## **How To Prove Christianity Is Not True:**

*How to Prove that Christianity is Not True* Paige Turner, 1992-01-01      **Christianity is Not Great** Hector Avalos, 2014

In this new anthology critiquing Christianity John Loftus a former minister and now a leading atheist has brought together an outstanding group of respected scholars who focus on the harms caused by the world's leading religion. The contributors begin by dissecting the many problematic aspects of religious faith generally. They repeatedly demonstrate that with faith as a foundation almost anything can be believed or denied. And almost any horrific deed can be committed. The authors then take a good hard look at many of the most important political, institutional, scientific, social, and moral harms committed in the name of Christianity. These range from the historical persecutions of the Inquisition and witch hunts to the current health hazards of faith healing. Finally, the authors answer three common Christian retorts to criticisms from nonbelievers: 1 that atheists cannot judge a harmful action without an objective moral standard, 2 that atheists need faith to solve the world's problems, and 3 that atheists cannot live a good life without faith. Loftus and the contributors generally conclude that given both the well-documented historical record and ongoing problems raised by the faith, Christianity decisively fails empirical tests of its usefulness to humanity.

*An Attempt to Prove God* Chris Koch, 2008-03

At some point in life you have questioned and doubted the existence of a higher power. Maybe you also question Jesus and the reliability of the Bible. Although you may never completely prove a belief in any of these, *An Attempt to Prove God* can bring you really close. Get rid of those doubts as you discover God through the different channels presented inside these pages.

**Blessed Assurance? A Demonstration That Christian Fundamentalism Is Simply False** Michael Tenenbaum, 2007-07

BLESSED ASSURANCE is a powerful and compelling book. Biblical errors are discussed with understanding of how Christian apologists and theologians think and respond. Extra attention is given to errors that are undeniable. I had yet to encounter several of them elsewhere. Tenenbaum's treatment is in depth yet readable. By the time you're done with the chapters on doctrine, it will be clear that biblical Christianity is incoherent at its core. This book is as valuable for its communicating style and process of thinking as it is for the potent case it makes. It will help atheists better understand how Christians think and what sort of points are most likely to get thru to them. It will help Ex-Christians to reinforce their conclusion that the faith is false. It will help Christians to grow out of their faith or perhaps strengthen it despite an avalanche of evidence. **STRONGLY RECOMMENDED**

**The Christian Doctrine Paradox** Philip Joel Walls, 2020-10

The atheist, the agnostic, and the devout religious alike each and every one of us must at some point come to address these universal questions: Why are we here? How did we get here? What is the meaning of life? Why are there so many divisions in our Christian churches? Why are so many people deceived by a multitude of worldly religions? How do we witness a true Christian faith to the religions and philosophies of the world? So many questions at so great a cost for the wrong answers. This book, *The Christian Doctrine Paradox*, is the perfect illustration.
