stacked against them and the casualties keep mounting Tensions run high as the perpetrators manage to stay one step ahead of the Hunters and the senseless violence continues No one suspects betrayal from within until Gabi's pets unmask a traitor But the traitor isn't the real threat and the war has only just begun This time their nemesis isn't playing by any rules and no one is safe in this deadly new game Not even the Master Vampire of the City As the undeniable chemistry between Gabi and Julius reignites they realise the danger isn't only to the human population of the City but threatens to overwhelm them all What they finally uncover brings Gabi into very real conflict with the SMV Council and leaves her questioning her life long allegiances Not all monsters come in obvious monster packages and sometimes what you're fighting to protect is what you should be fighting against Not everyone will walk away from this fight intact Strap in hang on and grab a breath while you can All hell is about to break loose The Hellcat series is one wild ride one of the best new series to hit the dark urban fantasy world ever Two words more please Diane Nelson Sand in my Shoes Reviews **Docker Deep Dive** Nigel
