## Glorious Colour:

*Colour in Art, Design & Nature* C. A. Brebbia, C. Greated, M. W. Collins, 2011 This book is ambitiously interdisciplinary and may be divided into four main sections defined in terms of the authors themselves Firstly there are two contributions by biologists Secondly the largest section is by practising artists Thirdly there are two engineering based contributions Finally two contributions address some of the historical proponents of colour theory and art These eleven works in full colour form a striking contribution to the commonwealth of colour studies and to a possible unification of Snow's two cultures Colour and interdisciplinarity go hand in hand This so often involves the authors leaving the comfort zone of their original speciality and striving for excellence in another The personal story of Franziska Schenk is but one good example It seems that our perceptions of aesthetics and beauty must be very flexible indeed as to find absolute opposites equally fascinating If so it goes to show how wonderful are the construction and operation of the human brain Does psychology win in the end Does colour lead to a single culture

*Because of You I Live with My Passions* Di Joseph, 2012-06-14 My name is Diana and after many years I finally understand that I change myself for me because I want to be the person I was meant to be because I still have so much life to live because I can do anything I set my mind to I now understand that trying to change myself to please another person cannot work It may work for a short time but it is not a long term solution I no longer need to be a people pleaser I no longer have to say yes I am learning to say no when that's what I mean I can just be me I am learning at last to be honest Listening to both sides of a story will convince you that there is more to a story than both sides Frank Tyger How true this is My book will give you my side of the story I ask you to accept that my side of the story is told with the honesty of my memories Despite all you will read I finally accept me as I am I ask only that you do the same
