Hellas Portrait Of Greece:

Hellas, a Portrait of Greece Nicholas Gage, 1986 A personal and incisive portrait of the author's native land that renders everyday Greek life in poetic and telling detail **Hellas Portrait of Greece** Size 13 5 X 20, 1992-01-01 Hellas Outlet, Outlet Book Company Staff, 1988-11-01 History of Greece. ... (With portrait, maps and index.) Fourth edition George GROTE, 1869 **Return Narratives** Theodora D. Patrona, 2017-08-29 This book is a comparative study of six Italian American and Greek American literary works written in the three last decades of the 20th century and examined in pairs Based on the common theme of the authors return either metaphorical or literal to the country of origin and its culture Return Narratives explores the common motifs of mythology ritual and storytelling where the third generation writers resort to in their quest for self definition With a common historical and cultural background in the old neighboring countries Greece and Italy and a similar reception in the new world facilitating a comparative approach the ethnic writers of the two literatures clearly envisage ethnic space as a site of resilience and empowerment *The Art of Ancient Greece* J. J. Pollitt, 1990 This book a companion volume to Professor Pollitt's *The Art of Rome Sources and Documents* published by the Press in 1983 presents a comprehensive collection in translation of ancient literary evidence relating to Greek sculpture painting architecture and the decorative arts Its purpose is to make this important evidence available to students who are not specialists in the Classical languages or Classical archaeology The author's translations of a wide selection of Greek and Latin texts are accompanied by an introduction explanatory commentary and a full bibliography An earlier version of this book was published twenty five years ago by Prentice Hall In this new publication Professor Pollitt has added a considerable number of new passages revised some of his earlier translations and presented the texts in a different order which allows the reader to follow more easily the development of sculpture and painting as perceived by the ancient writers The new and substantial bibliography organised by topics as they appear in the book emphasises works that deal directly with the literary sources or that supplement our knowledge of the personalities and monuments described in the sources This collection will be welcomed by students and teachers of Greek art who have long been in need of an authoritative and reliable sourcebook for their subject The Eye of the Xenos, Letters about Greece (Durrell Studies 3) Richard Pine, Vera Konidari, 2021-05-04 The condition of Greece ever since its establishment as a sovereign state in 1830 has been the subject of intense international debate centring on its pivotal role in the Balkans This has been aggravated by Greece's economic collapse in 2010 and by the ongoing refugee crisis by environmental disasters terrorism and the Macedonian question This book's analysis and assessment of Greek social cultural and political life is trenchant up front and passionate based on the author's belief that one cannot love Greece without also mourning the fault lines in bureaucracy and the dynastic politics which have dominated it since its inception This book features a selection of the author's Letters from Greece from *The Irish Times* and his *Eye of the Xenos* from the Greek newspaper *Kathimerini* in its entirety in both English and a Greek translation including
