**Sexual Politics and Narrative Film** Robin Wood, 1998 An examination of the relationship between narrative style and sexual politics Looking at contemporary films from the USA Europe and Japan the book examines the ways in which films relate to sexual politics and the organization within our culture of gender and sexuality      **Street Players** Kinohi Nishikawa, 2019-01-11 The uncontested center of the black pulp fiction universe for more than four decades was the Los Angeles publisher Holloway House From the late 1960s until it closed in 2008 Holloway House specialized in cheap paperbacks with page turning narratives featuring black protagonists in crime stories conspiracy thrillers prison novels and Westerns From Iceberg Slim's *Pimp* to Donald Goines's *Never Die Alone* the thread that tied all of these books together and made them distinct from the majority of American pulp was an unfailing veneration of black masculinity Zeroing in on Holloway House *Street Players* explores how this world of black pulp fiction was produced received and recreated over time and across different communities of readers Kinohi Nishikawa contends that black pulp fiction was built on white readers' fears of the feminization of society and the appeal of black masculinity as a way to counter it In essence it was the original form of blaxploitation a strategy of mass marketing race to suit the reactionary fantasies of a white audience But while chauvinism and misogyny remained troubling yet constitutive aspects of this literature from 1973 onward Holloway House moved away from publishing sleaze for a white audience to publishing solely for black readers The standard account of this literary phenomenon is based almost entirely on where this literature ended up in the hands of black male working class readers When it closed Holloway House was synonymous with genre fiction written by black authors for black readers a field of cultural production that Nishikawa terms the black literary underground But as *Street Players* demonstrates this cultural authenticity had to be created promoted and in some cases made up and there is a story of exploitation at the heart of black pulp fiction's origins that cannot be ignored      **Is it a Blot? Britton, 2009 Renowned film scholar and editor Barry Keith Grant has assembled all of Britton's published essays of film criticism and theory for this volume spanning the late 1970s to the early 1990s. The essays are arranged by theme: Hollywood cinema, Hollywood movies, European cinema, and film and cultural theory. In all twenty-eight essays, he considers such varied films as Hitchcock's *Spellbound*, *Jaws*, *The Exorcist*, and *Mandingo*, and topics as diverse as formalism, camp, psychoanalysis, imperialism, and feminism. Included are such well-known and important pieces as *Blissing Out: The Politics of Reaganite Entertainment* and *Sideshow: Hollywood in Vietnam*, among the most perceptive discussions of these two periods of Hollywood history yet published. In addition, Britton's critiques of the ideology of *Screen* and Wisconsin formalism display his uncommon grasp of theory even when arguing against prevailing critical trends.
