Clifford Lane

Francisco Nieva Postmodernist:

Francisco Nieva and Postmodernist Theatre Francis Komla Aggor, 2005 Francisco Nieva and Postmodernist Theatre will engage with and advance the debate on the viability of postmodernist theatre in general by presenting the works of Francisco Nieva as a bona fide postmodernist theatre formulated on avant garde foundations The study will also redefine the existing historical boundaries of literary postmodernism by asserting Spain's role in shaping that history through the 1940s neo avant garde Movement Postismo The author argues that Postismo is the earliest systematic manifestation in the Iberian Peninsula of literary postmodernism as we know it a fact often ignored on account of Franco's suppression of it and that Nieva is not only Postismo's chief proponent but also the only legitimate postist playwright

Postmodernity in Spanish Fiction and Culture Yaw Agawu-Kakraba, 2010-10-15 Postmodernity in Spanish Fiction and Culture is a compelling study that combines elements of cultural studies and literary studies in order to present an integrated cultural representation of the emergence of a postmodern social constitution of contemporary Spain Marking a sweeping reposition from earlier works about postmodernity and postmodernism in Spain Postmodernity in Spanish Fiction and Culture makes a strong connection between postmodernity as social and economic conditions that are the result of unique features of a Spain of the 20th and 21st century and postmodernism as life style experiences that manifest new cultural and artistic practices of the 1980s and beyond The study examines postmodernity by relating it to those exclusive social and cultural experiences that are patently Spanish the movida desencanto immigration globalization and terrorism and concludes that by virtue of Spain's unique socio cultural economic and political history not only does the country emerge as one of the most postmodern of all European nations but also that the conditions that define the country's evolution from the mid 1980s to the present constitute a distinctively authentic postmodernity

Francisco Nieva: Coronada y el toro Komla Aggor, 2021-10-22 *Coronada y el toro* Coronada and the Bull is a play written in 1974 by Francisco Morales Nieva 1924-2016 a prominent figure in the history of Spanish theatre Even though the aesthetic quality of his drama competed with that of his contemporaries with many of whom he interacted Ionesco Genet Brecht Grotowski et al Nieva's recognition was unduly delayed within Spain and on the international scene his name remains eclipsed by playwrights such as Federico García Lorca and Antonio Buero Vallejo Traditionalist and populist yet cosmopolitan and neo avant garde Nieva began writing plays in the late 1940s but never got the chance to perform any on the commercial stage until 1976 a few months after the death of General Francisco Franco whose censorship machine forced his work underground Hard to subject to any single classification Nieva's theatre is as complex as it is innovative in its combination of resources from a wide range of artistic trends from the gótico to the Baroque to postmodernism *Coronada y el toro* is a sophisticated masterpiece rich in intertextuality humour and suspense

The Cultural Politics of Twentieth-Century Spanish Theater Carey Kasten, 2012-02-16 The Cultural Politics of Twentieth Century Spanish Theater argues that twentieth century artists used the Golden Age Eucharist plays called autos

sacramentales to reassess the way politics and the arts interact in the Spanish nation's past and present and to posit new ideas for future relations between the state and the national culture industry The book traces the phenomenon of the twentieth century auto to show how theater practitioners revisited this national genre to manifest different oftentimes opposing ideological and aesthetic agendas It follows the auto from the avant garde stagings and rewritings of the form in the early twentieth century to the Francoist productions by the Teatro Nacional de la Falange to postmodern parodies of the form in the era following Franco's death to demonstrate how twentieth century Spanish dramatists use the auto in their reassessment of the nation's political and artistic past and as a way of envisioning its future **Francisco Nieva** José-Luis Calvo Carilla, 2005

World Literature in Spanish Maureen Ihrie, Salvador Oropesa, 2011-10-20 Containing roughly 850 entries about Spanish language literature throughout the world this expansive work provides coverage of the varied countries ethnicities time periods literary movements and genres of these writings Providing a thorough introduction to Spanish language literature worldwide and across time is a tall order However World Literature in Spanish An Encyclopedia contains roughly 850 entries on both major and minor authors themes genres and topics of Spanish literature from the Middle Ages to the present day affording an amazingly comprehensive reference collection in a single work This encyclopedia describes the growing diversity within national borders the increasing interdependence among nations and the myriad impacts of Spanish literature across the globe All countries that produce literature in Spanish in Europe Africa the Americas and Asia are represented covering both canonical authors and emerging contemporary writers and trends Underrepresented writings such as texts by women writers queer and Afro Hispanic texts children's literature and works on relevant but less studied topics such as sports and nationalism also appear While writings throughout the centuries are covered those of the 20th and 21st centuries receive special consideration **Comparative Criticism: Volume 24, Fantastic Currencies in Comparative Literature: Gothic to Postmodern** E. Allegories of Dissent Sharon G. Feldman, 1998 *Allegories of Dissent* the first book devoted to the literature of Agustín Gómez Arcos is a case study of the relationship between art and oppression

It positions his theater in relation to the historical trajectories of twentieth century Spanish and European drama and in so doing traces the allegorical strategies and thematic transformations that emerge in his work during the course of his radical move from censored artist to bilingual exile Gomez Arcos s threefold experience with censorship exile and bilingualism has left a lasting imprint on his literary production As he embarks on an artistic journey from censored playwright living in dictatorial Spain to bilingual exile writer residing in democratic France his gradual employment of the French language comes to allegorize his quest for freedom of expression El teatro de Francisco Nieva Juan Francisco Peña Martín,2001

Censorship in Spain, 1931-1985 Catherine O'Leary,Michael Thompson,2023-05-15 This is a comprehensive study of the impact of censorship on theatre in twentieth century Spain It draws on extensive archival evidence vivid personal testimonies and in depth analysis of legislation to document the different kinds of theatre censorship practised during the Second Republic 1931-6 the civil war 1936-9 the Franco dictatorship 1939-75 and the transition to democracy 1975-85 Changes in criteria administrative structures and personnel from these periods are traced in relation to wider political social and cultural developments and the responses of playwrights directors and companies are explored With a focus on censorship new light is cast on particular theatremakers and their work the conditions in which all kinds of theatre were produced the construction of genres and canons as well as on broader cultural history and changing ideological climate all of which are linked to reflections on the nature of censorship and the relationship between culture and the state **Novels and Plays of Eduardo**

Resina,Dieter Ingenschay,2018-08-06 Criticism on the textual and iconographic construction of the city is extensive yet the problem of historical change in representations of the urban has received little attention Believing traditional accounts are limited by their reflection of a specific historical moment Joan Ramon Resina and Dieter Ingenschay focus by contrast on transition In essays written for this volume scholars of literary and visual studies the history of architecture cultural theory and urban geography explore the ways perceptual or conceptual paradigms of the city supersede or replace others while at the same time retaining the after image of what went before The writers touch on a wide variety of issues related to contemporary urban cultures as they journey through cities including New York Barcelona Madrid Paris Tijuana Berlin and London Drawing on the work of Roland Barthes Walter Benjamin Camilo José Cela Honoré de Balzac and Alfred Stieglitz their

approach is broadly cultural rather than technical After Images of the City takes into account the intrinsic instability of the image and reveals that representations of the modern metropolis cannot be fixed in time and history
