

# 7 Steps to Starting Your Own Business

by Candice Landau

## Step 1. Personal Evaluation

Why do you want to start a business? Is it money, freedom, creativity, or some other reason?

## Step 2. Analyze the Industry

Who will buy your product or service? Who would be your competitors? How much money will you need to start?

## Step 3. Make it Legal

Name your business. Register it. Get the proper business license and permits. Check into your insurance needs.

## Step 6. Set Up Shop

Find a location. Negotiate leases. Buy inventory. Get the phones installed. Have stationery printed. Hire staff. Set your prices. Throw a "Grand Opening" party.

## Step 5. Get Financed

Most small businesses begin with private financing from credit cards, personal loans, help from the family, etc.

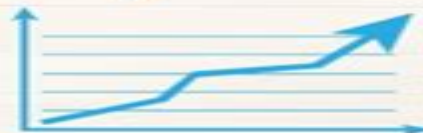

## Step 4. Write a Business Plan

Define your strategy, tactics and specific activities for execution, including key dates, deadlines and budgets, and cash flow

## Step 7. Trial and Error

Expect mistakes. Be open-minded and creative. Adapt. Look for opportunities and above all, have fun!

Rachel Bridge,2012-08-30 Do you dream of starting your own business but don't have any money What if you could set up a venture with nothing but a good business idea and the determination to make it work It's an appealing idea particularly in the current economic climate where no one has cash to spare and austerity rules the day In fact studies show that more people start businesses during recessions than at any other time The good news is that it can be done provided you follow a few golden rules Based on Rachel Bridge's popular workshops this book will help set you on the way to success As the former Enterprise Editor for the Sunday Times Rachel has interviewed hundreds of successful entrepreneurs Join her on her journey as she starts up her very own enterprise [entrepreneurthings.com](http://entrepreneurthings.com) and covers all the ups and downs she encounters while giving examples along the way of how real life entrepreneurs have coped with the same problems that beset everyone in business at some point **How to Start and Run a B&B, 4th Edition** Stewart Whyte,2018-02-15 Owning a B B is the dream of many More and more people are considering downshifting Buying a property that can pay for its own upkeep and give you a comfortable lifestyle is a popular option Not only has the interest grown in becoming a B B proprietor so has the interest by the public in the B B as a viable short break option With this rise in popularity however come expectations and this is where this book comes in It will help you Determine who your customers are Manage the necessary financial tools Ready your house for B B service or help you buy build a new one Successfully market your property Ensure you make a profit from your enterprise In short everything you need to know to make your B B a truly special place to stay This book has been written for would be and current B B owners It can be used as a short course giving invaluable insights for the experienced and inexperienced alike **FCS Construction Plumbing L3** Peter Lague,2007 [Resources in Education](#),1988 [FCS Concrete Structures L3](#) Philip Harold Perkins,1976 [Business Idea Fundamentals](#) James David Rockefeller, Many people tend to rely on and mindlessly keep other people for good business ideas Successful business ideas are often formulated on the back of diligent and brave men people who rely on for futuristic similar results Many individuals follow the road into denial until they will find only fierce competition because many businesses have already utilized their credibility there Frequently they can make the situation difficult for a new entrant but with the help of their businesses within their niche If you rely on for business the best recommendation is for you to look around for a result This means looking for groups of people who have the same result or have a specific need Your opportunity then is to find a solution to the result and turn it into a product or service that will be effective in serving the people Your business must aim to give your customers as much value as possible and keep them happy Your role is to create something which will bring them in and keep them engaged by offering them On you have them in the front door keep them inside by giving them as much value as possible but to keep a database of them so that you can provide them with any updates and to relay your customers Email preferred because there is not associated with sending out mail and it's a simple way to get the message out to many of your customers from the push

for a business in an already established niche market. Think of ways to differentiate your business from the crowd. Give your clients more value for their time and dollars. A very important thing that I would highly suggest to take into consideration is giving away as much free value as possible. Find a way to give as much free and valuable content to your customers as you can. This will help you in becoming an authority and in building greater relationships with your customers. Therefore, the content bears witness to the usefulness of the content. Bill Gates Content King Content is now cash and any business that gives your business financial help.
