

THE NATURE OF GOD

The image features a close-up of a human hand reaching upwards, palm facing up, towards a brilliant, circular light source. The light is intensely bright, creating a lens flare effect and casting a warm, golden glow across the scene. The background is a sky at sunset or sunrise, with soft, wispy clouds in shades of orange, yellow, and pale blue. In the lower foreground, the dark, silhouetted outlines of evergreen trees are visible against the bright sky. The overall composition conveys a sense of aspiration, divine connection, and spiritual seeking.

God And The Nature Of God:

The Nature of God in Plain Language David L. Hocking, 1984 *The True Nature of God* Andrew Wommack, 2012-08-07 I've tried to be the perfect person God expects me to be but I just can't I give up I know God loves me but it seems like He never answers my prayers I do everything the Bible says I should so why hasn't God blessed me like He promised Is God schizophrenic The Bible is full of nothing but contradictions Questions and comments like these compelled Andrew Wommack to introduce the profoundly simple concepts found in this book Often human perspective and the mechanics of Christianity eclipse The True Nature of God the God who wants nothing more than to share an intimate friendship with His children If you're wondering who God is or if He cares let Andrew show you The True Nature of God *Nature's Case for God* John M. Frame, 2018-12-12 Can we know anything about God apart from the Bible Many Protestant Christians are suspicious of natural theology which claims that we can learn about God through revelation outside the Bible How can we know anything about God apart from Scripture In *Nature's Case for God* distinguished theologian John Frame argues that Christians are not forbidden from seeking to learn about God from his creation In fact the Bible itself shows this to be possible In nine short and lucid chapters that include questions for discussion Frame shows us what we can learn about God and how we relate to him from the world outside the Bible If the heavens really do declare the glory of God as the psalmist claims it makes a huge difference for how we understand God and how we introduce him to those who don't yet know Christ **Made in the Image of God** Reid A. Ashbaucher, 2016-10-24 *Made in the Image of God* is a book that provides key concepts for understanding the nature and personhood of God and mankind while revealing the reality of how we as human beings relate to God physically emotionally and spiritually in a metaphysical way both now and in the future Along the journey there are discussions on such topics as The Nature of God The Nature of Mankind The Trinity and Jesus Christ as God and Man while providing concepts that will help open the door to understanding God's revelation concerning himself as revealed through the scriptures One reader commented After fifty years of being a Christian and doing lots of Bible study this book gave me the clearest understanding of the Trinity and their interaction with me *Made in the Image of God* is good resource material for supplementing studies in Bible Theology Apologetics Anthropology Metaphysics or Philosophy of Religion ABOUT THE AUTHOR Reid Ashbaucher was born in the United States and holds a B.A. degree in Comprehensive Bible from Cedarville University Cedarville Ohio an M.A. degree in Christian Theology from Trinity Theological Seminary Newburgh Indiana and has completed some postgraduate work towards a Ph.D. in Religious Studies endorsed by Canterbury Christ Church University England Reid has been a believer in Jesus Christ for over 53 years While experiencing life through secular fields of Military Service Business Ownership and Radio Broadcast Engineering Reid has served in local churches as deacon teacher and pulpit supply Throughout life Reid has sought to promote the Word of God as the source of true reality This reality is reflected in Jesus Christ as He states Therefore everyone who hears these words of Mine and acts upon them may

be compared to a wise man who built his house upon the rock Matthew 7 24 NASB What Does Nature Teach Us about God? Kirsten R. Birkett,2022-02-02 Embrace science and keep your faith For many God has been banished from scientific inquiry Only natural forces are at work in our world Science succeeds without the supernatural But can everything be explained by natural causes In What Does Nature Teach Us about God Kirsten Birkett rethinks the relation between nature science and faith God and science are not simply two rival answers to your questions The Creator makes sense of the creation Science is only truly possible with God You can engage with science without losing sight of your Creator The emQuestions for Restless Minds series applies God s word to today s issues Each short book faces tough questions honestly and clearly so you can think wisely act with conviction and become more like Christ *On the Nature and the Existence of God. [By Annie Besant.]*,1875 *Nature and the Supernatural* Horace Bushnell,1873 *The True Nature of God* Andrew Wommack,1997 Often human perspective and the mechanics of Christianity eclipse the true nature of God the God Who wants nothing more than to share an intimate friendship with His children If you re wondering who God is or if He cares let Andrew Wommack show you *The True Nature of God* *The Nature of God* Fisher Humphreys,1985 **The Divine Nature of God** Emmanuel Efueta,2017-06-12 Do you know only gods can serve God We all as Christians pray and desire to live lives that are pleasing to God as well as be of service to him However our weakness and flaws keep getting in the way and sometimes it is very discouraging to many who truly want to please God but are plagued with all forms of setback It might shock you to know that the reason behind all Christian setbacks and weaknesses is wrapped in the fact that they do not know who they are in Christ Jesus The truth is if you become more like God you will see most of your weaknesses vanish But how can you become more like a God you do not really know You must also note that true knowledge of God is to become more and more like Him So if you were presented with information that will give you a step by step guide to who God actually is and how you are just like him will you not take it Actually that s what this book the divine nature of God will be to you In this book I will personally take you on a journey to explore the seven natures of God and exposing deep mysteries about the person of God as never before Furthermore you will be exposed to 21 characters of your God so much such that the prayer God I want to know you will become a received request **Servetus, Swedenborg and the Nature of God** Andrew M.T. Dibb,2005-04-19 The Trinity was defined at the Council of Nicaea and the relationship of the human and divine natures of Christ was defined at Chalcedon Very few questioned the Church s depictions of the nature of God Two such mavericks Michael Servetus 1509 1553 and Emanuel Swedenborg 1688 1772 in spite of their Christian educations rejected the Church s creedal understanding of God and the Trinity Although they lived in two different ages the Reformation and Enlightenment and there is no evidence that Swedenborg ever read or even knew of Servetus the two men came to remarkably similar conclusions about the nature of God Each scholar stated that the Trinity does not rest in three Persons but rather takes form in the single person of Jesus Christ the visible God Servetus was a superb scholar in his day He mastered the Church Fathers

and possessed an encyclopedic knowledge of the Bible Servetus tragically perished in the flames at Geneva because of his beliefs Swedenborg likewise was a well known and respected scholar philosopher and anatomist He dedicated the last thirty years of his life to biblical research producing a series of some thirty volumes in English of theological writings His work influenced many of the great thinkers and artists of the nineteenth century and continues to be read and studied in many parts of the world today

