Franklin's Ancient Mound:

Franklin's Ancient Mound Barbara A. McRae,1993 The Mound Builder Myth Jason Colavito,2020-02-20 Say you found that a few dozen people operating at the highest levels of society conspired to create a false ancient history of the American continent to promote a religious white supremacist agenda in the service of supposedly patriotic ideals Would you call it fake news In nineteenth century America this was in fact a powerful truth that shaped Manifest Destiny The Mound Builder Myth is the first book to chronicle the attempt to recast the Native American burial mounds as the work of a lost white race of true native Americans Thomas Jefferson s pioneering archaeology concluded that the earthen mounds were the work of Native Americans In the 1894 report of the Bureau of American Ethnology Cyrus Thomas concurred drawing on two decades of research But in the century in between the lie took hold with Presidents Andrew Jackson William Henry Harrison and Abraham Lincoln adding their approval and the Mormon Church among those benefiting Jason Colavito traces this monumental deception from the farthest reaches of the frontier to the halls of Congress mapping a century long conspiracy to fabricate and promote a false ancient history and enumerating its devastating consequences for contemporary Native people Built upon primary sources and first person accounts the story that The Mound Builder Myth tells is a forgotten chapter of American history but one that reads like the Da Vinci Code as it plays out at the upper reaches of government religion and science And as far fetched as it now might seem that a lost white race once ruled prehistoric America the damage done by this ancient myth has clear echoes in today s arguments over white nationalism multiculturalism alternative facts and the role of science and the control of knowledge in public life **Explorations of the Aboriginal Remains of**

Cashin,2007-02-04 In Travels the celebrated 1791 account of the Old Southwest William Bartram recorded the natural world he saw around him but rather incredibly omitted any reference to the epochal events of the American Revolution Edward J Cashin places Bartram in the context of his times and explains his conspicuous avoidance of people places and events embroiled in revolutionary fervor Cashin suggests that while Bartram documented the natural world for plant collector John Fothergill he wrote Travels for an entirely different audience Convinced that Providence directed events for the betterment of mankind and that the Constitutional Convention would produce a political model for the rest of the world Bartram offered Travels as a means of shaping the new country Cashin illuminates the convictions that motivated Bartram that if Americans lived in communion with nature heeded the moral law and treated the people of the interior with respect then America would be blessed with greatness **History of Madison**
