Gnostic Return In Modernity:

Gnostic Return in Modernity Cyril O'Regan, 2001-07-19 *Gnostic Return in Modernity* demonstrates the possibility that Gnosticism haunts certain modern discourses Studying Gnosticism of the first centuries of the common era and utilizing narrative analysis the author shows how Gnosticism returns in a select band of narrative discourses that extends from the seventeenth century German mystic Jacob Boehme through Hegel and Blake down into the contemporary period The key concept is that of narrative grammar Unlike the hypothesis of an invariant narrative a Gnostic narrative grammar allows room for the differences between modern and ancient forms of Gnosticism and respects the dignity of both periods

Gnostic Apocalypse Cyril O'Regan, 2002-01-01 Argues that the discourse of Jacob Boehme represents the return of Gnostic thought in modernity after a thousand year hiatus Exorcising Philosophical Modernity Philip John Paul Gonzales, 2020-03-18 What should Christian discourse look like after philosophical modernity In one manner or another the essays in this volume seek to confront and intellectually exorcise the prevailing elements of philosophical modernity which are inherently transgressive disfigurations and refigurations of the Christian story of creation sin and redemption To enact these various forms and styles of Christian intellectual exorcism the essays in this volume make appeal to and converse with the magisterial corpus of Cyril O'Regan The themes of the essays center around the gnostic return in modernity apocalyptic theology and the question of the bounds and borders of Christian orthodoxy Along the way diverse figures are treated such as Hegel Shakespeare von Balthasar Przywara Ricouer Deleuze Merleau Ponty and Kristeva *Exorcising Philosophical Modernity* Cyril O'Regan and Christian Discourse after Modernity is a veritable feast of post modern Christian thought *Gnostic Apocalypse* Cyril O'Regan, 2012-02-01 Jacob Boehme the seventeenth century German speculative mystic influenced the philosophers Hegel and Schelling and both English and German Romantics alike with his visionary thought *Gnostic Apocalypse* focuses on the way Boehme's thought repeats and surpasses post reformation Lutheran thinking deploys and subverts the commitments of medieval mysticism realizes the speculative thrust of Renaissance alchemy is open to esoteric discourses such as the Kabbalah and articulates a dynamic metaphysics This book critically assesses the striking claim made in the nineteenth century that Boehme's visionary discourse represents within the confines of specifically Protestant thought nothing less than the return of ancient Gnosis Although the grounds adduced on behalf of the Gnostic return claim in the nineteenth century are dismissed as questionable O'Regan shows that the fundamental intuition is correct Boehme's visionary discourse does represent a return of Gnosticism in the modern period and in this lies its fundamental claim to our contemporary philosophical theological and literary attention **Interrogating Modernity** Agata Bielik-Robson, Daniel Whistler, 2020-07-17 *Interrogating Modernity* returns to Hans Blumenberg's epochal *The Legitimacy of the Modern Age* as a springboard to interrogate questions of modernity secularisation technology and political legitimacy in the fields of political theology history of ideas political theory art theory history of philosophy theology and sociology That is the twelve essays in

this volume return to Blumenberg s work to think once more about how and why we should value the modern Written by a group of leading international and interdisciplinary researchers this series of responses to the question of the modern put Blumenberg into dialogue with other twentieth and twenty first century theorists such as Arendt Bloch Derrida Husserl Jonas Latour Voegelin Weber and many more The result is a repositioning of his work at the heart of contemporary attempts to make sense of who we are and how we ve got here

Apocalyptic Patience Andrew Shanks,2024-07-11 Andrew Shanks brings together a grand narrative of theology and continental philosophy to argue that the solidarity of the shaken is the kingdom of God in secular dress Shanks engages with the philosophy of Jan Patocka specifically his Heretical Essays in the Philosophy of History which culminate in the concept of the solidarity of the shaken Such solidarity is quite simply that which empowers the most radically thoughtful openness to others embattled against even the most repressive closure a solidarity without any other essential qualification Split into three distinct parts Shanks begins by discussing Patocka s philosophico centric grand narrative and drawing wider reference to the pre philosophic origins of Abrahamic religious tradition This is followed by an exploration of mystical theology Christian and Islamic of its decay into mysticism and its influence on Christian and Jewish gnostic traditions The final third presents a discussion on ethical phenomenology Analysing the proponents of a pathos of shakeness such as Kierkegaard Levinas L gstrup he juxtaposes 19th century thinkers such as Arendt and Hegel with Heidegger and Strauss as he moves through the century and eventually to the rise of secular public conscience movement

