Global Exchange Reading And Writing In A World Context:

Global Exchange Ann Watters, 2004-06 For courses in Freshman Composition and English Global reader integrates readings images and internet resources and is designed to help students think and write like a global citizen It encourages students to step back to view America and other cultures in a broader context Global Exchange Ann Watters, 2009-01-26 This package contains 0130487627 Global Exchange Reading and Writing in a World Context 0451219058 New American Webster Handy College Dictionary Second Language Writing Instruction in Global Contexts Lisya Seloni, Sarah Henderson Lee, 2019-10-11 This book revisits second language L2 writing teacher education by exploring the complex layers of L2 writing instruction in non English dominant contexts i e English as a foreign language contexts It pushes the boundaries of teacher education by specifically examining the development of teacher literacy in writing in under represented L2 writing contexts and re envisions L2 writing teacher education that is contextually and culturally situated moving away from the uncritical embracement of Western based writing pedagogies It explores and expands on writing teacher education how language teachers come to understand their own writing practices and instruction and what their related experiences are in non English dominant contexts across the globe Chapter 4 is free to download as an open access publication under a CC BY NC ND licence You can access it here <https://zenodo.org/record/7096127/files/YmCsHbMLcs> Ways of the World: A Global History with Sources, For Advanced Placement Robert W. Strayer, 2013-04-19 Ways of the World is the textbook preferred by AP World History teachers and students across North America Like the AP course it supports Ways of the World focuses on significant historical trends themes and developments in world history Author Robert W Strayer provides a thoughtful and insightful synthesis that helps students see the big picture Each chapter then culminates with collections of primary sources written and visual organized around a particular theme issue or question thus allowing students to consider the evidence the way historians do This second edition includes materials and supplements written specifically for the AP course including an AP Skills Primer and AP Chapter Wrap Ups an Annotated Teacher s Edition and more Teaching Sustainability / Teaching Sustainably Kirsten Allen Bartels, Kelly A. Parker, 2023-07-03 Over the coming decades every academic discipline will have to respond to the paradigm of more sustainable life practices because students will be living in a world challenged by competition for resources and climate change and will demand that every academic discipline demonstrate substantial and corresponding relevance This book takes as its point of departure that integrating a component of sustainability into a discipline specific course arises from an educator asking a simple question in the coming decades as humanity faces unprecedented challenges what can my discipline or area of research contribute toward a better understanding of these issues The discipline need not be future oriented an archaeologist for instance could incorporate into a course some aspects of sustainable archaeological practices in areas threatened by rapid climate change as well as examples of sustainable or unsustainable ways of living practiced by members of the long gone society under investigation

This book also argues that courses about sustainability need to cross disciplinary boundaries both because of the inter relatedness of the issues and because students will require the ability to use interdisciplinary approaches to thrive through the multiple careers most of them will face The contributions to this book are presented under four sections Sustainability as a Core Value in Education considers the rationale for incorporating sustainability in disciplinary courses Teaching Sustainability in the Academic Disciplines presents eight examples of courses from disciplines as varied as agriculture composition engineering and teacher education Education as a Sustainable Practice reviews how the physical environment of the classroom and the delivery of instruction need themselves to reflect the values being taught The final section addresses the issues of leadership and long term institutional change needed to embed sustainable practice as a core value on campus

Yun-Casalilla,2014-11-18 Drawing upon economic history cultural studies intellectual history and the history of science and medicine this collection of case studies

