Eisenhower Kennedy And The United States Of Europe:

Eisenhower, Kennedy, and the United States of Europe Pascaline Winand, 1993-01-01 During the Eisenhower and Kennedy years key American policy makers considered European unity as a potential element of stability and prosperity for the West and as a factor of strength for the Atlantic Alliance These policy makers were part of a unique network of American and European friends and colleagues who co conspired to further the cause of European integration Using a wide range of official and private papers as well as interviews with many of the participants in the events this book assesses the impact of American Europeanists on U S foreign policy under Eisenhower and Kennedy Dr Winand convincingly demonstrates the decisive impact the United States has had in shaping post war Europe and provides definitive analyses of the key issues and events of the period the birth of Euratom and the European Economic Community the Free Trade Area Negotiations the O E C D British membership in the Community the idea of an Atlantic partnership between equals and the story of the ill fated Multilateral Force Eisenhower Kennedy and the United States of Europe will quickly come to be seen as a centrally important work on this defining period in modern European history BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *Britain's Failure to Enter the European Community, 1961-63* George Wilkes, 2013-05-13 The essays collected here outline a number of factors which made the EC too young to be able to assimilate Britain's important interests and the British over optimistic in their approach to negotiations with the Community The role of conflict over Western strategy and European political union in the breakdown of the negotiations is re assessed and the negotiations over agriculture and the Commonwealth are revealed in an entirely new light *The United States and Europe in the Twentieth Century* David Ryan, 2016-02-17 The relationship between the US and Europe in the 20th century is one of the key considerations in any understanding of international relations international history during this period David Ryan first sets the context by looking at the trends and traditions of America's foreign relations in the 19th century and then considers the changing nature of America's vision of Europe from 1900 to the present The book examines America's response to and involvement in the two World Wars including the structure of international power after the First World War and American reaction to the rise of Nazi Germany American European relations during the Cold War 1945 1970 are discussed and Ryan considers the contentious debate that America was trying to establish an empire by invitation Finally the book looks at the ever increasing unification of Europe and how this has affected America's role and influence *The Eisenhower Presidency, 1953-1961* Richard Damms, 2016-09-17 This seminar study examines the Eisenhower presidency The author argues that the presidency marked an important stage in the evolution of modern America but left a decidedly mixed legacy for future presidents Domestically Eisenhower pursued a middle way Imbued with a profound distrust of politics and politicians Eisenhower sought as much as possible to concentrate public policy making in the hands of an enlightened elite of public and private experts Internationally Eisenhower's policies exacerbated the nuclear arms race institutionalised the Cold War and

extended the East West struggles to new arenas in the Third World This new account offers an up to date synthesis of this newly emerging literature and reviews Eisenhower s record from the mishandling of the Civil Rights movement to the escalation of the arms race and the intensification of the Cold War The McNamara Ascendancy, 1961-1965 Lawrence S. Kaplan, Ronald Dean Landa, Edward J. Drea, 2006 A narrative history and assessment of the early years of Robert McNamara s tenure as Secretary of Defense including McNamara s relationship with Presidents Kennedy and Johnson the transformation of the Department of Defense as a part of Kennedy s New Frontier and the Pentagon s handling of the Cuban Missile Crisis Bay of Pigs episode and onset of the Vietnam War along with other major national security events and developments during a turbulent and momentous period of the Cold War Fuller description is on the dust jacket flaps *History of the Office of the Secretary of Defense* Steven L. Rearden, 1984 The United States and Europe After the Cold War John William Holmes, 1997 As a former U S diplomat in Europe John W Holmes watched the North Atlantic Treaty Organization NATO fulfill its purpose with the disintegration of the Soviet Union In *The United States and Europe after the Cold War* he explores the possibilities for future transatlantic relations in light of NATO s ebbing usefulness Finding that a basis still exists for an alliance between the United States and the European Union Holmes sets forth a comprehensive plan for establishing an association as long lasting and profitable as the one now drawing to a close Holmes advocates a solid foundation for the alliance one that approaches a formal economic union He lists key considerations for the construction of a new effective relationship including the growing impatience of Americans and Europeans with substantial U S military contingents in Europe the changing nature of intra European relations and the need for a distribution of power more equitable than that of NATO **Eisenhower** P G. Boyle, 2015-11-17 Eisenhower is the president who established America as a superpower He had already launched his reputation as the leading US military figure in the Second World War and then as supreme commander of the land forces of the newly created NATO This book looks at how Eisenhower held power in the political field and to what extent his political career was a success This text is ideal for undergraduate courses in 20th Century American History and American Studies The Road to a United Europe Ann-Christina L. Knudsen, 2009 Papers from the Second International RICHIE Conference held in Copenhagen Denmark in December 2006 *Eisenhower and Adenauer* Steven Brady, 2010-01-01 This book addresses the US West German alliance in the 1950s during which time Dwight Eisenhower was in the White House and Konrad Adenauer in the Federal Chancery This is a unique multi lateral multi archival work that analyzes the dilemmas and ultimate successes of the Cold War alliance that was most crucial for Western Europe during the early years of the Cold War *America and Europe Adrift* Sotiris Rizas, 2022-01-11 This book provides a comprehensive review of the transatlantic relationship between the United States and Europe from the 1989 fall of the Berlin Wall to the Trump administration It highlights the primary factors that test the U S Europe relationship *America and Europe Adrift* highlights the background of the German unification and the reaffirmation of NATO as the framework of U S presence in Europe after

