**Go Greyhound** Alex Roggero,1996      **Motoring** John A. Jakle,Keith A. Sculle,2008-01-01 *Motoring* unmasks the forces that shape the American driving experience commercial aesthetic cultural mechanical as it takes a timely look back at our historically unconditional love of motor travel Focusing on recreational travel between 1900 and 1960 John A Jakle and Keith A Sculle cover dozens of topics related to drivers cars and highways and explain how they all converge to uphold that illusory notion of release and rejuvenation we call the open road Jakle and Sculle have collaborated on five previous books on the history culture and landscape of the American road Here with an emphasis on the driver s perspective they discuss garages and gas stations roadside tourist attractions freeways and toll roads truck stops bus travel the rise of the convenience store and much more All the while the authors make us think about aspects of driving that are often taken for granted how for instance the many lodging and food options along our highways reinforce the connection between driving and freedom and how by enabling greater speeds highway engineers helped to stoke motorists blessed fantasy of flight Although driving originally celebrated freedom and touted a common experience it has increasingly become a highly regulated isolated activity The motive behind America s first embrace of the automobile individual prerogative still substantially obscures this reality Americans did not have the automobile imposed on them say the authors Jakle and Sculle ask why some of the early prophetic warnings about our car culture went unheeded and why the arguments of its promoters resonated so persuasively Today the automobile is implicated in any number of environmental even social problems As the wisdom of our dependence on automobile travel has come into serious question reassessment of how we first became that way is more important than ever      **Warman's Antiques and Collectibles Price Guide** Harry L. Rinker,1996-04 An antiques price guide for more than 50 000 items with detailed descriptions      **Australian cargo** Alex Roggero,2004      **La corsa del levriero. In Greyhound da Pittsburgh a Los Angeles** Alex Roggero,2002      **Los Angeles Magazine** ,2003-11 Los Angeles magazine is a regional magazine of national stature Our combination of award winning feature writing investigative reporting service journalism and design covers the people lifestyle culture entertainment fashion art and architecture and news that define Southern California Started in the spring of 1961 Los Angeles magazine has been addressing the needs and interests of our region for 48 years The magazine continues to be the definitive resource for an affluent population that is intensely interested in a lifestyle that is uniquely Southern Californian      *Arts & Humanities Citation Index* ,1983 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1 144 of the world s leading arts and humanities journals and it indexes individually selected relevant items from over 6 800 major science and social science journals      **The Times Index** ,2010 Indexes the Times Sunday times and magazine Times literary supplement Times educational supplement Times educational supplement Scotland and the Times higher education supplement      **Fast Friends Forever** John Irvine,2014 *Fast Friends Forever* A tribute to greyhounds in words and pictures This delightful full

colour book captures the personality of rescued greyhounds and their own owners through poetical discourse and through pictures This book is being sold by Mr John Irvine as part of a fundraiser for the Greyhounds as Pets in New Zealand Greyhounds As Pets GAP is a registered charity established by Greyhound Racing New Zealand to find pet homes for retired racing greyhounds This book makes a perfect gift for the greyhound lover a pet store veterinarian office and animal lovers in general If you are a dog lover this book will make you smile and remind you why dogs by some witchcraft known only to them have managed to form such a unique and close bond with mankind It s almost impossible to imagine a life without this symbiotic relationship

*Going to the Dogs* Gwyneth Anne Thayer, 2013-06-13 In the 1970s sitcom *The Odd Couple* Felix and Oscar argue over a racing greyhound that Oscar won in a bet Animal lover Felix wants to keep the dog as a pet gambling enthusiast Oscar wants to race it This dilemma fairly reflects America s attitude toward greyhound racing This book the first cultural history of greyhound racing in America charts the sport s meteoric rise and equally meteoric decline against the backdrop of changes in American culture during the last century Gwyneth Anne Thayer takes us from its origins in coursing in England through its postwar heyday and up to its current state of near extinction Her entertaining account offers fresh insight into the development of American sport and leisure the rise of animal advocacy and the unique place that dogs hold in American life Thayer describes greyhound racing s dynamic growth in the 1920s in places like Saint Louis Chicago and New Orleans then explores its phenomenal popularity in Florida where promoters exploited its remote association with the upper class and helped foster a celebrity culture around it By the end of the century media reports of alleged animal cruelty had surfaced as well as competition from other gaming pursuits such as state lotteries and Indian casinos Greyhound racing became so suspect that even Homer Simpson derided it In exploring the socioeconomic political and ideological factors that fueled the rise and fall of dog racing in America Thayer has consulted participants and critics alike in order to present both sides of a contentious debate She examines not only the impact of animal protectionists but also suspected underworld ties longstanding tensions between dogmen and track owners over racing contracts and the evolving relationship between consumerism and dogs She captures the sport s glory days in dozens of photographs that recall its coursing past or show celebrities like Frank Sinatra and Babe Ruth with winning racing hounds Thayer also records the growth of the adoption movement that rescues ex racers from possible euthanasia Today there are fewer than half as many greyhound tracks in half as many states as there were 10 years ago and half of them are in Florida Thayer s in depth meticulously balanced account is an intriguing look at this singular activity and will teach readers as much about American cultural behavior as about racing greyhounds