No Spiritual Investment in the World Willem Styfhals,2019-05-15 Throughout the twentieth century German writers philosophers theologians and historians turned to Gnosticism to make sense of the modern condition While some saw this ancient Christian heresy as a way to rethink modernity most German intellectuals questioned Gnosticism s return in a contemporary setting In *No Spiritual Investment in the World* Willem Styfhals explores the Gnostic worldview s enigmatic place in these discourses on modernity presenting a comprehensive intellectual history of Gnosticism s role in postwar German thought Establishing the German Jewish philosopher Jacob Taubes at the nexus of the debate Styfhals traces how such figures as Hans Blumenberg Hans Jonas Eric Voegelin Odo Marquard and Gershom Scholem contended with Gnosticism and its tenets on evil and divine absence as metaphorical detours to address issues of cultural crisis nihilism and the legitimacy of the modern world These concerns he argues centered on the difficulty of spiritual engagement in a world from which the divine has withdrawn Reading Gnosticism against the backdrop of postwar German debates about secularization political theology and post secularism *No Spiritual Investment in the World* sheds new light on the historical contours of postwar German philosophy

Loving and Hating the World James Lawson,2021-12-29 What is it that makes discipleship authentic Discipleship involves learning how to be in the world but not of the world The first Christians were ambivalent about the world God so loved the world that he gave his only begotten son but friendship with the world is enmity with God So discipleship involves learning how to live with this ambivalence and an ancient tension between

loving and hating the world This book offers a deeper understanding of what discipleship means by tracing the history of this ambivalence from the New Testament to the present It presents a revisionary account of this history as a continuing and nonnegotiable tension between loving and hating the world rather than a simple transition from medieval world denial to modern world affirmation It argues that this tension helped produce our own secular age and it considers modern Jewish and Christian philosophical and theological responses to this history that suggest ways that Christians can negotiate this tension to be more authentic disciples today

William Desmond and Contemporary Theology Christopher Ben Simpson, Brendan Thomas Sammon, 2017-11-15 In William Desmond and Contemporary Theology Christopher Simpson and Brendan Sammon coordinate through a collection of scholarly essays a timely exploration of William Desmond's work on theology and metaphysics bringing the disciplines of philosophy and theology together in new and vital ways The book examines the contribution that Desmond's metaphysics makes to contemporary theological discourse and to the renewal of metaphysics A central issue for the contributors is the renewal of metaphysics within the post metaphysical or anti metaphysical context of late modernity This volume not only capably demonstrates the viability of the metaphysical tradition but also illuminates its effectiveness and value in dealing with the many issues in contemporary theological conversation William Desmond and Contemporary Theology presents Desmond's contemporary yet historically aware continental metaphysics as able to provide revealing insights for the discussion of the relation between philosophy and theology Simpson and Sammon argue moreover that Desmond's contribution to linking these two fields makes him an important voice in the academic conversation Students and scholars of Desmond contemporary philosophy theology and literature will find much to provoke thought in this collection Contributors John R Betz Christopher R Brewer Patrick X Gardner Joseph K Gordon Ren e K hler Ryan D Stephen Long John Panteleimon Manoussakis Cyril O Regan Brendan Thomas Sammon D C Schindler Christopher Ben Simpson and Corey Benjamin Tutewiler

Revelation, Reason and Reality Joris Geldhof, 2007 This study provides an in depth analysis of the relationship between modernity and Christianity The author argues that the notion of revelation is eminently reasonable and indissolubly connected with being and reality He takes Jaspers philosophy of religion as representative of the classical modern critique and gives it its due He then takes a step backward so to speak and by means of a consideration of the history of ideas seeks to rehabilitate the Christian understanding of revelation To do this he draws upon Schelling's remarkable philosophy of revelation and Baader's much less familiar speculative dogmatics However this study is much more than a profound philosophical and theological account of the thought of Jaspers Schelling and Baader It is above all an eloquent defence of the plausibility and intelligibility of what Christians have always believed In fact the author makes a compelling case for the claim that revelation is that without which Christianity cannot be thought

Deleuze and Theology Christopher Ben Simpson, 2012-11-22 An exploration of the thought of Gilles Deleuze and its relevance to theology

The Tyranny of Time? D. Jeffrey Bingham, 2024-12-02 In a day fascinated with questions of historiography and with explicating a distinctive