the end of the Cold War the NATO enlargement the Transatlantic Rift in the context of the Iraq War the economic aspects of transatlantic relations specifically the rise of Germany's weight in international affairs as a result of the European Monetary Union and the gradual retrenchment of U S power It focuses on the enduring factors that threaten the transatlantic relationship during the 21st century while also suggesting how that relationship will likely survive through the United States continued provision of indispensable security to the rest of the Western world This book is an essential resource for students of transatlantic relations graduates in international politics and international history security studies and strategic studies and foreign policy practitioners

European Identity and the Second World War Menno Spiering, Michael Wintle, 2011-03-08 The two concepts at the centre of this book Europe and the Second World War are constantly changing in public perception Now that Europe is an even more contested idea than ever this volume informs the current discourse on European identity by analysing Europe's reaction to the tragedy heroism and disgrace of the Second World War

Atlantic, Euratlantic, Or Europe-America? Giles Scott-Smith, 2011

International History of the Twentieth Century and Beyond Anthony Best, 2008 This major global history of the twentieth century is written by four prominent international historians for first year undergraduate level and upward Using their thematic and regional expertise the authors cover events in Europe Asia the Middle East Africa and the Americas from the last century and beyond Among the areas this book covers are the decline of European hegemony over the international order the diffusion of power to the two superpowers the rise of newly independent states in Asia and Africa the course and consequences of the major

European Integration Since the 1920s Mark Hewitson, 2024-10-14 Brexit populism and Euroscepticism seem to have challenged old assumptions about European integration and raised the prospect of disintegration This book re-examines why the European Union and its forerunners were created and investigates how and why they have changed It links contemporary events to historical explanation arguing that there were long term sets of conditions dating back to the 1920s which pushed European governments to cooperate economically and to try to resolve their diplomatic differences The failure of the French and German governments to create what Aristide Briand had called a European federal union demonstrated both the precariousness of the enterprise and its connection to the domestic politics of European states After 1945 the unexpected advent of a Cold War and the military diplomatic and economic presence of the United States in Europe facilitated the gradual development of habits of cooperation and institutional integration but they also placed limits on European governments activities as did disagreements between political parties and the expectations of citizens As a consequence supranational bodies such as the European Commission have been accompanied and often overshadowed by intergovernmental institutions such as the European Council with the EU as a whole functioning in important respects as a type of confederation The volume addresses a series of large scale historical questions which are integral to an understanding of the European Union It asks how and why citizens of member states have identified with the EU how

matters of security affected the development of the European Community during and after the Cold War whether economic and social convergence have taken place and with what consequences and why European institutions have come to function as they have The study is thematic focusing on the most important aspects of European integration and explaining why member states have decided to carry out or have consented to the unique experiment of the European Union

