The concept of *Écriture Feminine* in Helene Cixous's "The Laugh of the Medusa" Simon Wortmann, 2013-04-15 Essay from the year 2012 in the subject English Language and Literature Studies Literature grade 1-7 Christian Albrechts University of Kiel language English abstract In the year 1975 the French feminist author Helene Cixous published an essay called *The Laugh of the Medusa* In it she develops an entirely new theoretical concept with the aim of giving rise to feminist voice The central ideas of *Écriture Feminine* literally women's writing are going to be presented in this paper In the first part a brief description of Cixous's intellectual milieu is given in order to show the actual reason that led her to come up with a new notion of liberating women from patriarchy In this context an elaboration on poststructuralism the philosophical current Cixous belonged to follows Closely related to that is the author's skepticism towards Sigmund Freud's language philosophy Specifically speaking Freud's statements on the penis envy theory Primary attention is paid to the theory of phallocentrism which can be seen as one of the main reasons for Cixous's writings For a better understanding of this term the concept of logocentrism is also explained as well Logocentrism can be seen as a pillar of the theory of phallocentrism and therefore it deserves to be mentioned at this point In the second part we deal with the question of what is actually meant by women's writing Furthermore we will analyze which role the female body and sexuality plays in this context This excursion is highly interesting as it is crucial for the understanding of her concept Since the female body is considered a key for women to resist masculinist thinking and hence the systematic repression of

women Apart from that we try to show whether features of *Écriture Feminine* are evident in the *The Laugh of the Medusa* Moreover a different viewpoint on Cixous's theory is shown in the chapter *Criticism* in which arguments for and against her theory are shown In point five Conclusion the main aspects of this paper are summed up When writing this paper the main source of information were essays on women's writing and French feminist writing dating from 1987 to 1986 Besides secondary literature on literary and cultural theory as well as feminist practice and poststructuralist theory were used Recent research on Cixous's work however could not be found The only source dealing particularly with her writings dates from 1991

*The Writing Notebooks* Helene Cixous, 2004-05-18 Helene Cixous is one of the most brilliant and radical of contemporary theorists This is the first publication in any language of Cixous's own Notebooks illustrating the concept of *écriture féminine* and offering new insights into Cixous's theoretical insistence on writing and her own practice as a writer Cixous's Notebooks exemplify how writing creates unique possibilities for circumventing the truths that shape us as subjects and which organize our relations with the world The *Writing Notebooks* opens with an introduction which outlines the central points of Cixous's notion of writing The main body of the work is comprised of 60 photographic extracts from the Notebooks each extract accompanied by editorial annotation and a translation into English The book concludes with a new interview with Cixous on the value of the Notebooks the process of writing and her own fiction Cixous's Notebooks will be invaluable to students of literature psychoanalysis philosophy and feminism

process and explores three distinct areas essential for writing The School of the Dead the notion that something or someone must die in order for good writing to be born The School of Dreams the crucial role dreams play in literary inspiration and output and The School of Roots the importance of depth in the nether realms in all aspects of writing Topics covered include ways Cixous work can address the need for loss and reparation in writing critical autoethnography how Cixous writing makes our body speak through concepts of birth and the body in through and of critical autoethnography whether writing in this way recast and reform prevailing orders of domination and oppression and how Cixous writing around the ethics of loving and giving translates into response able and non violent forms of critical autoethnography in relation to otherness and difference In this collection we invite you to Let us go to the school of critical autoethnographic writing Cixous 1993 p 3 with the work of H l ne Cixous and speak in a different way and through a different medium of academic language in an approach that reveals the tensions the paradoxes the pains and the pleasures of writing with critical autoethnography in the contemporary university

[The Book of Promethea](#) Häl\_ne Cixous,1991-01-01 In writing Le Livre de Promethea H l ne Cixous set for herself the task of bridging the immeasurable distance between love and language She describes a love between two women in its totality experienced as both a physical presence and a sense of infinity The

result is a stunning example of *Pécriture féminine* that won kudos when published in France in 1983. Its translation into English by Betsy Wing will extend the influence of a writer already famous for her novels and contributions to feminist theory. In her introduction Betsy Wing notes the contemporary emphasis on fictions of presence. Cixous in *The Book of Promethea* works to repair the separation between fiction and presence, trying to chronicle a very present love without destroying it in the writing.