examines the transatlantic transfer and transformation of goods and ideas with particular emphasis on their reception in Europe **American Book Publishing Record** ,2003 **The Oxford Handbook of Global Modernisms** Mark Wollaeger,Matt Eatough,2013-10 The Oxford Handbook of Global Modernisms expands the scope of modernism beyond its traditional focus on English and Irish literature to explore the contributions of artists from countries and regions like the US Cuba Spain the Balkans China Japan India Vietnam and Nigeria **The Future of English in Asia** Michael O'Sullivan,David Huddart,Carmen Lee,2015-10-05 This collection is unique in bringing together key thinkers on language and literature to discuss the future of English in Asia Many of the contributors are themselves responsible for important sub genres in English linguistics and literary studies and this collection gives them the opportunity to respond to each other directly The different chapters also respond to different contemporary debates and emerging trends and discourses that are hugely important for the future of English language teaching in schools across Asia This volume is also ground breaking in bringing English literary studies and Applied English Linguistics together in the contemporary Asian context The Future of English in Asia includes studies on the following subject areas Cultural Translation in World Englishes Multilingual Education English Futures and the function of Literature English Literary Studies in Japan and English and Social Media in Asia Well into this century it appears that it is still very difficult to know what to expect when it comes to the future of English The future of English will continue to be determined by complex local contexts As it has in other parts of the world the future of English in Asia will continue to rely on the proliferation of its transformations as much as its hegemonic status This volume reflects the widespread acknowledgement that whatever future English has will inevitably be shaped by its fate in Asia The collection will be a welcome resource for scholars and students of English linguistics English literary studies and topics related to the teaching of English in Asia **African Indigenous Religious Traditions in Local and Global Contexts** Ogungbile, David O.,2015-09-23 This volume honours one of the great scholars of our era Professor Jacob Olupona Although he has conducted significant portions of his career outside of Nigeria he has not separated himself from his colleagues or from interests in religions in Nigeria and elsewhere in Africa His publications and presentations offer the international scholarly community important critical insights into a range of religious activities life ways and ideas originating in Africans and the African Diaspora In spite of the diversity in the thoughts and opinions expressed and equally of the range of disciplines and topics contained in the book one can say that the contributors have developed a shared concern about the role of African Indigenous Religious Traditions in the processes of development and the context within which it development had or is taking place The book guides us to a deep understanding and appreciation of how Africans in their varied situations grapple with existential problems through philosophical ruminations complex ritual processes cultivated memory and organized coping strategies **The Guide to COIL Virtual Exchange** Jon Rubin,Sarah Guth,2023-07-03 This is the authoritative guide to implementing COIL Virtual Exchange conceived and co edited by one of the originators of this

innovative approach to internationalization Jon Rubin COIL the acronym for Collaborative Online International Learning is a central modality of what has come to be known as virtual exchange Since its first iteration in 2002 it has gradually established itself as a mature pedagogy that is being increasingly implemented across the world and is validated by a growing body of research COIL Virtual Exchange at its most essential is a bi lateral online exchange involving the integration of existing courses across two or sometimes more institutions that are geographically and or culturally distinct To launch a COIL VE course the instructor of a class at a higher education institution in one location links online with a professor and his or her class in another region or country Together their students engage and develop joint projects usually over a continuous five to eight week period Compared to the limited number of students worldwide who can engage in study abroad COIL VE potentially opens up more equitable and inclusive participation in international education and intercultural experiences to all students involves them in rigorous disciplinary and interdisciplinary studies and promotes close and constructive engagement with students with different cultural perspectives While many COIL courses are launched by individual instructors based on their research connections and online outreach they are being increasingly supported and led by dedicated COIL Coordinators who facilitate virtual exchanges and provide professional development This comprehensive guide covers COIL VE pedagogy provides examples of what takes place in the COIL classroom and explores what instructors and staff need to know to facilitate and support a variety of COIL courses across the curriculum It addresses how institutional stakeholders especially those in leadership positions can develop and embed a successful COIL initiative at their institution It offers varied perspectives of COIL viewed from different institutional and cultural vantage points from research universities community and technical colleges and university systems and describes how COIL VE is developing in five different world regions presenting eleven case studies The book concludes with a guide to thirteen global organizations that support COIL and other forms of VE Additionally the book provides links to the COIL Connect for Virtual Exchange website <https://coilconnect.org> which includes an updated directory of organizations an expanding database of faculty and institutions participating in COIL and looking for partners course templates survey data and case studies This book offers faculty and administrators across the world whether formally involved in international education in service learning and community engagement or wanting to incorporate a cross cultural perspective in their disciplinary courses theoretical foundations guidance on effective collaboration and the strategic and pedagogical considerations to develop robust COIL VE courses and programs

