Farrington, 2014-02-14 About half of all incoming ninth graders in urban districts will fail classes and drop out of school without a diploma Failing at School starts with the premise that urban American high schools generate such widespread student failure not because of some fault of the students who attend them but because high schools were designed to stratify achievement and let only the top performers advance to higher levels of education This is particularly true for low income racial ethnic minority students To get different results Farrington proposes fundamental changes based on what we now know about how students learn what motivates them to engage in learning and what kinds of educational systems and structures would best support their learning

The Surest Way to Academic Success Joseph A. Ante, 2022-04-05 Every student adult or young is expected to excel academically which is one of the primary purposes of the overall education programs Students who have failed or performed poorly at one time or the other usually lamented over their condition In the process so many of them attributed their failures or poor performances to many factors such as lack of financial support genetic inheritance parental educational background and many other factors On the contrary students motive toward their academic performance is fundamental their attitude and mindset toward success Like every other endeavor education requires discipline goal setting a determination to succeed and most importantly a positive attitude Wealth does not buy real knowledge it only optimizes knowledge acquisition That is what I had in mind when I divided this book into two sections Section 1 discusses poor students motives the problems while section 2 discusses positive academic attitudes that will lead to success the solutions This book is written solely on personal experiences with quotations to illustrate and expose the readers to intellectual realities **An Administrator's Guide to**