The Nature of God Frankie L. Jackson, 2008-12-09 Nature's God and the Nature of Man Joel R. Baseley, 2024-12-26 Nature's God and the Nature of Man presents nature and the nature of man as God's Word the Holy Bible reveals it in Genesis 1:3 The author's recent translating project in Johann Arndt's True Christianity especially his Book 4 treating God's revelation in nature provided him a helpful pre enlightenment world view of God's revealing Himself in nature in stark contrast and opposition to the bold modern assertion by many that science has proven there is no God The children of this divorce of Dame Science from God leaves children confused for whom this book might be a mediation and some comfort 445 pages soft cover

The Nature of God Gerard J. Hughes, 1995 First published in 1995 Routledge is an imprint of Taylor Francis an informa company Nature, God and Humanity Richard L. Fern, 2002-04-04 Nature God and Humanity clarifies the task of forming an ethics of nature thereby empowering readers to develop their own critical faith based ethics Calling on original thought provoking analyses and arguments Richard L Fern frames a philosophical ethics of nature assesses it scientifically finds support for it in traditional biblical theism and situates it culturally Though defending the moral value of beliefs affirming the radical Otherness of God and human uniqueness this book aims not to compel the adoption of any particular ethic but rather illumine the contribution diverse forms of inquiry make to an ethics of nature How does philosophy clarify moral conviction What does science tell us about nature Why does religious faith matter Rejecting the illusion of a single rationally compelling ethics Fern answers these questions in a way that fosters both agreement and disagreement allowing those holding conflicting ethics of nature to work together for the common good

God's Nature Emil Cosman, 2018-05-11 The Classical Greek philosopher Plato once said that we can easily forgive a child who's afraid of the dark but the real tragedy of life is when men are afraid of the light In other words and put in the context of my writing it is a tragedy when people are afraid of the truth This book analyzes the nature of the Judeo Christian God using reason logic common sense objectivity and courage Unfortunately in dealing with this subject which is the nature of the Judeo Christian God people need to arm themselves with a lot of courage in order to reject or reshape the teachings and interpretations provided by Christian or Judaic scholars theologians on the subject Therefore George Orwell's words also apply perfectly to the circumstances In a time of universal deceit telling the truth is a revolutionary act This is a very sensitive subject and people are obviously very passionate about it This book will only analyze and interpret the Judeo Christian Scriptures There are a lot of verses in the Scriptures regarding God's nature that are not mentioned that people do not know about or simply chose to ignore them My effort was to look into those verses and interpret them in order to complete God's complex nature

Therefore if some passionate readers take offense with this book I suggest they refocus their attention and offense towards the Scriptures where the nature of God is clearly revealed If a fact is self evident then we should all agree that it does not need to be defended It is only when facts are not evident and therefore leave room for questions and interpretations people attempt to guard the facts from scrutiny The more ferocious the attempts to guard the so called self evident facts the greater the doubts are that the facts are self evident I hope that we all agree that nobody has a monopoly on truth and that everything should be open for discussion and interpretation as long as evidence is provided On the other hand there are truths that need not be defended for the reason of being self evident like for instance the color of the grass the color of the sky or the existence of the wind But even if someone tries to interpret and debate all these realities nobody should get upset about it Ultimately we might learn something in the process The Judeo Christian Scriptures certainly contain a massive volume of events stories people and ideas In analyzing the text of the Scriptures I relied and used as reference or point of reference or premises concepts accepted in our current Western civilization and not only I did not start with any preconceptions about God or divinity in general I can't deny the fact that being very familiar with the Scriptures I was always displeased with the one sided interpretation of the divinity which ignores the other facet which mentions some not so flattering characteristics of God's nature I always found that unjust I am not trying to prove anything I am only trying to expose and complete God's characteristics and his nature so abundantly provided to us by the Scriptures themselves I only ask the reader to simply read the Scriptures verses and refrain from looking for justifications or defend the undefendable I want you to analyze it as a freethinking human being I want you to have the courage to act by breaking the possible mental shackles provided by the previous interpretations that were so uncompromisingly pushed on by the interpreters of the Scriptures This book has nothing to do with me or with changing anything what is in the Scriptures it has to do with you the Reader who I hope will break some knowledge barriers and free your mind It should be a personal enlightenment a moment of self realization In the name of truth reason and justice I hope you will prevail **God in Nature and Revelation** J. M.

Woodman,2024-01-28 Reprint of the original first published in 1875 **God's Name, God's Nature** Jill Briscoe,1988-09

Nature's God and His Memorial: a series of four sermons on the subject of the Sabbath Nathan Wardner,1867

Nature and Scripture in the Abrahamic Religions: God, Scripture and the rise of modern science (1200-1700) Jitse M. van der Meer,Scott Mandelbrote,2008 These volumes describe how the development of the different styles of interpretation found in reading scripture and nature have transformed ideas of both the written word and the created world
