The Day Hope and History Rhymed in East Timor Pat Walsh, 2019-07-24 In 1999 in a remote corner of the world something almost miraculous happened After 500 years of colonialism the political stars finally aligned and the people of Timor Leste written off as losers in the face of irreversible odds successfully voted for freedom Twenty years on Pat Walsh remembers the day like it was yesterday In this colourful collection of stories about Timor Leste he also draws on his many years living in Dili to recall with wry affection the city's traffic roosters and a motley array of characters The latter range from a Norwegian bishop to a cockfight promoter an Australian called Dagg a honey seller a cat with only six lives a girl called Menahaha and two intellectual giants whose contributions to their human rights are largely unknown in Timor Leste Believing that the past is a friend to lean on not an enemy he also takes the opportunity to remind the Indonesian military of their failings But in the same vein he also laments the futile loss of Indonesian lives the damage to Indonesia's dignity and the subversion of the rules based international order that marked the 24 year occupation Written with touches of humour *The Day Hope and History Rhymed in East Timor* is a personal insightful and sometimes whimsical set of narratives that fills a gap between the academic and the trivial on this endearing but improbable new nation

The Art of Brasília Sophia Beal, 2020-01-29 People from outside of Brasília often dismiss Brazil's capital as socially divided boring corrupt and emotionally cold Apparently its founders created not a vibrant capital but a cultural wasteland However as Sophia Beal argues Brasília's contemporary artists are out to prove the skeptics wrong These twenty first century artists are changing how people think about the city and animating its public spaces They are recasting Brasília as a vibrant city of the

arts in which cultural production affirms a creative right to the city Various genres prose poetry film cultural journalism music photography graffiti street theater and street dance play a part Bras lia s initial 1960s art was state sanctioned carried out mainly by privileged white men In contrast the capital s contemporary art is marked by its diversity challenging norms about who has a voice within the Bras lia art scene This art demystifies the capital s inequities and imagines alternative ways of inhabiting the city
