Weekly To call Mitchell's book a simple quest novel is like calling Don DeLillo's *Underworld* the story of a missing baseball. The New York Times Book Review Number 9 Dream with its propulsive energy its Joycean eruption of language and playfulness represents further confirmation that David Mitchell should be counted among the top young novelists working today. San Francisco Chronicle Mitchell's new novel has been described as a cross between Don DeLillo and William Gibson and although that's a perfectly serviceable cocktail party formula it doesn't do justice to this odd fitfully compelling work. The New Yorker Leaping with ease from surrealist fables to a teenage coming of age story and then spinning back to Yakuza gangster battles and World War II era kamikaze diaries Mitchell is an aerial freestyle ski jumper of fiction. Somehow after performing feats of literary gymnastics he manages to stick the landing. The Seattle Post Intelligencer