*The Feminist Encyclopedia of French Literature* Eva M. Sartori, 1999-07-30

The earliest known literary productions by women living in Europe were probably written by French writers. As early as the 12th century, women troubadours in the south of France were writing poems. French women continued writing through the ages, their number increasing as education became more available to women of all classes. And yet, of the great number of works by women writers who preceded the current feminist movement, very few have survived. A few writers such as Marie de France, George Sand, and Simone de Beauvoir became part of the canon. But critics, mostly male, had judged the works of only a few women writers worthy of recognition. As part of the feminist move to reclaim women writers and to rethink literary history, scholars in French literature began to take a new look at women writers who had been popular during their lifetimes but who had not been admitted into the canon. This reference book provides extensive information about French women writers and the world in which they lived. Included are several hundred alphabetically arranged entries for authors, literary genres such as the novel, poetry, and the short story, literary movements such as classicism, realism, and surrealism, life cycle events particular to women such as menstruation and menopause, events and institutions which affected women differently than men such as revolutions, wars, and laws on marriage, divorce, and education. The volume spans French literature from the Middle Ages to the present and covers those writers who lived and worked mainly in France. The entries are written by expert contributors and each includes bibliographical information. The entries focus on each writer's awareness of how her gender shaped her outlook and opportunities, on how categorizations, structures, and terms used to describe literary works have been defined for women, and the ways in which women writers have responded to these definitions. The volume begins with a feminist history of French literature and concludes with a selected general bibliography and a chronology of women writers.

*"Coming to Writing" and Other Essays* Hélène Cixous, 1991

This collection presents six essays by one of France's most remarkable contemporary authors. A notoriously playful stylist, here Hélène Cixous explores how the problematic of the sexes, viewed as a paradigm for all difference, which is the organizing principle behind identity and meaning, manifest themselves in texts. These superb translations do full justice to Cixous's prose, to its songlike flow and allusive brilliance.

**An Introductory Guide to Post-structuralism and Postmodernism** Madan Sarup, 1993-01-01

Madan Sarup has now revised his accessible and popular introduction to post-structuralist and postmodern theory. A new introductory section discusses the meaning of such concepts as modernity, postmodernity, modernization, modernism, and postmodernism. Cixous Luce Irigaray and Julia Kristeva The chapter on postmodernism has been significantly expanded to include a discussion of Lyotard's language games and his use of the category sublime This chapter ends with a discussion of the relationship between feminism and postmodernism A further chapter has been added on the work of Jean Baudrillard a cult figure on the current postmodernist scene whose ideas have attained a wide currency The chapter includes a new section on postmodern cultural practices as revealed in architecture TV video and film Suggestions for further reading are now listed at the end of each chapter and are upgraded and annotated In tracing the impact of post structuralist thought not only on literary criticism but on such disciplines as philosophy politics psychoanalysis the social sciences and art this book will be essential reading for those who want a clear and incisive introduction to the theories that continue to have widespread influence

**Joyce's Abandoned Female Costumes, Gratefully Received** Elisabeth Sheffield, 1998 While Sheffield's study shares a common presupposition of these recent interpretations it challenges the idea that the move Joyce makes with this alignment is one that puts him on the side of woman Sheffield contends that Joyce is not expressing his solidarity with woman or womanly thought in opposition to a masculine literary and philosophical tradition but rather relying on ancient stereotypes to personify a dangerously other form of writing

**Laughter, Humor, and the (Un)making of Gender** A. Foka, J. Liliequist, 2015-05-06 Humor is the tendency of particular cognitive experiences to provoke laughter and provide amusement Throughout history it has played a crucial role in defining gender roles and identities This collection offers an in depth thematic examination of this relationship between humor and gender spanning a variety of historical and cultural backdrops

**Public Administration in Perspective** David John Farmer, 2015-01-30 Throughout its history public administration has used a number of different perspectives for analyzing the discipline's theory and practice and both mainstream and alternative lenses have produced valuable insights and prescriptions At the same time an individual way of looking at PA can be misleading Alone a solitary lens can miss critical aspects and often gives only part of the picture Public Administration in Perspective has been specifically crafted to give new life to public administration theory and practice by helping readers view the discipline through a variety of perspectives Designed for the capstone course in public administration programs as well as a fresh approach for courses in PA theory and organizational theory this unique book provides a culminating experience bringing together what has been learned in previous MPA courses without simply rehashing old content It offers a comprehensive guide to eleven major approaches to PA and synthesizes them to deepen our understanding of the discipline Each chapter in Part I describes the key features of the selected perspective history content and proponents and discusses the strengths and weaknesses related to PA theory and practice Part II synthesizes the various perspectives with specific implications for PA management and practice Part III concludes with a complete overview identifying ways in which readers can think more creatively and productively about PA putting the perspectives themselves into perspective

Human culture has always weaved myths around its pattern of existence for multiple purposes. The interplay of religion and social practices have found their own space within the sphere of mythology. It is possible to read mythical texts to probe into the greater picture of human civilization. The contribution of myths towards the shaping of human beliefs behavioural patterns are evident and

assessing them often reveals a plethora of cultural histories unexplored and therefore unacknowledged before The contribution of mythopoeia towards the construct of human socio cultural identity has been largely accepted Modern academia has thus taken a strong interest in revisionist literature to understand the hitherto unknown nuances of human civilization In the edited anthology Art and Aesthetics of Modern Mythopoeia Literatures Myths and Revisionism Vol II like the first volume an attempt has been made to anthologize the works of a large number of authors who have talked about pertinent issues in the context of myth making the latent politics of mythopoeia and has taken into account several under explored texts that are rich in mythical content This volume offers a wide range of critical studies involving classical as well as modern myths around the globe
