**To Govern Is to Serve** Jacques Dalarun, 2023-02-15

To Govern Is to Serve explores the practices of collective governance in medieval religious orders that turned the precepts of the Gospels most notably that the first will be last the last will be first into practices of communal deliberation and the election of superiors Jacques Dalarun argues that these democratic forms have profoundly influenced modern experiences of democracy in particular the idea of government not as domination but as service Dalarun undertakes meticulous textual analysis and historical research into twelfth and thirteenth century religious movements from Fontevraud and the Paraclete of Abelard and Heloise through St Dominic and St Francis that sought their superiors from among the less exalted members of their communities to chart how these experiments prefigured certain aspects of modern democracies those allowing individuals to find their way forward as part of a collective Wide ranging and deeply original To Govern Is to Serve highlights the history of the reciprocal bonds of service and humility that underpin increasingly fragile democracies in the twenty first century

The Five Wounds of Saint Francis Rev. Fr. Solanus M. Benfatti, 2011-09-30 Many saints have borne the stigmata wounds resembling those of Christ's crucifixion While some of those saints have written about their experience little is known of the personal experience of the first of all saints to brandish this extraordinary sign Francis of Assisi They were and have remained his carefully guarded secret In The Five Wounds of Saint Francis author Fr Solanus Benfatti CFR explores the significance of this miraculous event in the Saint's life through careful analysis of pertinent medieval literature and recent scholarly studies He establishes the historicity of the event which has been called into question and draws surprising and inspiring conclusions leaving the reader with a afresh understanding of Saint Francis's spiritual experience

**Francis of Assisi** Augustine Thompson, 2012-03-21 Among the most beloved saints in the Catholic tradition Francis of Assisi c 1181 1226 is popularly remembered for his dedication to poverty his love of animals and nature and his desire to follow perfectly the teachings and example of Christ During his lifetime and after his death followers collected for their own purposes numerous stories anecdotes and reports about Francis As a result the man himself and his own concerns became lost in legend In this authoritative and engaging new biography Augustine Thompson O P sifts through the surviving evidence for the life of Francis using modern historical methods The result is a complex yet sympathetic portrait of the man and the saint Francis emerges from this account as very much a typical thirteenth century Italian layman but one who when faced with unexpected crises in his personal life made decisions so radical that they challenge his own society and ours Unlike the saint of legend this Francis never had a unique divine inspiration to provide him with rules for following the teachings of Jesus Rather he spent his life reacting to unexpected challenges before which he often found himself unprepared and uncertain The Francis who emerges here is both more complex and more conflicted than that of older biographies His famed devotion to poverty is found to be more nuanced than expected perhaps not even his principal spiritual concern Thompson revisits

events small and large in Francis's life including his troubled relations with his father his contacts with Clare of Assisi his encounter with the Muslim sultan and his receiving the Stigmata to uncover the man behind the legends and popular images A tour de force of historical research and biographical writing Francis of Assisi A New Biography is divided into two complementary parts a stand alone biographical narrative and a close annotated examination of the historical sources about Francis Taken together the narrative and the survey of the sources provide a much needed fresh perspective on this iconic figure As I have worked on this biography Thompson writes my respect for Francis and his vision has increased and I hope that this book will speak to modern people believers and unbelievers alike and that the Francis I have come to know will have something to say to them today *The Capuchins* Father Cuthbert (O.S.F.C.),1929 **Romola** George Eliot,1906

Medieval Ethiopian Kingship, Craft, and Diplomacy with Latin Europe Verena Krebs, 2021-03-17 This book explores why Ethiopian kings pursued long distance diplomatic contacts with Latin Europe in the late Middle Ages It traces the history of more than a dozen embassies dispatched to the Latin West by the kings of Solomonic Ethiopia a powerful Christian kingdom in the medieval Horn of Africa Drawing on sources from Europe Ethiopia and Egypt it examines the Ethiopian kings motivations for sending out their missions in the fifteenth and early sixteenth centuries and argues that a desire to acquire religious treasures and foreign artisans drove this early intercontinental diplomacy Moreover the Ethiopian initiation of contacts with the distant Christian sphere of Latin Europe appears to have been intimately connected to a local political agenda of building monumental ecclesiastical architecture in the North East African highlands and asserted the Ethiopian rulers claim of universal kingship and rightful descent from the biblical king Solomon Shedding new light on the self identity of a late medieval African dynasty at the height of its power this book challenges conventional narratives of African European encounters on the eve of the so called Age of Exploration

