## **Free Pages And Hard Times Anarchist Musings:**

**Free Pages and Hard Times** Manuel González Prada, 2003-03-13 Manuel González Prada was a powerful Peruvian writer and political reformer whose essays and speeches influenced generations of young radicals. He founded the Party of National Unity in 1891, was linked to the anarchist movement, and served as Director of the National Library from 1912 to 1914. His writings have had enormous impact on the literary and political life of Peru, taking up the defense of exploited indigenous people, broadsiding the landowning oligarchy, and denouncing the social and political errors of the country. In fact, the radical politics Prada advocated then are still alive and relevant today: Modernization, secularization of Peru, transformation of a nation through its people, promotion of internationalism, universalism versus overt patriotism, communitarianism, and condemnation of war. This translation is based on the *Obras* of González Prada, edited by Luis Alberto Sánchez. It includes essays, speeches, and polemical writings drawn from two of Prada's only books of prose published during his lifetime: *Páginas Libres* and *Horas de Lucha*, in addition to unpublished manuscripts and works previously printed in newspapers and magazines. His writings are gathered thematically under the subheadings: Peruvian Problems, Anarchy, and Philosophical, Literary, and Linguistic Problems. *Free Pages and Other Essays* Manuel González Prada, 2003. His writings have had enormous impact on the literary and political life of Peru, taking up the defense of exploited indigenous people, broadsiding the landowning oligarchy, and denouncing the social and political errors of the country. [Latin American and Latinx Philosophy](#) Robert Eli Sanchez, Jr., 2019-08-13 *Latin American and Latinx Philosophy: A Collaborative Introduction* is a beginner's guide to canonical texts in Latin American and Latinx philosophy, providing the non-specialist with necessary historical and philosophical context and demonstrating their contemporary relevance. It is written in jargon-free prose for students and professors who are interested in the subject but who don't know where to begin. Each of the twelve chapters, written by a leading scholar in the field, examines influential texts that are readily available in English and introduces the reader to a period, topic, movement, or school that, taken together, provide a broad overview of the history, nature, scope, and value of Latin American and Latinx philosophy. Although this volume is primarily intended for the reader without a background in the Latin American and Latinx tradition, specialists will also benefit from its many novelties, including an introduction to Aztec ethics, a critique of the Latino threat narrative, the legacy of Latin American philosophy in the Chicano movement, an overview of Mexican existentialism, Liberation philosophy, and Latin American and Latinx feminisms, a philosophical critique of indigenism, a study of Latinx contributions to the philosophy of immigration, and an examination of the intersection of race and gender in Latinx identity. [World Literature in Spanish](#) Maureen Ihrie, Salvador Oropesa, 2011-10-20. Containing roughly 850 entries about Spanish language literature throughout the world, this expansive work provides coverage of the varied countries, ethnicities, time periods, literary movements, and genres of these writings. **Education and the State in Modern Peru** G. Espinoza, 2013-12-10 Espinoza s work illuminates how

education was the site of ideological and political struggle in Peru during its early years as an independent state. Spanning 100 years and discussing both urban and rural education, it shows how school funding, curricula, and governance became part of the cultural process of state building in Peru. The Palgrave Encyclopedia of Urban Literary Studies Jeremy Tambling, 2022-10-29. This encyclopaedia will be an indispensable resource and recourse for all who are thinking about cities and the urban and the relation of cities to literature and to ways of writing about cities. Covering a vast terrain, this work will include entries on theorists, individual writers, individual cities, countries, cities in relation to the arts, film, and music, urban space, pre-early and modern cities, concepts and movements, and definitions, amongst others. Written by an international team of contributors, this will be the first resource of its kind to pull together such a comprehensive overview of the field. En la primavera del año 1920, el poeta universitario y anarquista José Domingo Gómez Rojas murió en la Casa de Orates después de dos meses de encarcelamiento, acusado de subversivo. El libro recorre cuatro meses del año 1920 en Santiago y en él interactúan anarquistas y aristócratas, estudiantes y profesores, poetas y policías, fiscales y sindicalistas.

Fiscal capitalism and the dismantling of citizenship in Puno, Peru Hunefeldt, Christine, 2018-01-01. This excellent history of Peru proposes and proves an entirely new thesis on its nineteenth century: the changes in its economy that might have led to a better future were undone by taxes and other demands at the national, provincial, and local levels. The failure of Peru owes a good deal to wartime taxes and local tax farming of the countryside. Professor Christine Hunefeldt does for the mundane issue of taxation what she has already done for Peruvian slavery and women's rights: she writes a new history based on the evolution of a tax structure that changed for the worse over time. This is the work of a first-rate, mature scholar at the height of her powers. The book should sit right beside Nils Jacobsen, Brooke Larson, and Alberto Flores Galindo. Like other recent historians, Hunefeldt rejects the view that the nineteenth century was largely a continuation of Peru's colonial period. She emphasizes the disruptions of independence, which involved international battles as well as numerous regional and intraregional fights. Archive stories beautifully told flesh out the reality in every chapter. Men were conscripted into armies, and their families left to starve without them. Taxes paid once had to be paid again when local offices changed hands. Indians, the most numerous portion of the population in Puno, the area on which Hunefeldt focuses, were often a month at most from complete ruin. Women begging for their sons and husbands to be returned. Traders who had been robbed appealing for justice.
