Development Policy in the Twenty-First Century Ben Fine, Costas Lapavistas, Jonathan Pincus, 2023-05-09 This excellent book newly available in paperback addresses the growing dissatisfaction with the neo liberal post Washington consensus The concern of the contributors in writing this collection was that this consensus has established itself as a new orthodoxy more powerful and widespread than its predecessor This broad ranging critique explains that without a much broader political economy the consensus is unlikely to provide a coherent framework for successful development policies Development Policy in the 21st Century is unique in its depth and assesses the postures of the new consensus topic by topic whilst posing strong alternatives It will improve and stimulate the reader's understanding of this important area and is required reading for any student academic or interested reader that wishes to understand one of the most important issues in international economics **Water Privatisation** Jeremy Allouche, 2001-10-18 Setting the scene with a thorough

Rethinking Multilateralism in Foreign Aid Viktor Jakupc,Max Kelly,Jonathan Makuwira,2020-04-23 This edited book provides a contemporary critical and thought provoking analysis of the internal and external threats to Western multilateral development finance in the twenty first century It draws on the expertise of scholars with a range of

backgrounds providing a critical exploration of the neoliberal multilateral development aid. The contributions focus on how Western institutions have historically dominated development aid and juxtapose this hegemony with the recent challenges from right wing populist and the Beijing Consensus ideologies and practices. This book argues that the rise of right wing populism has brought internal challenges to traditional powers within the multilateral development system. External challenges arise from the influence of China and regional development banks by providing alternatives to established Western dominated aid sources and architecture. From this vantagepoint *Rethinking Multilateralism in Foreign Aid* puts forward new ideas for addressing the current global social political and economic challenges concerning multilateral development aid. This book will be of interest to researchers academics and students in the field of International Development and Global Governance decision makers at government level as well as to those working in international aid institutions regional and bilateral aid agencies and non governmental organisations.

Corruption and governance in Asia J. Kidd, F. Richter, 2002-11-14 This book delves into the nature of governance in Asia both at government and corporate level. It reviews the history and suggests potential solutions for years of underperformance due to the corrupt practices that have developed because of a poor understanding of corporate governance. The authors are experts in practices in Asia and their views are expressed in a sympathetic manner at no time insisting that a western model of governance is correct. Instead the authors advise local models appropriate to the state of development and suggest that individual countries institute behavioural models that will mature as nations quickly develop in an increasingly global world.

Globalization Greg Buckman, 2013-04-04 This book gives the lie to the claim that globalization is irreversible and irresistible. Greg Buckman argues there are two broad approaches within the anti globalization movement explaining the details of each school's outlook their weaknesses where they disagree their common ground and where they might come together in campaigns.

Bosnia and Herzegovina Francine Friedman, 2013-10-15 First published in 2007 Emerging from communism in the early 1990s the new state of Bosnia and Herzegovina was immediately embroiled in devastating ethnonationalist conflict. Now an international protectorate the choices of its elites may well propel Bosnia either to a stable future integrated into an expanding European entity or to a future filled with insecurity conflict and adversity. This volume assesses current conditions in Bosnia as well as the prospects for stability in a country torn between nationalistic elites on the one hand and the desires of important regional actors for control of Bosnia on the other with a fractious international community overseeing the matter. Friedman controversially denies that the wars of Yugoslavia's dissolution are a necessary product of ancient ethnic hatreds contending that Bosnia and Herzegovina was once the quintessential multi ethnic multireligious community and could be again. Containing chapters on the country's history economics international relations and politics this book will provide social scientists with an accessible overview of

contemporary Bosnia and Herzegovina Alternatives to Economic Globalization John Cavanagh, Jerry Mander, 2004-10-10
The culmination of a five year project by the International Forum on Globalization IFG this book presents an inspiring plan for moving toward more sustainable humanistic models of economic prosperity with an emphasis on citizen democracies local self sufficiency and ecological health *Confronting The Challenges Of The 21st Century - Proceedings Of The Forty-ninth Pugwash Conference On Science And World Affairs* Joseph Rotblat, 2001-10-29 In September 1999 scientists and scholars from around the world concerned with reducing the danger of armed conflict and seeking cooperative solutions to global problems met under the auspices of the Pugwash conferences the Nobel Prize winning organization The proceedings deal with a broad range of issues including a nuclear weapon free world emerging security threats development environment and international governance
