**Ransomware and Cybercrime** Andrew Jenkinson, 2022-06-16 In May 2021 Jim Gosler known as the Godfather and commander of US agencies cyber offensive capability said Either the Intelligence Community IC would grow and adapt or the Internet would eat us alive Mr Gosler was speaking at his retirement only several months before the terrorist attacks of 9 11 He possibly did not realise the catalyst or the tsunami that he and his tens of thousands of US IC offensive website operatives had created and commenced Over the last two decades what Mr Gosler and his army of Internet keyboard warriors created would become the modus operandi for every faceless nameless state sponsored or individual cybercriminal to replicate against an unwary ill protected and ignorant group of executives and security professionals who knew little to nothing about the clandestine methods of infiltration and weaponisation of the Internet that the US and UK agencies led all in the name of security This book covers many cyber and ransomware attacks and events including how we have gotten to the point of massive digital utilisation particularly during the global lockdown and COVID 19 pandemic to online spending that will see twice the monetary amount lost to cybercrime than what is spent online There is little to no attribution and with the IC themselves suffering cyberattacks they are all blamed on being sophisticated ones of course We are witnessing the undermining of our entire way of life our economies and even our liberties The IC has lots to answer for and unequivocally created the disastrous situation we are currently in They currently have little to no answer We need no we must demand

change That change must start by ensuring the Internet and all connections to it are secure and no longer allow easy access and exfiltration for both the ICs and cybercriminals      *A Digest of the Reports of the United States Courts and of the Acts of Congress from the Organization of the Government to [May 1880]* Benjamin Vaughan Abbott,1871      *Introduction to the Study of International Law* Theodore Dwight Woolsey,1891      **Reports of Cases Argued and Determined in the Supreme Court of Alabama** Alabama.
