts like recognition love revolution freedom and the idea of critique this new intervention into Hegelian and Marxian philosophy unifies the ethical content of Hegel's philosophy with the power of Marx's social and economic critique of the contemporary world The Power of Negativity Raya Dunayevskaya, 2001-11-13 Raya Dunayevskaya is hailed as the founder of Marxist Humanism in the United States In this new collection of her essays co editors Peter Hudis and Kevin B Anderson have crafted a work in which the true power and originality of Dunayevskaya's ideas are displayed This extensive collection of writings on Hegel Marx and dialectics captures Dunayevskaya's central dictum that contrary to the established views of Hegelians and Marxists Hegel was of signal importance to the theory and practice of Marxism The Power of Negativity sheds light not only on Marxist Humanism and the rooting of Dunayevskaya's Marxist Humanist theories in Hegel but also on the life of one of America's most penetrating and provocative critical thinkers *From Hegel to Marx* Sidney Hook, 1994 In this brilliant work first published in 1936 Sydney Hook seeks to resolve one of the classic problems of European intellectual history how the political radicalism and philosophical materialism of Karl Marx issued from the mystical and conservative intellectual system of G W F Hegel This edition contains a forward by Christopher Phelps discussing Hook's career and the significance of *From Hegel to Marx* in the history of ideas **Hegel, Marx, Nietzsche** Henri Lefebvre, 2020-02-11 With the translation of Lefebvre's philosophical writings his stature in the English speaking world continues to grow Though certainly within the Marxist tradition he consistently saw Marx as an unavoidable necessary but insufficient starting point Unsurprisingly Lefebvre always insisted on the importance of Hegel to understanding Marx But the imposing Metaphilosophy also suggested the significance he ascribed to Nietzsche in the realm of shadows through which philosophy seeks to think the world Lefebvre proposes here that the modern world is at the same time Hegelian in terms of the state Marxist in terms of the social and society and Nietzschean in terms of civilization and its values As early as 1939 Lefebvre pioneered a French reading of Nietzsche that rejected the philosopher's appropriation by fascism bringing out the tragic implications of Nietzsche's proclamation that God is dead long before this approach was followed by such later writers as Foucault Derrida and Deleuze Forty years later in the last of his philosophical writings Lefebvre juxtaposes the contributions of the three great thinkers in a text whose themes remain surprisingly relevant today The Logical Influence of Hegel on Marx Rebecca Cooper, 2011-11-03 Hegel's influence on both the content and the terminology of the works of Karl Marx and Frederick Engels has indeed been so profound that a

thorough understanding of these works may be said to presuppose an understanding of this relationship Especially the terminology of the Marxists becomes intelligible only when approached through its Hegelian origin *Rethinking Marxism* Jolyon Agar, 2014-02-03 First published in 2006 Routledge is an imprint of Taylor Francis an informa company Hegel, Marx and Dialectic Richard Norman, Sean Sayers, 1980-01-01 **Hegel, Marx and Dialectic** Richard Norman, Sean Sayers, 1994 This work contains a rigorous account of the philosophy of dialectic in Hegel and Marxism which takes the form of a debate in which each author develops his own account and criticism of the other *Schiller, Hegel, and Marx* Philip J. Kain, 1982 Schiller Hegel and Marx looked back to ancient Greek culture viewing it as the historical embodiment of certain ideals central to aesthetic theory This volume investigates their viewpoints and how they use Greek culture as an ideal model for remaking t
