A Franz Kafka Miscellany Franz Kafka, Harry Slockower, Edwin Muir, G. Humphreys-Roberts, Sophie Probaum (tr), 1964
A Franz Kafka Miscellany Franz Kafka, 1949 **A Franz Kafka Miscellany** Franz Kafka, Harry Slockower, 1946
Representative Short Story Cycles of the Twentieth Century Forrest L. Ingram, 2012-05-02 No detailed description available for *Representative Short Story Cycles of the Twentieth Century* **The National Union Catalog, Pre-1956 Imprints** Library of Congress, American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee, 1973 **The Urge to Live** Phillip H. Rhein, 2020-05-01 This is a penetrative and perceptive comparison of two of the most discussed novels of the twentieth century Beginning with Camus own appraisal of Kafka s work the study convincingly analyzes the authors fictive creations Rhein is particularly intrigued by the function of time in the two authors works as well as their use of irony and the existentialist themes evident in their characters pursuits Through this exploration of theme and narrative devices the author reveals these works as a reflection of the intellectual climate of twentieth century Europe *The Nonconformists* Brian K. Goodman, 2023-06-20 How risky encounters between American and Czech writers behind the Iron Curtain shaped the art and politics of the Cold War and helped define an era of dissent In some indescribable way we are each other s continuation Arthur Miller wrote of the imprisoned Czech playwright V clav Havel After a Soviet led invasion ended the Prague Spring many US based writers experienced a similar shock of solidarity Brian Goodman examines the surprising and consequential connections between American and Czech literary cultures during the Cold War connections that influenced art and politics on both sides of the Iron Curtain American writers had long been attracted to Prague a city they associated with the spectral figure of Franz Kafka Goodman reconstructs the Czech journeys of Allen Ginsberg Philip Roth and John Updike as well as their friendships with nonconformists like Havel Josef kvoreck Ivan Kl ma and Milan Kundera Czechoslovakia meanwhile was home to a literary counterculture shaped by years of engagement with American sources from Moby Dick and the Beats to Dixieland jazz and rock n roll Czechs eagerly followed cultural trends in the United States creatively appropriating works by authors like Langston Hughes and Ernest Hemingway sometimes at considerable risk to themselves *The Nonconformists* tells the story of a group of writers who crossed boundaries of language and politics rearranging them in the process The transnational circulation of literature played an important role in the formation of new subcultures and reading publics reshaping political imaginations and transforming the city of Kafka into a global capital of dissent From the postwar dream of a Czechoslovak road to socialism to the neoconservative embrace of Eastern bloc dissidence on the eve of the Velvet Revolution history was changed by a collision of literary cultures *Humor in Franz Kafka's Works* Harry Solomon Losk, 1954 **The Penguin Complete Short Stories of Franz Kafka** Franz Kafka, 1983 *Richard Wright* Michel Fabre, 1990 This bibliography of Richard Wright s library and reading serves as a key to understanding the development philosophies and aesthetics of this great writer and provides

accurate information for the study of intertextuality in his works Richard Wright born in Mississippi in 1908 was largely self taught His only formal schooling was high school As he recounts in *Black Boy* he used a white friend's library card at the Memphis Public Library where blacks were not allowed That books were almost living companions for Wright is easily understandable Through books and later through relationships with writers he broadened his perspectives his understanding of society and the very craft of writing In the history of Richard Wright perhaps more than with other writers a knowledge of what he actually read and of what authors he preferred is essential in explaining his intellectual development Michel Fabre Wright's biographer and foremost Wright scholar details the volumes in Wright's library and the facts of Wright's reading habits This listing of books that formed and influenced him includes second hand books he bought while living in extreme poverty in Chicago some borrowed books never returned books purchased in New York and Paris books Wright deemed required reading for a growing novelist gift books and others in a comprehensive list on such subjects as contemporary American literature classic European works criminology psychiatry and social sciences In compiling this listing Fabre goes beyond the actual contents of Wright's library for he includes also titles drawn from references in Wright's works and from accounts of people who knew him and his reading habits Included also is an appendix that collects for the first time reviews written by Wright his prefaces forewords and blurbs They show his appreciation of diverse genres and styles although his ideological commitment remained the same In them one sees Wright as an author ready to help younger writers black and white American and French
