How To Rapidly Develop Psychic Ability:

Develop Your Psychic Abilities Litany Burns, 1989-09-01 We are all born with psychic abilities and use them every day whether knowingly or not The skill is in recognizing those abilities and knowing how to cultivate them to understand our innate potential In *Develop Your Psychic Abilities* world renowned clairvoyant and medium Litany Burns will guide you step by step in simple but powerful techniques that will allow you to work toward realizing your own vast psychic potential You will learn to Listen to your gut response and trust your intuition Communicate with your spirit guides Sense the presence of nonphysical energy Explore eight different psychic abilities Remember your dreams and understand their deeper meanings In this book Litany Burns will help you exercise your psychic muscle and help you develop a richer and fuller life by developing a balanced relationship between your body and spirit *Your Psychic Powers and how to Develop Them* Hereward Carrington, 1920 *How to Develop your Occult Powers* Swami Panchadasi, 2021-08-24 In preparing this series of lessons for students of Western lands I have been compelled to proceed along lines exactly opposite to those which I would have chosen had these lessons been for students in India This because of the diametrically opposite mental attitudes of the students of these two several lands The student in India expects the teacher to state positively the principles involved and the methods whereby these principles may be manifested together with frequent illustrations generally in the nature of fables or parables serving to link the new knowledge to some already known thing The Hindu student never expects or demands anything in the nature of proof of the teachers statements of principle or method in fact he would regard it as an insult to the teacher to ask for the same Consequently he does not look for or ask specific instances or illustrations in the nature of scientific evidence or proof of the principles taught He may ask for more information but solely for the purpose of bringing out some point which he has not grasped but he avoids as a pestilence any question seeming to indicate argument doubt of what is being taught him or of the nature of a demand for proof or evidence The Western student on the other hand is accustomed to maintaining the skeptical attitude of mind the scientific attitude of doubt and demand for proof and the teacher so understands it Both are accustomed to illustrations bringing out the principles involved but these illustrations must not be fanciful or figurative they must be actual cases well authenticated and vouched for as evidence In short the Western teacher is expected to actually prove to his students his principles and methods before he may expect them to be accepted This of course not from any real doubt or suspicion of the veracity or ability of the teacher but merely because the Western mind expects to question and be questioned in this way in the process of teaching and learning Consequently in this series of lessons I have sought to follow the Western method rather than the Hindu So far as is possible I have avoided the flat positive statement of principles and methods and have sought to prove each step of the teaching Of course I have been compelled to assume the existence of certain fundamental principles in order to avoid long and technical metaphysical and philosophical discussions I have also had to content myself with the positive flat assertion of the existence of the Astral Plane Akashic

Records Prana etc which are fundamental postulates of Hindu philosophy and occult science for these are established solely by the experience of those who are able to function on the higher planes themselves But beyond this I have sought to prove by direct and positive evidence adapted to the Western mind every step of my teaching and methods *Llewellyn's Truth About Psychic Powers* Donald Michael Kraig, 2024-11-06 Open yourself to the powerful reality of psychic phenomena Written by a leading expert The Truth About Psychic Powers lays bare the facts in a straightforward objective and provocative light Uncover the truth about Psychic development Hypnosis Witchcraft Astrology Auras Past life regressions Cults The Art of Psychic Reiki Lisa Campion, 2018-10-01 From master Reiki teacher Lisa Campion comes The Art of Psychic Reiki a one of a kind step by step guide for learning the sacred art of Reiki while cultivating the psychic and intuitive skills crucial to this healing energy work Reiki is a gentle yet powerful hands on energy healing method from Japan that s been gaining in popularity over the last century not only with bodyworkers and massage therapists in the West but also with medical professionals who can attest to its healing power Born from the author s decades of experience with Reiki healing and her own methods The Art of Psychic Reiki provides everything you need to know about this healing art including the critical psychic development and empathy training that prepares healers to go out and do the work they were meant to do If you re drawn to the healing art of Reiki you might be a highly sensitive person with high levels of empathy intuition and latent psychic abilities a combination of intuition and inner knowing plus the ability to connect with higher wisdom And since Reiki is a form of energy healing many new practitioners may experience what s called a psychic opening as they learn or practice For this reason it s important that every Reiki practitioner master the ability to navigate their empathic and psychic sensitivities while engaged in this work and this book can help Whether you re new to Reiki or you re a practitioner seeking to deepen your knowledge and enhance your skills with this guide you ll learn how to use Reiki to heal yourself and others cultivate and trust your natural intuition develop your empathic and psychic abilities work with your spirit guides and ground and protect yourself as a practitioner of this sacred healing art Psychic Development: Enhance Your Life Experience Dayanara Blue Star, Thank you f r choosing this f n t ti guid Psychic D v l m nt Enhance Y ur Life Experience Th uniqu thing about hi bilit i th t it n t a bl k and white t l nt that you ith r have r u don t M t l h v t l t some psychic power within th m whether th r gniz it r not Th n d t learn the b i f hi d v l m nt for beginners To understand how psychic w r w rk it is h l ful t u n n l g Think of psychic bilit lik musical talent M t l h v m d gr f rti ti bilit v n if it i minuscule Some l r born with great mu i l titud whil th r r l tiv l tone deaf But while th inb rn ability i a factor th bigger d t rmin nt i h w hard you x r i ur t l nt nd r ti Let s get started Black Dawn William Blackwell, 2019-04-02 Buy this New Release now and save After May 15 release date price increases to 3 99 USD Saul Climer is a down on his luck alcoholic Dwindling finances the isolation of country living a souring romance and a lurid love affair with the bottle all drive him into a pit of depression and reckless abandon As he s dragged deeper into the black void of despair he realizes his chilling nightmares are not only becoming more vivid he s

Little, Lora Little, John Van Auken,2006-02 From the ancient Akashic Records renowned psychic Edgar Cayce gives an amazingly detailed and fascinating vision into the legendary world of Atlantis and its extraordinary people The section on the people and places of Atlantis is exclusive to Cayce's visions into this celebrated paradise Cayce's readings describe the powerful crystal the flying machines that could soar through the air under water and out into space the energy generators that harnessed the sun's rays and channeled them into building a magnificent country of luxury wealth and peace Cayce's discourses describe how the Atlanteans rejuvenated their bodies regularly allowing them to live hundreds of years longer than we do today But he also tells of how this great culture fell from grace and power destroying itself and its continent in the process In a strangely prophetic discourse Cayce says that many ancient Atlanteans are reincarnating in the world today bringing with them both the good and evil of that ancient land Drs Gregory and Lora Little and John Van Auken present this story in an absorbing narrative of the legends of Atlantis and the latest discoveries in the ongoing search for remnants of the lost continent The book contains over a hundred illustrations some never published before Included in the story of Atlantis are vignettes of the forgotten lands of Mu and Lemuria the legend of Lilith and Amilias Plato's history and strange creatures of Atlantean lore This book includes a complete description of and update on the three Atlantean record caches that Edgar Cayce identified and the modern day explorations seeking to find these lost halls of the ancient records Back cover
