Franz Rosenzweig His Life And Thought:

Franz Rosenzweig Franz Rosenzweig, Nahum Norbert Glatzer, 1998-01-01 Franz Rosenzweig was a prominent figure in the development of Jewish existentialism and a major influence on the work Emil Fackenheim amongst others This work offers an array of significant texts and presents Rosenzweig's life in an informative way **Franz Rosenzweig** Franz

Rosenzweig, Nahum Norbert Glatzer, 1961 A reprint of the Schocken Books edition of 1961 *Franz Rosenzweig*, 1998

Franz Rosenzweig Franz Rosenzweig, 1970 *Franz Rosenzweig His Life and Thought*, 1961 *Franz Rosenzweig*, 1972 **Franz Rosenzweig** Emil L. Fackenheim, 1953* *Rosenzweig's Message*, *Franz Rosenzweig's Conversions* Benjamin Pollock, 2014-08-12 Franz Rosenzweig's near conversion to Christianity in the summer of 1913 and his subsequent decision three months later to recommit himself to Judaism is one of the foundational narratives of modern Jewish thought In this new account of events Benjamin Pollock suggests that what lay at the heart of Rosenzweig's religious crisis was not a struggle between faith and reason but skepticism about the world and hope for personal salvation A close examination of this important time in Rosenzweig's life the book also sheds light on the full trajectory of his philosophical development

Franz Rosenzweig's Philosophy of Existence E.R. Freund, 2013-04-17 The *Star of Redemption* which presents Franz Rosenzweig's system of philosophy begins with the sentence from death vom Tode from the fear of death originates all cognition of the All and concludes with the words into life This beginning and this conclusion of the book signify more than the first and last words of philosophical books usually do Taken together from death into life they comprise the entire meaning of Rosenzweig's philosophy The leitmotif of this philosophy is the life and death of the human being and not the I of philosophical idealism where man ultimately signifies for ethics no more than a point to which it ethics relates its problems as for science also he man is only a particular case of its general laws I Rosenzweig deals with the individual's actual existence that which is terminated by death he speaks of the individual's hic et nunc of his actions and decisions in the realm of concrete reality This philosophy is not an exposition of theoretical principles It is not concerned with man in general in abstract time but rather with the individual human being designated by a proper name living in his particular time Human existence in its finiteness and temporalness forms the focus in which Rosenzweig's motif can be gathered together *Essays in Jewish Thought* Nahum Glatzer, 2009-02 Examines and explores diverse topics of Jewish thought and history A fascinating and eclectic collection of twenty-two essays *Essays in Jewish Thought* examines and explores diverse topics of Jewish thought and history From Judaism's view of ancient Rome at its imperial apogee and the Dead Sea Scrolls to Jewish thought in Europe's revolutions of 1848 and Franz Kafka the collection offers a rich compendium of essays of interest to scholars historians philosophers and students **Yale Companion to Jewish Writing and Thought in German Culture, 1096-1996** Sander L. Gilman, 1997-01-01 This work provides a history of Jewish writing and thought in the German speaking world Written by 118 scholars in the field the book is arranged chronologically moving from the 11th century to the present

Throughout it depicts the contribution that Jewish writers have made to German culture and at the same time explores what it means to the other within that mainstream culture

The Memoirs of Nahum N. Glatzer Michael Fishbane, Judith Glatzer Wechsler, 1997-12-31 The geographic spiritual and intellectual journeys of Nahum N Glatzer 1903 1990 prolific scholar Brandeis University professor and editor of the Schocken publishing house reveal a rich cultural ambiance that no longer exists as well as a breadth of perspective and learning that remains enviable in our time This collection of 78 memoir entries written as a document for his family offers personal glimpses of Nahum Glatzer which complement his scholarship Episodes and vignettes in chronological sequence recount the decisive events of his travels from Bodenbach to Boston and from strict Orthodoxy to a more historical cultural and aesthetic understanding of Judaism Anecdotal and at times humorous accounts of some of the many outstanding personalities Glatzer knew and interacted with including Martin Buber and Franz Rosenzweig two of the leading German Jewish thinkers of the twentieth century Glatzer also relates a variety of his experiences and expressions of faith both personal and social The events themselves become moments of religious psychology or theological insight For Glatzer as for Rosenzweig the world was transformed by speech and the realities brought into existence through it Michael Fishbane s detailed introduction sets these memoirs from the final decades of Glatzer s life in the context of his life and work A preface by Judith Glatzer Wechsler offers personal reflections on the character of her father and his work

