The Magic of Cats Andrew Anderson,2023-04-28 Discover the Cat of the Night and the Cat of the Day Over the centuries the relationship between cats and humans has been one of profound change of both darkness and light In Ancient Egypt we worshipped them as the physical embodiment of a goddess In Medieval Europe we tortured and punished them for being the familiars of witches In the twenty first century we are obsessed with filming and posting their antics on social media And while we may think of them as our pets that doesn t mean that we are in charge Far from it Cats know exactly how to get their humans to follow their orders They have been an ongoing source of intrigue and mystery throughout human history They are the stuff of myth and legend as well as being our best friends They sit among the stars and curl up on our laps There is nothing so wonderful as the magic of cats **Children's Fantasy Literature** Michael Levy,Farah Mendlesohn,2016-04-21 A comprehensive study of children s fantasy literature across the English speaking world from the sixteenth century to the present **The Women Who Invented Twentieth-Century Children's Literature** Elizabeth West,2022-10-24 Publishing for children between 1930 and 1960 has been denigrated as a relatively fallow period for creativity and quality certainly in comparison with the golden ages of children s literature that preceded and succeeded it This book questions this perception by using archival evidence to argue that the work of what was predominantly a female group of editors illustrators authors and librarians collectively referred to as bookwomen resulted in many titles which are still considered as classics today The bookwomen reframed ideas about how children s publishing should be approached and valued and in doing so laid the foundations for a subsequent generation of children s authors and publishers who were to achieve far greater prominence The key to the success of the bookwomen was their willingness to experiment the strength of their relationships and their comprehensive understanding of the book production process By focusing on a selection of women working across all aspects of the book production process this book demonstrates that both individually and collectively women capitalised on their position as other to the existing male institutions *The Power of the Page* Pat Pinsent,2013-10-31 First Published in 1994 This series of books is aimed primarily at student and practising teachers It covers key issues in current educational debate relating to age phases school management the curriculum and teaching methods Each volume examines the topic critically bringing out the practical implications for teachers and school organisation The texts which are discussed in Part One of the present book The Picture and the Story are ones which can be enjoyed many times by child and adult because they have a wealth of different meanings reinforcing and cutting across each other **Oxford Dictionary of National Biography 2005-2008** Lawrence Goldman,2013-03-07 Who made modern Britain