Globalizing de Gaulle Christian Nuenlist, Anna Locher, Garret Martin, 2010-04-27 French President Charles de Gaulle 1958 1969 has consistently fascinated contemporaries and historians His vision conceived out of national interest of uniting Europe under French leadership and overcoming the Cold War still remains relevant and appealing De Gaulle's towering personality and his challenge to US hegemony in the Cold War have inspired a vast number of political biographies and analyses of the foreign policies of the Fifth Republic mostly from French or US angle In contrast this book serves to rediscover de Gaulle's global policies how they changed the Cold War Offering truly global perspectives on France's approach to the world during de Gaulle's presidency the 13 well matched essays by leading experts in the field tap into newly available sources drawn from US European Asian African and Latin American archives Together the contributions integrate previously neglected regions actors and topics with more familiar and newly approached phenomena into a global picture of the General's international policy making The volume at hand is an example of how cutting edge research benefits from multipolar and multi archival approaches and from attention to big middle and smaller powers as well as institutions

Atlantis Lost Sebastian Reyn, 2010 Summary Contents Part 1 Separate worlds different visions Chapter One From the Atlantic to the Urals De Gaulle's European Europe and the United States as the ally of ultimate recourse Chapter Two The Atlantic Community in American foreign policy An ambiguous approach to the Cold War alliance Part II Dealing with De Gaulle Chapter Three Organizing the West Eisenhower Kennedy and de Gaulle's Tripartite memorandum proposal 1958 1962 Chapter Four Of Arms and Men Kennedy De Gaulle and military strategic reform 1961 1962 Chapter Five Whose kind of Europe Kennedy's tug of war with de Gaulle about the Common Market 1961 1962 Chapter Six The Clash Kennedy and de Gaulle's Rejection of the Atlantic Partnership 1962 1963 Chapter Seven The demise of the last Atlantic project LBJ and De Gaulle's attack on the multilateral force 1963 1965 Chapter Eight De Gaulle throws down the gauntlet LBJ and the crisis in NATO 1965 1967 Chapter Nine Grand Designs Go Bankrupt Conclusions **Harold Wilson and European Integration**

Oliver J. Daddow, 2016-01-20 Harold Wilson's direction of the second British application to join the EEC is ripe for reinterpretation With new and exciting material now available in the Public Record Office and abroad this is an extremely propitious moment to reconsider Wilson's motivations and to contextualise them in light of evidence on foreign policy making contained in the official record America, the EU and Strategic Culture Asle Toje, 2008-01-31 This book examines

transatlantic security relations after the Cold War and how this has influenced the development of an EU strategic culture

Global Europe Christopher Piening, 1997 Piening head of the European Parliament's interparliamentary relations

division for non European countries provides a succinct overview of all the EU s external activities during the 40 some years of its existence and of the impact European integration has come to have far beyond the EU s borders Seven detailed appendices include lists of key trade provisions of the EC treaty Title V and principal commission delegations outside the EU

The book delves into Eisenhower Kennedy And The United States Of Europe. Eisenhower Kennedy And The United States Of Europe is a vital topic that needs to be grasped by everyone, ranging from students and scholars to the general public. This book will furnish comprehensive and in-depth insights into Eisenhower Kennedy And The United States Of Europe, encompassing both the fundamentals and more intricate discussions.

1. This book is structured into several chapters, namely:
 - Chapter 1: Introduction to Eisenhower Kennedy And The United States Of Europe
 - Chapter 2: Essential Elements of Eisenhower Kennedy And The United States Of Europe
 - Chapter 3: Eisenhower Kennedy And The United States Of Europe in Everyday Life
 - Chapter 4: Eisenhower Kennedy And The United States Of Europe in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, the author will provide an overview of Eisenhower Kennedy And The United States Of Europe. The first chapter will explore what Eisenhower Kennedy And The United States Of Europe is, why Eisenhower Kennedy And The United States Of Europe is vital, and how to effectively learn about Eisenhower Kennedy And The United States Of Europe.
 3. In chapter 2, this book will delve into the foundational concepts of Eisenhower Kennedy And The United States Of Europe. The second chapter will elucidate the essential principles that must be understood to grasp Eisenhower Kennedy And The United States Of Europe in its entirety.
 4. In chapter 3, this book will examine the practical applications of Eisenhower Kennedy And The United States Of Europe in daily life. The third chapter will showcase real-world examples of how Eisenhower Kennedy And The United States Of Europe can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of Eisenhower Kennedy And The United States Of Europe in specific contexts. This chapter will explore how Eisenhower Kennedy And The United States Of Europe is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about Eisenhower Kennedy And The United States Of Europe. This chapter will summarize the key points that have been discussed throughout the book.
- This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Eisenhower Kennedy And The United States Of Europe.