Humanity Divided Manuel Duarte de Oliveira, 2021-09-20 With exacting scholarship and fecund analysis Manuel Oliveira probes through the lens of Martin Buber 1878 1965 the theological and political ambiguities of Israel s divine election These ambiguities became especially pronounced with the emergence of Zionism Wary indeed alarmed by the tendency of some of his fellow Zionists to conflate divine chosenness with nationalism Buber sought to secure the theological significance of election by both steering Zionism from hypertrophic nationalism and by a sustained program to revalorize what he called alternately Hebrew Humanism As Oliveira demonstrates Buber viewed the idea of election teleologically espousing a universal mission of Israel which effectively calls upon Zionism to align its political and cultural project to universal objectives Thus in addressing a Zionist congress he rhetorically asked What then is this spirit of Israel of which you are speaking It is the spirit of fulfillment Fulfillment of what Fulfillment of the simple truth that man has been created for a purpose Our purpose is the upbuilding of peace And that is its spirit the spirit of Israel the people of Israel was charged to lead the way to righteousness and justice

Gendering Modern Jewish Thought Andrea Dara Cooper, 2021-11-02 The idea of brotherhood has been an important philosophical concept for understanding community equality and justice In Gendering Modern Jewish Thought Andrea Dara Cooper offers a gendered reading that challenges the key figures of the all male fraternity of twentieth century Jewish philosophy to open up to the feminine Cooper offers a feminist lens which when applied to thinkers such as Franz Rosenzweig and Emmanuel Levinas reveals new ways of illuminating questions of relational ethics embodiment politics and positionality She shows that patriarchal kinship as models

of erotic love brotherhood and paternity are not accidental in Jewish philosophy but serve as norms that have excluded women and non normative individuals Gendering Modern Jewish Thought suggests these fraternal models do real damage and must be brought to account in more broadly humanistic frameworks For Cooper a more responsible and ethical reading of Jewish philosophy comes forward when it is opened to the voices of mothers sisters and daughters

Reading the Church Fathers Morwenna Ludlow, Scot Douglass, 2011-04-28 Reading the corpus of texts written by the Fathers of the Church has always been a core area in Christian theology However scholars and academics are by no means united in the question how these important but difficult authors should be read and interpreted Many of them are divided by implicit but often unquestioned assumptions about the best way to approach the texts or by underlying hermeneutical questions about the norms limits and opportunities of reading Ancient Christian writers This book will raise profound hermeneutical questions surrounding the reading of the Fathers with greater clarity than it has been done before The contributors to this volume are theologians and historians who have used contemporary post modern approaches to illuminate the Ancien corpus of texts The chapters discuss issues such as What makes a good reading of a church Father What constitutes a responsible reading Is the reading of the Fathers limited to a specialist audience What can modern thinkers contribute to our reading of the Fathers

Paradigms in Jewish Philosophy Raphael Jospe, 1997 Jewish Philosophy is multicultural and multidisciplinary marking the convergence of Jewish and non Jewish cultures and the interaction of the philosophic method with Jewish thought This book examines the writings of several paradigms in Jewish philosophy loyal to the teachings of Jerusalem and eager for the wisdom of Athens

Holiness in Jewish Thought Alan L. Mittleman, 2018-01-26 Holiness is a challenge for contemporary Jewish thought The concept of holiness is crucial to religious discourse in general and to Jewish discourse in particular Holiness seems to express an important feature of religious thought and of religious ways of life Yet the concept is ill defined This collection explores what concepts of holiness were operative in different periods of Jewish history and bodies of Jewish literature and offers preliminary reflections on their theological and philosophical import today The contributors illumine some of the major episodes concerning holiness in the development of the Jewish tradition They are challenged to think about the problems and potential implicit in Judaic concepts of holiness to make them explicit and to try to retrieve the concepts for contemporary theological and philosophical reflection Not all of the contributors push into philosophical and theological territory but they all provide resources for the reader to do so Holiness is elusive but it need not be opaque This volume makes Jewish concepts of holiness lucid accessible and intellectually engaging

Dialogical Thought and Identity Ephraim Meir, 2013-11-27 In discussion with Martin Buber Franz Rosenzweig Abraham Joshua Heschel Franz Fischer and Emmanuel Levinas Ephraim Meir outlines a novel conception of a selfhood that is grounded in dialogical thought He focuses on the shaping of identity in present day societies and offers a new view on identity around the concepts of self transcendence self difference and trans difference Subjectivity is seen as the concrete possibility of relating

to an open identity which receives and hosts alterity Self difference is the crown upon the I it is the result of a dialogical life a life of passing to the other The religious I is perceived as in dialogue with secularity with its own past and with other persons It is suggested that with a dialogical approach one may discover what unites people in pluralist societies In Exile Jessica Dubow,2020-11-12 In In Exile Jessica Dubow situates exile in a new context in which it holds both critical capacity and political potential She not only outlines the origin of the relationship between geography and philosophy in the Judaic intellectual tradition but also makes secular claims out of Judaism s theological sources Analysing key Jewish intellectual figures such as Walter Benjamin Isaiah Berlin and Hannah Arendt Dubow presents exile as a form of thought and action and reconsiders attachments of identity history time and territory In her unique combination of geography philosophy and some of the key themes in Judaic thought she has constructed more than a study of interdisciplinary fluidity She delivers a striking case for understanding the critical imagination in spatial terms and traces this back to a fundamental if forgotten exilic pull at the heart of Judaic thought
