Gault McNemee is a medical doctor who had tried every diet she could find to control the weight gains that had plagued her throughout her life As the founding physician of a busy health clinic she also saw that overweight patients who were suffering from a variety of diseases were far worse off than those who had their weight under control As a result Dr Gault McNemee began to examine what we eat and what our slimmer healthier ancient forebears ate They didn t have processed foods and access to sugar they weren t consuming alcohol and foods that had been mixed with artificial ingredients they couldn t pronounce They were eating what God put on this earth meat fish fruit vegetables grains and nuts And thus was God s Diet born In other words if you can t pick it pluck it pull it from the earth or scale it don t eat it If you pick up a can or a package of food that includes even one ingredient that you can t identify don t eat it Dr Gault McNemee also cautions that far too many foods contain sugar as an additive from cereal to bread to canned vegetables Prepare foods simply and avoid sugar but while you re at it have a steak and a baked potato with butter and sour cream In God s Diet Dr Gault McNemee has compiled numerous case studies from her own practice inspiring advice from people like herself whose lives have been changed for the better information on vitamins minerals and cholesterol and menu planning advice and delicious recipes The doctor has also prepared three lists of foods those which you can eat all you reasonably want those you should avoid and a swing list of foods that you may enjoy occasionally and with limitations God s Diet enables you to lose weight simply and naturally without having to remember any complex diet regimen By incorporating simple habits into our lives paying attention to food labels drinking eight to ten glasses of water a day and exercising reasonably we can easily and radically
