Globalization and Change Berch Berberoglu, 2005-01-01 *Globalization and Change* The Transformation of Global Capitalism explores the capitalist implications of globalization from a critical and historical perspective By looking at the contradictions inherent in globalization this book provides a thorough understanding of the labor issues behind and fight against the capitalist global economy

**America after Empire** Berch Berberoglu, 2022-11-09 After the end of America's longest 20 year war in Afghanistan and Iraq that cost more than 6 trillion and nearly half a million lives what does the future hold for America and the American people in the 21st century In this timely and important book Berch Berberoglu provides an eye opening account of the history of the American Empire from its inception to the present with prospects for its future Examining the worldwide expansion of the American Empire over the course of its turbulent history in great detail Berberoglu assesses America's imperial legacy in a sober way highlighting its failure to come to terms with the enormous cost of this adventure in imperial overreach But Berberoglu sees light at the end of the long dark tunnel when the American people will awaken and lead the way to a new America after empire in the coming decades of the 21st century

*Global Capitalism, Global War, Global Crisis* Andreas Bieler, Adam David Morton, 2018-05-17 This book assesses the forces of social struggle shaping the past and present of the global political economy from the perspective of historical materialism Based on the philosophy of internal relations the character of capital is understood in such a way that the ties between the relations of production state civil society and conditions of class struggle can be realised By conceiving the internal relationship of global capitalism global war global crisis as a struggle driven process the book provides a novel intervention on debates within theories of the international Through a set of conceptual reflections on agency structure and the role of discourses embedded in the economy class struggle is established as our point of departure This involves analysing historical and contemporary themes on the expansion of capitalism through uneven and combined development the role of the state and geopolitics and conditions of exploitation and resistance These conceptual reflections and thematic considerations are then extended in a series of empirical interventions including a focus on the rising powers of the BRICS conditions of the new imperialism and the ongoing financial crisis The book delivers a radically open ended dialectical consideration of ruptures of resistance within the global political economy

**Beyond the Global Capitalist Crisis** Berch Berberoglu, 2016-04-15 The deep economic recession that has occurred in all major sectors of the U S and global economy is a manifestation of the underlying contradictions of the capitalist system that has resulted in the accumulation of vast fortunes on one side and impoverishment debt and destitution on the other In short the crisis of global capitalism is the result of the immense disparities in wealth and income and a consequent widening gap between capital and labor This ground breaking book brings together a team of experts on the contemporary global capitalist political economy who are able to shed light on the inner workings of global capitalism and the capitalist globalization process that has led to the growth and development of capitalism from the national

to the global level with all its fundamental internal dynamics and contradictions operating on a world scale It will make an important contribution to understanding the underlying causes of the current global economic crisis and show the way out of this crisis by way of a powerful critique of the global capitalist system that will ultimately go through a major economic political and social transformation Analysis of the global capitalist crisis raises questions regarding the process of capitalist globalization especially now that neoliberal economic policies have failed Does this signal the end of capitalist globalization and the collapse of the global capitalist system This book will take up these questions and entertain the possibility of a new beginning in the global political economy through an analysis of the next period of post capitalist developments worldwide that may set the stage for the rise of socialism across the globe *Taking Sides* John T. Rourke, 2007 *Taking Sides Clashing Views in World Politics* presents current controversial issues in a debate style format designed to stimulate student interest and develop critical thinking skills Each issue is thoughtfully framed with an issue summary an issue introduction and a postscript An instructor's manual with testing material is available for each volume Using *Taking Sides in the Classroom* is also an excellent instructor resource with practical suggestions on incorporating this effective approach in the classroom Each *Taking Sides* reader features an annotated listing of selected World Wide Web sites *Globalization in the 21st Century* B. Berberoglu, 2010-04-12 This book examines the development and transformation of global capitalism in the late 20th and early 21st century It analyzes the dynamics and contradictions of the global political economy through a comparative historical approach based on class analysis After providing a critical overview of neoliberal capitalist globalization over the past three decades the book examines the emergence of new forces on the global scene and discusses the prospects of change in the global economy in a multi polar direction in the decades ahead The book concludes by focusing on the mass movements that are playing a central role in bringing about the transformation of global capitalism

**Globalization and Beyond** Jon Shefner, María Patricia Fernández-Kelly, 2011 Explores the origins and the reciprocal influences of globalization and the recent economic crisis and suggests what new ideological foundations and geographic regions will be ascendant Provided by publisher **The Transformation of Capacity in International Development** Avidesh K. Mayville, 2019-11-30 *The Transformation of Capacity in International Development* exposes the transformation of capacity within the development discourse through a discursive analysis of USAID projects in Afghanistan and Pakistan between 1977 and 2017 As development agendas increasingly call for human rights approaches to development and the foreign policies of donor states sound alarms over global security threats capacity development has emerged as the solution to the complex problem of development Through this examination of USAID's attempts to build capacity in Afghanistan and Pakistan the book exposes how Western notions of progress constructed by institutions government officials scholars and private sector actors are obscured by the transformation of capacity As agendas are translated into projects they perpetuate historical relationships of global inequality that have corrupted and compete with indigenous models of governance The

Transformation of Capacity in International Development has implications for those considering the future of human rights based approaches to development the international management of global security threats and the sustainability of donor investments

**Taking Sides: World Politics** John T. Rourke, 2006 Presents controversial issues in a debate style format designed to stimulate student interest and develop critical thinking skills This work is framed with an issue summary an issue introduction and a postscript It also includes an instructor s manual with testing material