Christian philosophy of time and history Henri Charles Puech's 1950s work on Gnosis and time found an audience Studying four second century texts he marked as Gnostic he argued for the Gnostic anti cosmic anti historical pessimism about existence within the tyrannical temporal world of bondage and error Bliss and truth were otherworldly and atemporal This book reassesses Puech's argument by analysis of the writings undergirding his sample and a wide array of second century Christian and Gnostic Christian texts that display not the Gnostic view as if there were one but a broader second century theological discussion regarding time world and knowledge manifesting a spectrum of perspectives A review of past and present scholarly discourse that evoked discussions of Gnosticism and anti cosmism and informed Puech's thesis begins the volume along with study of his own thesis A discussion of the academy's reception of Puech then follows The close reading of early pertinent texts forms the heart of the work arguing for eight discernible models of history time and world that arose within the second century intellectual debate

The Cambridge Companion to Religious Studies Robert A. Orsi, 2012 Informative and provocative this book introduces readers to debates in the contemporary study of religion and suggests future research possibilities

Depeche Mode. Jacob Taubes between Politics, Philosophy, and Religion ,2022-03-07 Jacob Taubes is one of the most significant intellectual figures in the more recent German intellectual scene and beyond However Taubes was either dismissed as a highly controversial character or as a mere commentator of ongoing debates or the reception was restricted to his considerations on religion and the ambivalences of secularity This volume challenges these reductions by putting Taubes original albeit marginalised texts into new sometimes surprising contexts Furthermore it relates familiar topics in his oeuvre to lesser known themes that are still highly pertinent for contemporary discussions on faith modernity and the limits of politics

Into the Far Country Scott A. Kirkland,2016-07-01 Into the Far Country is an investigation of Karl Barth s response to modernity as seen through the prism of the subject under judgment By suggesting that Barth offers a form of theological resistance to the Enlightenment s construal of human subjectivity as absolute this piece offers a way of talking about the formation of human persons as the process of being kenotically laid bare before the cross and resurrection of Christ It does so by reevaluating the relationship between Barth and modernity making the case that Barth understands Protestantism to have become the agent of its own demise by capitulating to modernity s insistence on the axiomatic priority of the isolated Cartesian ego Conversations are hosted with figures including Fyodor Dostoevsky Rowan Williams Gillian Rose and Donald MacKinnon in the service of elucidating an account of the human person liberated from captivity to what Barth names self judgment and freed for creative participation in the super abundant source of life that is the prayerful movement from the Son to the Father in the Spirit Therefore an account of Barth s theology is offered that is deeply concerned with the triune God s revelatory presence as that which drives the community into the crucible of difficulty that is the life of kenotic dispossession

You Are Gods David Bentley Hart,2022-04-01 David Bentley Hart offers an intense and thorough reflection upon the issue of the supernatural in Christian theology and doctrine In recent years the theological and more specifically Roman Catholic question of the supernatural has made an astonishing return from seeming oblivion David Bentley Hart s You Are Gods presents a series of meditations on the vexed theological question of the relation of nature and supernature In its merely controversial aspect the book is intended most directly as a rejection of a certain Thomistic construal of that relation as well as an argument in favor of a model of nature and supernature at once more Eastern and patristic and also more in keeping with the healthier currents of mediaeval and modern Catholic thought In its more constructive and confessedly radical aspects the book makes a vigorous case for the all but complete eradication of every qualitative ontological or logical distinction between the natural and the supernatural in the life of spiritual creatures It advances a radically monistic vision of Christian metaphysics but does so wholly on the basis of credal orthodoxy Hart one of the most widely read theologians in America today presents a bold gesture of resistance to the recent revival of what used to

be called two tier Thomism especially in the Anglophone theological world In this astute exercise in classical Christian orthodoxy Hart takes the metaphysics of participation high Trinitarianism Christology and the soteriological language of theosis to their inevitable logical conclusions You Are Gods will provoke many readers interested in theological metaphysics The book also offers a vision of Christian thought that draws on traditions such as Vedanta from which Christian philosophers and theologians biblical scholars and religious studies scholars still have a great deal to learn **Liturgy In Migration**

Teresa Berger,2012-12-01 Liturgy migrates That is liturgical practices forms and materials have migrated and continue to migrate across geographic ethnic ecclesial and chronological boundaries Liturgy in Migration offers the contributions of scholars who took part in the Yale Institute of Sacred Music s 2011 international liturgy conference on this topic Presenters explored the nature of liturgical migrations and flows their patterns directions and characteristics Such migrations are always wrapped in their social and cultural contexts With this in mind these essays recalibrate for the twenty first century older work on liturgical inculturation They allow readers to better understand contemporary liturgical flows in the light of important and fascinating migrations of the past
