Globalization And Its Victims As Seen By Its Victims:

Globalization and Its Victims Michael Amaladoss,1999 This Volume Looks At Globalization From Various Aspects And Perspectives Economic Cultural Religions Social And Psychological **The Global Capitalist Crisis and Its Aftermath** Berch Berberoglu,2016-12-05 Written by a team of experts on the contemporary global capitalist political economy who are able to shed light on the inner workings of global capitalism and the capitalist globalization process that has led to the growth and development of capitalism from the national to the global level this groundbreaking volume provides critical analyses of the causes and consequences of the Great Recession of 2008 2009 Through a careful examination of the origin development and aftermath of the catastrophic economic crisis from which the world is still trying to recover editor Berch Berberoglu and his colleagues demonstrate that those most responsible for the economic collapse are the ones least affected by its devastating impact felt most severely by working people around the world Ultimately this book argues that it is only through the systematic restructuring of the world economy by the working class that society will be able to prevent the boom and bust cycle of global capitalist crises and usher in a more egalitarian socialist economy and society Post Colonialism Subalterns and Community M. Stephen,2015-01-01 This book Post colonialism Subalterns and Community deals with the Issues of the poor and marginalized The issues of the struggling and suffering people like dalits tribes women transgenders migrants and the poor are discussed in this book The empowerment of the Subaltern groups is essential for the progress of any country It brings challenges against the oppressive structures that dehumanize the people This book can also provide some insight into the issues of the transgenders in order that we can evolve a community based on justice and peace

Globalization and Its Victims Michael Amaladoss,1999 **Class and Class Conflict in the Age of Globalization** Berch Berberoglu,2009-01-01 Dealing with a central issue of our time Class and Class Conflict in the Age of Globalization provides a critical analysis of the major theories of social class and inequality and an empirical examination of the development of social classes and class conflict on a global scale historically and today including an understanding of the process of social change and social transformation Globalization and Change Berch Berberoglu,2005-01-01 Globalization and Change The Transformation of Global Capitalism explores the capitalist implications of globalization from a critical and historical perspective By looking at the contradictions inherent in globalization this book provides a thorough understanding of the labor issues behind and fight against the capitalist global economy **The Oxford Handbook of Feminist Theology** Mary McClintock Fulkerson,Sheila Briggs,2012 This volume highlights the relevance of globalization and the insights of gender studies and religious studies for feminist theology It focuses on the changing global contexts for the field and its movement towards new models of theology distinct from the forms of traditional Christian systematic theology and of secular feminism

Beyond the Global Capitalist Crisis Berch Berberoglu,2016-04-15 The deep economic recession that has occurred in all major sectors of the U S and global economy is a manifestation of the underlying contradictions of the capitalist system

that has resulted in the accumulation of vast fortunes on one side and impoverishment debt and destitution on the other In short the crisis of global capitalism is the result of the immense disparities in wealth and income and a consequent widening gap between capital and labor This ground breaking book brings together a team of experts on the contemporary global capitalist political economy who are able to shed light on the inner workings of global capitalism and the capitalist globalization process that has led to the growth and development of capitalism from the national to the global level with all its fundamental internal dynamics and contradictions operating on a world scale It will make an important contribution to understanding the underlying causes of the current global economic crisis and show the way out of this crisis by way of a powerful critique of the global capitalist system that will ultimately go through a major economic political and social transformation Analysis of the global capitalist crisis raises questions regarding the process of capitalist globalization especially now that neoliberal economic policies have failed Does this signal the end of capitalist globalization and the collapse of the global capitalist system This book will take up these questions and entertain the possibility of a new beginning in the global political economy through an analysis of the next period of post capitalist developments worldwide that may set the stage for the rise of socialism across the globe [Seeds of Conflict in a Haven of Peace](#) Frans Wijzen,2007-01-01 On 7 August 1998 the American embassies in Nairobi and Dar es Salaam were bombed and 200 people lost their lives These bombings shattered the image of Africa s tradition of peaceful religious coexistence Since then inter religious dialogue has been high on the agendas of ecclesial and religious organisations but not so much of faculties of theology and departments of religion in East Africa This book investigates why this is so How are interreligious relations dealt with in Africa and more particularly how are they and how should they be taught in institutions of higher learning This book is based on fieldwork in Nairobi from 2001 onwards It shows why Africa s tradition of peaceful co existence is not going to help Africa in the 21st century and recommends a shift in the education in inter religious relations from religions studies to inter religious studies

Mission & Culture: The Louis J. Luzbetak Lectures Stephen B. Bevens,2012 *Michael Amaladoss and the Quest for Indian Theology* Enrico Beltramini,2024-09-17 A Jesuit priest born in the Indian state of Tamil Nadu Michael Amaladoss is one of the most prominent Asian thinkers in the field of interreligious dialogue Bringing his unique perspective toward the nature of God and Christ Christian dialogue with Indian Vedanta and the reconciliation between spirituality and social justice Amaladoss has contributed to the creation of a distinctly Indian pole of Catholic theology without the mediating force of Western culture and philosophy With this book Enrico Beltramini offers an assessment of Amaladoss s thought and an investigation into his main theological concerns [America after Empire](#) Berch Berberoglu,2022-11-09 After the end of America s longest 20 year war in Afghanistan and Iraq that cost more than 6 trillion and nearly half a million lives what does the future hold for America and the American people in the 21st century In this timely and important book Berch Berberoglu provides an eye opening account of the history of the American Empire from its inception to the present with prospects for its

future Examining the worldwide expansion of the American Empire over the course of its turbulent history in great detail Berberoglu assesses America's imperial legacy in a sober way highlighting its failure to come to terms with the enormous cost of this adventure in imperial overreach But Berberoglu sees light at the end of the long dark tunnel when the American people will awaken and lead the way to a new America after empire in the coming decades of the 21st century Fraternity in Christ Jordan Nyenyembe, 2005 News of Boundless Riches Max L. Stackhouse, Lalsangkima Pachuau, 2007 **An Intercultural Theology of Migration** Gemma Cruz, 2010-01-15 Migration has long been associated with the social sciences However as a phenomenon that provides windows into possibly new forms of oppression and at the same time paths toward human liberation a systematic theological look at contemporary migration is long overdue Building on the emerging interest on migration in theology this book presents an intercultural theology of migration drawn from the experience of Filipino women domestic workers in Hong Kong in dialogue with theological ethics and liberationist theologies The result is a new look at the phenomenon of contemporary migration **Anthropophany** Jacob Kavunkal, 2008 *Towards A New Humanity* Kurian Kunnumparam, 2005 *Defining Human Trafficking and Identifying Its Victims* Venla Roth, 2011-12-09 Trafficking in human beings has become a major international concern in the last two decades Trafficking has been subjected to intense political debate and ambitious legal regulation on international regional and national levels Although much has been done to eradicate trafficking and to protect the victims an increasing number of critical voices are emerging the efforts to deal with human trafficking have proved to be more ineffective than anticipated This book seeks explanations to why anti trafficking strategies and activities appear to be so futile and what should be done better for them to achieve their goals with more success Besides the academic audience this study is written for legal practitioners who might come across human trafficking in their work *Asian Synod* Peter C.
