Comparisons in Global Security Politics Thomas Müller,Mathias Albert,Kerrin Langer,2024-09-26 Available open access digitally under CC BY NC ND licence Comparative practices are integral to global security politics The balance of power politics status competitions and global security governance would not be possible without them Yet they are rarely treated as the main object of study Exploring the varied uses of comparisons this book addresses three key questions How is comparative knowledge produced How does it become politically relevant How do comparative practices shape security politics This book takes a bold new step in uniting disparate streams of research to show how comparative practices order governance processes and modulate competitive dynamics in world politics **Business Performance Measurement and Management** Paolo Taticchi,2010-01-22 Measuring and managing the performance of a business is one of the most genuine desires of management Balanced scorecard the performance prism and activity based management are the most popular frameworks in this setting Based on the findings of R G Eccles acclaimed Performance Measurement Manifesto 1991 this book introduces new contexts and themes of application and presents emerging research areas related to business performance measurement and management e g SMEs and sustainability As a result of the 1st International Summer School Piero Lunghi on Perspectives of Business Performance Management this book is written both for students and academics as well as for practitioners looking for new yet proven ways to measure and manage business performance **Advances in Production Management Systems. Competitive Manufacturing for Innovative Products and Services** Christos Emmanouilidis,Marco Taisch,Dimitris Kiritsis,2013-08-13 The two volumes IFIP AICT 397 and 398 constitute the thoroughly refereed post conference proceedings of the International IFIP WG 5 7 Conference on Advances in Production Management

Systems APMS 2012 held in Rhodes Greece in September 2012 The 182 revised full papers were carefully reviewed and selected for inclusion in the two volumes They are organized in 6 parts sustainability design manufacturing and production management human factors learning and innovation ICT and emerging technologies in production management product and asset lifecycle management and services supply chains and operations Public Management and the Metagovernance of Hierarchies, Networks and Markets Louis Meuleman, 2008-04-03 Public managers can to a certain extent choose between various management paradigms which are provided by public and business administration scholars and by politicians as well How do they find their way in this confusing supermarket of competing ideas This book explores how public managers in Western bureaucracies deal with the mutually undermining ideas of hierarchical network and market governance Do they possess a specific logic of action a rationale when they combine and switch between these governance styles This chapter sets the scene for the book as a whole and presents the search topic and the research question 1.1 Problem setting Since the Second World War Western public administration systems have changed drastically The hierarchical style of governing of the 1950s to the 1970s was partly replaced by market mechanisms from the 1980s onwards In the 1990s a third style of governing based on networks further enriched the range of possible steering coordination and organisation interventions In the new millennium public sector organisations seem to apply complex and varying mixtures of all three styles of what we will find as governance in a broad sense This development has brought about two problems **Advances in International Accounting** J. Timothy Sale, 2002-09-03 This is a refereed academic research annual that is devoted to publishing articles about advancements of accounting and its related disciplines from an international perspective This serial examines how these developments affect the financial reporting and disclosure practices taxation management accounting practices and auditing of multinational corporations as well as their effect on the education of professional accountants worldwide **Sustainable Products in the Circular Economy** Magdalena Wojnarowska, Marek Ćwiklicki, Carlo Ingraio, 2022-04-24 This book explores how the circular economy influences product design in today's business and society Drawing on contributions from a wide range of expert thinkers this volume assesses the existing approaches strategies and tools which facilitate socially and environmentally responsible production and consumption systems It then goes on to highlight the ways in which the circular economy conceptual framework could be implemented effectively at both micro product policy and macro sustainable consumption levels in order to alter the industrial landscape and increase its interconnectedness with materials and scarce resources Highlighting the pros and cons of transitioning to this new model the book also cautions that it will only be made possible via significant behavior change at both industry and consumer levels Sustainable Products in the Circular Economy will be of great interest to students and scholars of sustainable manufacturing sustainable consumption corporate social responsibility and business ethics It will also be relevant to industry professionals whose work dovetails with these areas Public Management Occasional Papers Wage Determination in the Public Sector A France/Italy Comparison

No. 21 OECD,1998-02-03 Traditionally pay analysis in the public sector has been based on cross section data such as average or median wages This study differs in that micro longitudinal data are used to explain and compare pay determination in the French and Italian civil services **Design for Equity** Carol Konek,1980 *Organizational Evolution and Strategic Management* Rodolphe Durand,2006-04-25 I have no doubt this book will be read and used time and again by any scholar working within the evolutionary approach to organizations I believe that it will also be of great interest to strategy scholars Management Rodolphe Durand has a compelling message for the growing community of evolutionary researchers in organization studies Evolutionary researchers need to attend more carefully to historical and contemporary debates in the biological sciences if they are to avoid false tracks and simplistic analogies Durand offers here the foundations of a distinctive and authentic evolutionary theory that takes organizations seriously for what they are Richard Whittington Oxford University This book fills an important gap in the study of organizations and strategy from an evolutionary perspective It offers a synthetic approach to evolutionary analysis with grounded empirical examples that graduate students and seasoned scholars alike will find immensely useful Durand s OES model rooted in a critical examination of philosophical and scientific writings on evolution is particularly promising and provides a valuable guidepost for future research on organizations and strategic management Michael Lounsbury University of Alberta How is economic evolutionary theory in which organisations evolve according to environmental selection reconciled with evidence of strategic management This book is the first of its kind to propose a solution to this theoretical puzzle and engage readers in a balanced understanding of organizational evolution Rodolphe Durand embarks upon a fresh assessment of the literature His discoveries provide the foundation for a new theory of organizational selection and an organizational evolution and strategy model that reconciles economic evolution with strategic intentionality Chapters include an examination of the work by Lamarck Darwin and Spencer a constructive appraisal of evolutionary theory applied to organisations and a summary of how the organizational evolution and strategy model will affect future theory and research **The Leadership Quarterly** ,1995
