Mediated Nostalgia Ryan Lizardi, 2014-11-06 Considering the current rash of film remakes vintage video game downloads and box sets of bygone television shows media today is obsessed with nostalgia Instead of presenting a past that functions as an adaptive mirror with which we can compare our contemporary situation the past is instead presented as an individualized version that transfixes us as uncritical citizens of our own culture Mediated Nostalgia Individual Memory and Contemporary Mass Media argues that the cultural implication of a cross media eternal return to nostalgia is an increasing reliance on defining who we are as people and societies by what media we consumed as children The unblinking eye toward the past knows no progress or at the very least does not employ the past to compare and adaptively engage with the present or future Examining film literature television and video games Ryan Lizardi tackles the idea of why that strong sense of nostalgia is such a popular tactic for the media industry and why it is problematic

The Political Bubble Mark Latham, 2014-08-01 Australians once trusted the democratic process While we got on with our lives we assumed our politicians had our best interests at heart Not anymore That trust has collapsed Mark Latham joined the Labor Party in the late 1970s hoping to improve people's lives through parliamentary service Twenty five years later the Opposition Leader ended up as disillusioned as the rest of us The scorching honesty of The Latham Diaries ensured he'd burned his political bridges but ostracism from the Canberra Club has its advantages In The Political Bubble Mark Latham is free to explore how parliamentary democracy has lost touch with the people it's supposed to represent As with most institutions at risk politics has become more tribal with left and right wing fanatics dominating formerly robust mainstream parties After the disappointment of the Rudd Gillard years Tony Abbott promised to restore trust in Australian politics but as with most of his promises it was dispensable The Political Bubble looks at the new government's policies how Abbott is adding to distrust not solving the problem What can be done about this democratic deficit Can our parliamentary system realign itself with community expectations or has politics become one long race to the bottom A brilliant analysis of Australia in the era of Tony Abbott and fanatical right wing politics ROBERT

MANNE *Comparing Cabinets* Patrick Moray Weller, Dennis Grube, R. A. W. Rhodes, 2021 Why is cabinet government so resilient Why does it continue to be the vehicle for governing across most parliamentary systems Comparing Cabinets examines the structure and performance of cabinet government in five democracies with a particular focus on the influence of differing traditions beliefs and practices to address these questions

Quarterly Essay 55 A Rightful Place Noel Pearson, 2014-09-01 The nation has unfinished business After more than two centuries can a rightful place be found for Australia's original peoples Soon we will all decide if and how indigenous Australians will be recognised in the constitution In the words of Professor Greg Craven We have a committed prime minister and a committed opposition We have a receptive electorate There will never be a better time We have no choice but to address the question If constitutions deal with fundamental things our indigenous heritage is pretty fundamental In A Rightful Place Noel Pearson shows how the idea of

race was embedded in the constitution and the distorting effect this has had Now there is a chance to change it if we can agree on a way forward Pearson shows what constitutional recognition means and what it could make possible true equality and a renewed appreciation of an ancient culture This is a wide ranging eloquent call for justice an essay of remarkable power that traverses history and culture to make the case for change As long as we have a constitution that characterises Aboriginal and Torres Strait Islander peoples on the basis of race it will have deleterious implications for their citizenship It must be removed This is not just a matter of symbolism I think this will be a matter of psychology The day we come to regard ourselves as people with a distinct heritage with distinct cultures and languages but not of a distinct race will be a day of psychological liberation And it will also be liberating for those in the wider community Noel Pearson A Rightful Place Noel Pearson's searing Quarterly Essay is a watershed moment for this country a call for us to deal with unfinished business that tarnishes our nation a landmark essay Patricia Karvelas The Australian Clarity goodwill flexibility and realism Noel Pearson offers them in abundance Paul Kelly A Rightful Place is an admirable addition to the Pearson oeuvre intellectually bracing and cogently argued Henry Reynolds
