

Gnosticism And Its Sources

C. W. King

Gnosticism And Its Sources

Henry Longueville Mansel

Gnosticism And Its Sources:

First Century Gnosticism Gerard van Groningen,1967 **The Gnostics and Their Remains** Charles William King,1887 **Gnosticism and Its Sources** C. W. King,2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *The Origins of Gnosticism / Le origini dello gnosticismo* Bianchi,1970-06-01 **The Rediscovery of Gnosticism** Bentley Layton,1980

Modern Gnosis and Zionism Yotam Hotam,2013-05-20 In the late nineteenth and early twentieth century the German intellectual world was challenged by a growing distrust in the rational ideals of the enlightenment and consequently by a belief in the existence of a radical cultural crisis One response to this crisis was the emergence of Life Philosophy which celebrated the irrational expressive instinctive and spontaneous while rejecting the rational conscious and logical Around the same time and place Zionist thought crystallized It discussed issues like the Jewish essence the creation of a new Jewish person and a new Jewish community return to the Jewish homeland and the negation of the diasporic way of life This book explores the connections between Zionism and Life Philosophy and argues that Life Philosophy represents a modern secularized version of gnostic dualism between God and world and that this was a particular secular impulse that lay at the core of the Zionist political mission Consisting of two main sections the book first shows the manner in which Life Philosophy should be understood as a modern secularized gnostic theology before concluding by discussing its political Zionist interpretation Drawing on published works of a wide range of thinkers and intellectuals alongside a variety of unpublished materials this book will be welcomed by students and scholars of Jewish studies the philosophy of Judaism and religion and philosophy more generally [The Sources of Primitive Gnosticism and Its Place in the History of Christian Thought ...](#) Paul Stevens Kramer,1936 *Revival of the Gnostic Heresy* J. Morris,2008-11-24 In this rigorous and provocative study Joe E Morris argues that the basic tenets and practices of Fundamentalism are those of ancient Christian Gnosticism Drawing on extensive research and careful analysis Morris aligns the two religious phenomena point by point tenet by tenet Along the way he provides insights into the key hermeneutic of Fundamentalism inerrancy of Scripture highlighting the multiple problems with the positions of literal and inerrant interpretation their impracticality and unfeasibility and their contradiction with their own conservative doctrine namely the Incarnation of Jesus Christ This groundbreaking book dramatically recasts our understanding of the history of Christianity and gives important context to modern day religious debates **The Gnostics** Jacques Lacarriere,2014-08-01 Gnostics have always sought to know rather than to accept dogma and doctrine often to their peril This inquiry into Gnosticism examines the character history and beliefs of a brave and vigorous spiritual quest that originated in the ancient Near East and continues into the present day Lawrence Durrell writes This is a strange

and original essay more a work of literature than of scholarship though its documentation is impeccable It is as convincing a reconstruction of the way the Gnostics lived and thought as D H Lawrence s intuitive recreation of the vanished Etruscans

