B. Yeats Daniel Tompsett, 2018-06-13 Unlocking the Poetry of W B Yeats undertakes a thorough re reading of Yeats oeuvre as an extended meditation on the image and theme of the heart as it is evident within the poetry It places the heart at the centre of a complex web of Yeatsian preoccupations and associations from the biographical to the poetic and philosophical to the mythological and mystical In particular the book seeks to unlock Yeats mystifying aesthetic vision via his understanding of the ancient Egyptian Weighing of the Heart ceremony The work provides a chronological narrative arc that looks to use the theme of the heart as it recurs in the poetry in order to circumvent and overcome more established frameworks Its purpose is to offer refreshing ways of conceptualizing and building alternatives to more deeply entrenched but not entirely satisfactory arguments that have been offered since Yeats death in 1939 while demonstrating the centrality of the occult to Yeats art **Young Adult Resources Today** Don Latham, Melissa Gross, 2014-05-21 Young Adult Resources Today Connecting Teens with Books Music Games Movies and More is the first comprehensive young adult library services textbook specifically written for today s multidimensional information landscape The authors integrate a research focused information behavior approach with a literature focused resources approach and bring together in one volume key issues related to research theory and practice in the provision of information services to young adults Currently no single book addresses both YA information behaviors and information resources in any detail instead books tend to focus on one and give only cursory attention to the other Key features of this revolutionary book include its success in Integrating theory research and practice Integrating implications for practice throughout the book Integrating knowledge of resources with professional practice as informed by research Integrating both print and electronic formats throughout within the resource chapters including websites and social media Latham and Gross accomplish all this while paying particular attention to the socially constructed nature of young
