Motorcycle Steven E. Alford, Suzanne Ferriss, 2008-01-03 Easy Rider Motocross Grand Prix James Dean in Rebel Without a Cause The motorcycle is a global icon of untamed freedom symbolizing a daring and reckless lifestyle of adventure Yet there are few books that chronicle how and when this legendary vehicle roared down the open road Motorcycle explores the roots of the rebel s ultimate ride After early incarnations as a nineteenth century steam powered bicycle and multi wheeled vehicles the

modern motorcycle came into its own as a cheap mobile military asset during World War I. From there it rapidly spread through modern culture as a symbol of rebellion and subversive power. *Motorcycle* tracks the symbolic role that the bike has played in literature, art, and film. The authors also investigate the international subcultures that revolve around the motorcycle and scooter. They chart the emergence of American biker culture in the 1950s when decommissioned fighter pilots sought new ways to satiate their desire for thrill and danger and explore how the motorcycle came to represent the untamed nonconformity of the American West. In contrast, smaller scooters such as the Vespa and moped became the utilitarian vehicle of choice in space-starved metropolises across Europe and Asia. Ultimately, the authors argue the motorbike is the exemplary Modernist object dependent on the perfect balance of man and machine. An unprecedented and wholly engrossing account, *Motorcycle* is an essential reading for the Harley Davidson roadhog bike collector or anyone who's felt the power of the unmistakable king of the road. *Charlotte True Crime Series* Cathy Pickens, 2020-09-14 A thrilling account of a hundred years of sensational and sinister deeds that marked and shaped one southern town. Crimes that captivated attention in the Charlotte area over the years run the gamut from missing people to the wrongly accused. This collection of headline stories features violent motorcycle gangs, crusading mothers, a fraudster who claimed a president was poisoned by his wife, a serial killer who broke all the rules, and even a man who made Bigfoot. With a mystery novelist's ear for a good tale, Cathy Pickens presents more than a century of sensational, sinister deeds that marked this diverse and dynamic city.

About Criminals Mark Pogrebin, 2011-12-09 This book presents students with recent and important research on criminal behavior. The articles in this anthology, all based on actual field studies, provide the reader with a realistic portrayal of what actual offenders say about crime and their participation in it. The offenders' voices, along with the researchers' analyses, offer students a real-life view of what, how, and why various criminals behave the way they do. Organized Crime Klaus von Lampe, 2015-07-16 *Organized Crime: Analyzing Illegal Activities, Criminal Structures, and Extra-legal Governance* provides a systematic overview of the processes and structures commonly labeled organized crime, drawing on the pertinent empirical and theoretical literature primarily from North America, Europe, and Australia. The main emphasis is placed on a comprehensive classificatory scheme that highlights underlying patterns and dynamics rather than particular historical manifestations of organized crime. Esteemed author Klaus von Lampe strategically breaks the book down into three key dimensions: 1. illegal activities; 2. patterns of interpersonal relations that are directly or indirectly supporting these illegal activities; and 3. overarching illegal power structures that regulate and control these illegal activities and also extend their influence into the legal spheres of society. Within this framework, numerous case studies and topical issues from a variety of countries illustrate the meaningful application of the conceptual and theoretical discussion. **Live to Ride** Wayne Johnson, 2010-06-15 *Live to Ride* is pure adrenaline, a full-throttle exploration of motorcycles that pushes to the limit with heart-pounding accounts of riding the greatest bikes of all time all over the world. Wanna bes West Side Story Witness Protection programs and youth gangs **Outlaw Bikers and Ancient Warbands** Carl Bradley, 2021-10-13 This book is the first to compare the shared cultural tenets of ancient warbands and outlaw biker gangs. It argues that the values of hyper masculinity can be traced from the former into the contemporary environment of the latter: codes of honour, loyalty and bravery have prioritised small groups of males over women and other men, creating a history of hyper masculinity that shows little sign of stopping. Indeed, *Outlaw Bikers and Ancient Warbands: Hyper Masculinity and Cultural Continuity* argues that such hyper masculine culture can be found in many male groups such as the police, military and sports, and that if we want to understand hyper masculinity and face it as a society, then we need to recognize that outlaw bikers are a reflection of behavior that has a very long tradition. This pioneering work explores these issues from ancient times and into the future.
