## **Gnosis Or Ancient Wisdom In The Christian Scriptures:**

*The Gnosis* William Kingsland,2000 Goes back to the initial teachings that were used in the creation of the Christian religion and demonstrates that they were actually derived from the Gnosis or Ancient Wisdom Gnosis is a Greek word meaning knowledge or to know In the early Church those who were mystics or Gnostics were rejected and considered heretics What makes this book so important is that it identifies certain mystical teachings from early times as rightfully belonging in the Church According to Kingsland this is the real Christian message as originally understood by the Gospel writers *The Gnosis Or Ancient Wisdom in the Christian Scriptures*; William 1855-1936 Kingsland,2021-09-09 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Gnosis Or Ancient Wisdom in the Christian Scriptures** William Kingland,1956 **Gnosis** William Kingsland,2014-03 This Is A New Release Of The Original 1922 Edition **The Gnosis of Ancient Wisdom in the Christian Scriptures** William Kingsland,1962

*"The" Gnosis Or Ancient Wisdom in the Christian Scriptures Or the Wisdom in a Mystery* William Kingsland,1954

*Babylonian Influence on the Bible and Popular Beliefs* A. Smythe Palmer,2000 We know that the Bible creation stories had their origins in far older tales These stories strongly match the Old Testament and originate from clay tablets discovered in ancient Sumeria and Babylonia They are the oldest preserved stories the world has ever known revealed in this interesting book and passed down for many centuries before being adopted by whoever wrote the Old Testament It seems the Word of God may not have come in its entirety from God but gods It is important that the earliest sources of our belief systems be examined That is the purpose of this book **Jesus the Sufi** Max Gorman,2018-03-01 Jesus is seen as a representative of an ancient and continuing wisdom tradition identified with that of the Sufis By his distinctive use of stories for teaching purposes his sayings and what the Sufis call action teachings including those actions known as miracles Jesus is shown to have been quintessentially a Sufi master Max Gorman shows how Sufism illuminates from within concepts central to Christianity the kingdom of Heaven son of God baptism resurrection which can then be seen as states and stages in an evolutionary philosophy This new edition of the classic work includes a new chapter on Gnosis **The Revelation (New Revised Edition)** Bodo Balsys,2022-09-06 This book presents basic postulates concerning many esoteric concepts These include the concept of God what constitutes evil the nature and function of karma the manifestation of energy from the subtle

planes of perception the nature of manifest Divinity as veiled by the concept of the Christ in the Bible and the mysteries of Being The analysis moves from my earlier Buddhist writings to focus upon the information in the Bible especially in relation to the nature of the reappearance of the Christ which here is equated with the externalisation process of the Hierarchy of Enlightened Being This doctrine concerns the mode of the evolution of transcendent perception by humanity The awakening of higher spiritual perceptions via the enlightenment path and the understanding of the psychic constitution of the n s and chakras are also explained A syncretic approach is therefore espoused through the comparison between Eastern doctrines and the presented esoteric Christianity In doing so many of the veiled hidden mysteries in the Gospel story and the book of Genesis are revealed The text shows how these religions are but aspects of one fundamental religious evolution of the historical development of what is known in the East as the dharma and in the Western tradition as the Law of God

**Christianity and Mythology** Thomas Sawyer Spivey,2002 Draws clear connections between ancient mythology and the Christian religion How is it that forms of pagan worship and various gods could be connected to a religion that on the surface seems to stand on its own Spivey answers this question with page after page of word and language analysis exploring word origins and mythological belief systems showing how these words and beliefs were carried over and why He reveals a message or hidden code by early Church fathers The worship of the sun fire light and of the heavens and stars had much to do with this message Covers many Greek and Roman gods with an explanation of their meanings functions and relation to Christianity Warning May cause one to reexamine their own personal beliefs *Ancient Pagan and Modern Christian Symbolism* Thomas Inman,2002-06 An important key to the origins of Christianity and Western religion Contains clear documented images that can be traced to remote times and shown to be in direct connection to certain origins of belief The symbolic connections between Christianity and the cultures of India Babylonia Assyria and Egypt among others are astounding An indispensable reference for anyone interested in early pagan religions and the foundations of Christianity Little known fact During the filming of The Da Vinci Code movie this book was special ordered as reading material for all cast and crew

