Tell Me a Story Dante Fabiello, 2010-04 Once upon a time there was a little girl called Alexandra who asked her daddy Daddy please tell me a stooweeee Well this is my story on how I created thousands of children stories These stories come from a world where animals of all kinds all talk and learn like children about life Around the age of three my daughter got tired of me reading little kiddy stories and asked me Daddy please tell me a stooweeee So every night I would make up a new short story One day when she was 7 years old I decided to tape these stories so she could hear them over and over Well that went on for 7 more years with over 110 hours and over 3 000 stories There are so many stories that I will have to write many more volumes So here we are the first book is published and now kids all over the world can enjoy them as my daughter did for many years The time you spend with your child is most rewarding Never get tired of loving kissing and hugging them no matter how old they get Please view the book website by [Clicking here](#) Please view sample stories from the book by [Clicking here](#)

In the Moment Sandra M. Bringer, 2012-02 *In the Moment* presents a gritty series of short stories focusing on characters who are raw honest unredeemable marginal spiritual and beautiful Chronicling scenes from life made vividly authentic all the players are genuine people we might be or know snapshots of everyday life Chance a moment with a stranger and experience unexpected events Struggle along with a family whose child will never be any better than at that moment stay with a rape victim through the horrific aftermath of her trauma Run for safety in a war zone and smell the Devil's missile Get tipsy and dance with grannies or pine for an ex Grieve for a life wasted behind prison bars Does an event define a life or does the individual define the event Is it a combination of both or is it something else entirely For the short stories of *In the Moment* the moment is now good or bad That defining moment in a person's life can say volumes about his or her character We may never know more than we do now the next step in life's dance is conjecture a mystery an uncertainty but its part in the story is vital nonetheless