**Saint Francis of Assisi** Theo H. Zweerman, Edith Goorbergh (A.C. van den), 2007 However interesting and important the stories by his contemporaries are there is no better place to discover the most profound inspiration of Saint Francis of Assisi than in his own writings These prayers poems proverbs rules and letters are a gold mine for those who wish to delve into his thoroughly biblical spirituality He reveals himself in them as being someone who was permanently touched and marked by his encounter with Christ In brief the seeker of God who considered his fellow creatures as his brothers and sisters someone who even these days still exerts an unequalled magnetism due to his radical following of Christ However this does not mean that his biblically inspired radiance does not need to be translated to the challenges of modern life This is because the eight centuries separating us from him form a wide chasm In a small way this book endeavours to contribute to the actualisation of Francis charisma a freely chosen life style characterised by having no possessions as well as by courageous service and courteous respect to others What can his biblical art of living signify for the modern individual who jealously guards his or her freedom in a world marked by excessive planning and omnipresent technology and who at the same time is usually not quite sure for whom or

for what he or she is actually free      **Frate Francesco** Carlo Bottero, Stefano Brufani, Flavia De Sanctis, Cristina Roccaforte, 2014 For eight centuries the presence and the influence of Francis's life and deeds have made themselves felt in the history of Christianity and in that of the rest of humanity too Published for the 2014 exhibition Friar Francis Traces Words Images held at the headquarters of the United Nations in New York a place that hosts a variety of cultural events every day and is itself a symbol of peace the volume is a tribute to the figure of Francis extraordinary man and saint and it is a rare occasion of great scientific and cultural value to approach and get to know Francis through ancient and unique manuscripts from the Library of the Sacro Convento di San Francesco in Assisi They are the oldest papal records and manuscripts that directly concern the saint from Assisi his writings his life the development of the religious order he founded

**A History of the Suppressed Convent of San Michele Alla Doccia Sotto Fiesole, Florence** Eugenia Levi, 1911

**The Gaze and the Labyrinth** Gaetana Marrone, 2021-09-14 In this the first comprehensive book on Liliana Cavani Gaetana Marrone redraws the map of postwar Italian cinema to make room for this extraordinary filmmaker whose representations of transgressive eroticism spiritual questing and psychological extremes test the limits of the medium pushing it into uncharted areas of discovery Cavani's film *The Night Porter* 1974 created a sensation in the United States and Europe But in many ways her critically renowned endeavors which also include *Francesco di Assisi* *Galileo* *I cannibali* *Beyond Good and Evil* *The Berlin Affair* and several operas and documentaries remain enigmatic to audiences Here Marrone presents Cavani's work as a cinema of ideas showing how it takes pleasure in the telling of a story and ultimately revolts against all binding ideological and commercial codes The author explores the rich visual language in which Cavani expresses thought and the cultural icons that constitute her style and images This approach affords powerful insights into the intricate interlacing of narrated events We also come to understand the importance assigned to the gaze in the genesis of desire and the acquisition of knowledge The films come to life in this book as the classical tragedies Cavani intended where rebels and madmen experience conflict between historical and spiritual reality the present and the past Offering intertextual analyses within such fields as psychology history and cultural studies along with production information gleaned from Cavani's personal archives Marrone boldly advances our understanding of an intriguing important body of cinematic work      **The Fifth Crusade in Context** E.J. Mylod, Guy Perry, Thomas Smith, Jan Vandeburie, 2016-10-14 The Fifth Crusade represented a cardinal event in early thirteenth century history occurring during what was probably the most intensive period of crusading in both Europe and the Holy Land Following the controversial outcome of the Fourth Crusade in 1204 and the decrees of the Fourth Lateran Council in 1215 Pope Innocent III's reform agenda was set to give momentum to a new crusading effort Despite the untimely death of Innocent III in 1216 the elaborate organisation and firm crusading framework made it possible for Pope Honorius III to launch and oversee the expedition The Fifth Crusade marked the last time that a medieval pope would succeed in mounting a full scale genuinely international crusade for the recovery of the Holy Land yet despite its

significance it has largely been neglected in the historiography The crusade was much more than just a military campaign and the present book locates it in the contemporary context for the first time The Fifth Crusade in Context is of crucial importance not only to better understand the organization and execution of the expedition itself but also to appreciate its place in the longer history of crusading as well as the significance of its impact on the medieval world