**Theosophy and the Study of Religion** ,2024-06-11 Since its emergence in the nineteenth century the Theosophical Society has wielded enormous influence across diverse fields none more so than the study of religion This volume explores this legacy in North America Europe and India demonstrating its impact on the conceptualization of religion and its influence on methods of comparison Unveiling overlooked entanglements the volume challenges standard narratives in the history of religious studies and interrogates the deliberate neglect of theosophy s influence in the secular academy In doing so the work confronts lingering ghosts urging a reappraisal that enriches the study of religion and offers prescriptions for its future

**Gnosticism and the History of Religions** David G. Robertson,2021-08-12 Building on critical work in biblical studies which shows how a historically bounded heretical tradition called Gnosticism was invented this work focuses on the following stage in which it was essentialised into a sui generis universal category of religion At the same time it shows

how Gnosticism became a religious self identifier with a number of sizable contemporary groups identifying as Gnostics today drawing on the same discourses This book provides a history of this problematic category and its relationship with scholarly and popular discourse on religion in the twentieth century It uses a critical historical method to show how and why Gnosis Gnostic and Gnosticism were taken up by specific groups and individuals practitioners and scholars at different times It shows how ideas about Gnosticism developed in late nineteenth and twentieth century scholarship drawing from continental phenomenology Jungian psychology and post Holocaust theology to be constructed as a perennial religious current based on special knowledge of the divine in a corrupt world David G Robertson challenges how scholars interact with the category Gnosticism and contributes to our understanding of the complex relationship between primary sources academics and practitioners in category formation

**The Lost Scriptures of Giza** Jason Breshears,2006-07-26 After exploring every part of the Great pyramid both inside and out the author reveals how it connects to history and predicts future events He advances the idea that major cataclysms of the past occurred at specifically predicable times and when the next world wide catastrophe will come If his predictions are accurate we need to prepare

The Secret Doctrine Helena Petrovna Blavatsky,1993-01-01 A fountain of esoteric knowledge for deep truth seekers this classic work examines the birth and structure of the universe and how everything has the Divine as its source It also traces the development of humanity drawing from sacred scriptures mythology and legends to give a spiritual view of human beings Volume III is an index to help readers find any topic easily Illustrations

*First Century Gnosticism* Gerard van Groningen,1967 **The Three Mountains. The Return to the Light** Olivia P Cabral,2010-11-05 The Three Mountains is a book on Esoteric Science It s a Research done on an Entrance Door that exists in a parallel Dimension The door opens into a Path towards Superior Aeons or Realms *The History of the Christian Religion and Church During the First Three Centuries* Augustus Neander,2000-02 Neander was one of the greatest religious historians to have ever lived In this abbreviated version of a larger work he covers the current of Gnostic ideas during the formation of Christianity This topic is important because it outlines all of the competitive beliefs that were at work at the time and how they affected the Christian struggle in both good and bad ways This rare book may cause one to never look at Christianity in quite the same way again due to its immense scholarship and interesting array of facts

*The Christ Myth* Elizabeth E. Evans,2000 Was the entire story of Jesus nothing more than thatjust a story Evans presents an interesting argument According to her many things accepted as true regarding the story of Jesus may in fact not be true This book refutes aspects of Christ based on factual evidence combined with strong opinions of the author that may or may not be proven Many have been conditioned to accept Jesus in certain ways without the use of reason Evans provides us with a form of rational thinking that has been left out of our religious conditioning process Those who are open enough to read it will find it challenging and rewarding