The Gnostic Heresies of the First and Second Centuries Henry Longueville Mansel,1875 The Gnostics Tobias Churton,1997 The Greek word gnosis means knowledge the Gnostics themselves used it to refer to the spiritual knowledge they believed would redeem them from what they regarded as the inherent evil of the material universe As a mystical alternative tradition within Christianity Gnosticism suffered the hostility of the official church and as a result remains largely unknown or misunderstood to this day **The Gnostic Gospels** Elaine Pagels,2004-06-29 Selected by the Modern Library as one of the 100 best nonfiction books of all time The Gnostic Gospels is a landmark study of the long buried roots of Christianity a work of luminous scholarship and wide popular appeal First published in 1979 to critical acclaim winning the National Book Award and the National Book Critics Circle Award The Gnostic Gospels has continued to grow in reputation and influence over the past two decades It is now widely recognized as one of the most brilliant and accessible histories of early Christian spirituality published in our time In 1945 an Egyptian peasant unearthed what proved to be the Gnostic Gospels thirteen papyrus volumes that expounded a radically different view of the life and teachings of Jesus Christ from that of the New Testament In this spellbinding book renowned religious scholar Elaine Pagels elucidates the mysteries and meanings of these sacred texts both in the world of the first Christians and in the context of Christianity today With insight and passion Pagels explores a remarkable range of recently discovered gospels including the Gospel of Thomas and the Gospel of Mary Magdalene to show how a variety of Christianities emerged at a time of extraordinary spiritual upheaval Some Christians questioned the need for clergy and church doctrine and taught that the divine could be discovered through spiritual search Many others like Buddhists and Hindus sought enlightenment and access to God within Such explorations raised questions Was the resurrection to be understood symbolically and not literally Was God to be envisioned only in masculine form or feminine as well Was martyrdom a necessary or worthy expression of faith These early Christians dared to ask questions that orthodox Christians later suppressed and their explorations led to profoundly different visions of Jesus and his message Brilliant provocative and stunning in its implications The Gnostic Gospels is a radical eloquent reconsideration of the origins of the Christian faith Pre-Christian Gnosticism Edwin M. Yamauchi,2003-10-14 One of the most important issues facing New Testament scholarship today is the issue of Gnosticism So wrote the author in 1973 in the first edition With the publication since then of the entire Nag Hammadi library this observation has become even more incisive Was there a pre Christian Gnosticism Did Gnosticism directly or indirectly influence nascent Christianity Many modern scholars argue that Gnosticism preceded the emergence of New Testament Christianity and constituted the raw material from which the apostles formed their message about Jesus The author here analyzes the evidence used to support this thesis He notes a series of methodological fallacies in the use of this evidence and concludes that clearly Gnostic materials are late and pre

Christian materials are not clearly Gnostic A new chapter in this paperback edition brings the discussion up to date **The Gnostic Heresies of the First and Second Centuries, by the Late Henry Longueville Mansel. . . with a Sketch of His Work, Life, and Character by the Earl of Carnarvon** Henry Longueville Mansel,1875 *Reconstructing the Historical Background of Paul's Rhetoric in the Letter to the Colossians* Adam Copenhaver,2018-01-25 In approaching the debate surrounding the opponents in Colossians from a methodological standpoint Copenhaver contends that Paul was not actually confronting active opponents when he wrote the letter Rather Copenhaver takes the view that Paul s letter was written to the churches in the Lycus Valley in a desire to develop their identity as a new people in Christ and to appeal to them to live a new kind of life His warnings in Colossians 2 function as oppositional rhetoric contrasting the religious practices of the Lycus Valley with this new belief Paul s warnings are therefore broadly representative of the ancient world while at the same time focused especially on two threads of historical referents Judaism and pagan religions Development of the above argument demonstrates that the challenge of reconstructing a singular opponent arises not only from the limitations of textual and historical evidence but also from the assumptions and methodologies inherent in historical approaches to the text By modifying these assumptions and adjusting the methodology Copenhaver can show how Paul s letter takes on a new relationship to its historical context **The Encyclopaedia Britannica** ,1879 *The Encyclopaedia Britannica* Thomas Spencer Baynes,1879 *The Expository Times* ,1908 **A Source Book for Ancient Church History** Joseph Cullen Ayer (Jr.),1922 **History of the Christian Church** Williston Walker,2014-06-30 Since publication of the first edition in 1918 A History of the Christian Church by Williston Walker has enjoyed outstanding success and recognition as a classic in the field Written by an eminent theologian it combines in its narrative a rare blend of clarity unity and balance In light of significant advances in scholarship in recent years extensive revisions have been made to this fourth edition Three scholars from Union Theological Seminary in New York have incorporated new historical discoveries and provided fresh interpretations of various periods in church history from the first century to the twentieth The result is a thoroughly updated history which preserves the tenor and structure of Walker s original unparalleled text

Adopting the Beat of Term: An Mental Symphony within **Gnosticism And Its Sources**

In a global eaten by monitors and the ceaseless chatter of instantaneous interaction, the melodic splendor and emotional symphony produced by the written term usually diminish in to the background, eclipsed by the constant noise and distractions that permeate our lives. However, situated within the pages of **Gnosticism And Its Sources** a charming literary value full of fresh thoughts, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, that fascinating masterpiece conducts readers on a psychological journey, skillfully unraveling the hidden songs and profound affect resonating within each carefully constructed phrase. Within the depths of the touching assessment, we can discover the book is key harmonies, analyze their enthralling publishing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