Global Anglophone Poetry Omaar Hena, 2015-08-05 Poetry's relevancy as a tool for social and political change continues to be overlooked in a global context Looking to writers as diverse as Derek Walcott Paul Muldoon and Daljit Nagra Hena shows that poets throughout the world have reinvigorated older poetic traditions to address political realities and the sweeping pressures of modernity

Digitalizing the Global Text Paul Allen Miller, 2020-01-07 A few years ago globalism seemed to be both a known and inexorable phenomenon With the end of the Cold War the opening of the Chinese economy and the ascendancy of digital technology the prospect of a unified flow of goods and services and of people and ideas seemed unstoppable Political theorists such as Francis Fukuyama proclaimed that we had reached the end of history Yes there were pockets of resistance and reaction but these we were told would be swept away in a relentless tide of free markets and global integration that would bring Hollywood digital finance and fast food to all Religious fundamentalism nationalism and traditional sexual identities would melt away before the forces of modernity and empire A relentless technocratic rationality would sweep all in its wake bringing a neoliberal utopia of free markets free speech and increasing productivity Nonetheless as we have begun to experience the backlash against a global world founded on digital fungibility the perils of appeals to nationalism identity and authenticity have become only too apparent The collapse of Soviet Communism left an ideological vacuum that offered no recognized place from which to oppose global capitalism What is the alternative The anxieties and resentments produced by this new world order among those left behind are often manifested in assertions of xenophobia and particularity This is what it supposedly means to be really American truly Muslim properly Chinese The other is coming to take what is ours and we must defend ourselves Digitalizing the Global Text is a collection of essays by an international group of scholars situated squarely at this nexus of forces Together these writers examine how literature culture and philosophy in the global and digital age both enable the creation of these simultaneously utopian and dystopian worlds and offer a resistance to them A joint publication from the University of South Carolina Press and the National Taiwan University Press

Investigating English Legal Genres in Academic and Professional Contexts Girolamo Tessuto, 2013-01-11 This volume contributes to the latest studies in legal discourse studies by presenting a descriptive and interpretive analysis of English legal genres used in academic and professional writing contexts The results of corpora driven data are discussed through meta discourse genre and other theoretical perspectives and offer insights into the ways the writers discursive practices and meanings shape their membership of the legal community and discipline The volume attempts to show these id

A Companion to the Translation of Classical Epic Richard H. Armstrong, Alexandra Lianeri, 2025-03-10 The first volume of its kind to integrate trends in Translation Studies with Classical Reception Studies A

Companion to the Translation of Classical Epic provides a comprehensive and wide ranging account of key debates and case studies centered the translation of Greek and Latin epics Rather than situating translation studies as a complementary field or an aspect of classical reception the Companion offers a systematic framework for adapting and incorporating translation studies fully into classical studies Its many chapters elaborate how translation is a central element in the epic s reception trajectories across the globe and addresses theoretical and methodological concerns arising from this conjunction The Companion does not just provide a comprehensive overview of the translation theories it covers but also offers fresh insights into theoretical and methodological issues currently at the top of the interdisciplinary agenda of scholars studying the global routes of ancient epic In its sections leading classicists translation theorists classical reception scholars and cultural historians from Europe and North and South America reconfigure questions this research faces today highlighting methods for an integrated approach It explores how this integrated perspective responds to key challenges in the study of the epic s reception emphasizing topics of temporality gender agency community target language politics and material production A special section also features detailed dialogues with active translators such as Emily Wilson Stanley Lombardo and Susanna Braund who speak extensively and frankly about their work This is a key volume for all students and scholars who want to engage with research reflecting the contemporary agenda in classical reception translation studies and the study of epic in its global literary and cultural routes
