God As Father Concilium Religion In The Eighties:

God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, Volume Two Jeff B. Pool, 2010-01-01

This book constitutes the second volume of a three volume study of Christian testimonies to divine suffering God's Wounds Hermeneutic of the Christian Symbol of Divine Suffering vol 2 Evil and Divine Suffering The larger study focuses its inquiry into the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God This second volume of studies proceeds on the basis of the presuppositions of this symbol those implicit attestations that provide the conditions of possibility for divine suffering that which constitutes divine vulnerability with respect to creation as identified and examined in the first volume of this project an understanding of God through the primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the imago Dei as love The second volume then investigates the first two divine wounds or modes of divine suffering to which the larger family of testimonies to divine suffering normally attest 1 divine grief suffering because of betrayal by the beloved human or human sin and 2 divine self sacrifice suffering for the beloved human in its bondage to sin or misery to establish the possibility of redemption and reconciliation Each divine wound thus constitutes a response to a creaturely occasion The suffering in each divine wound also occurs in two stages a passive stage and an active stage In divine grief God suffers because of human sin betrayal of the divine lover by the beloved human divine sorrow as the passive stage of divine grief and divine anguish as the active stage of divine grief In divine self sacrifice God suffers in response to the misery or bondage of the beloved human's infidelity divine travail focused on the divine incarnation in Jesus of Nazareth as the active stage of divine self sacrifice and divine agony focused on divine suffering in the crucifixion of Jesus of Nazareth as the passive stage of divine self sacrifice

God's Wounds: Hermeneutic of the Christian Symbol of Divine Suffering, Volume One Jeff B. Pool, 2009-01-01 This book constitutes the first volume of a three volume study of Christian testimonies to divine suffering God's Wounds Hermeneutic of the Christian Symbol of Divine Suffering Divine Vulnerability and Creation This study first develops an approach to interpreting the contested claims about the suffering of God Thus the larger study focuses its inquiry into the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God Through this approach this volume of studies into the Christian symbol of divine suffering then investigates the two major presuppositions that the larger family of testimonies to divine suffering normally hold an understanding of God through the

primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the imago Dei as love When fully elaborated these presuppositions reveal the conditions of possibility for divine suffering and divine vulnerability with respect to creation **Western Buddhist Feminists'**

Contribution to Christian Theology Dong Jin Kim,2022-12-06 This book discusses gender injustice and justice in religious institutions and spiritual life Fixed as a gender God Goddess leads those who have the same gender to subordinate anyone who differs In this sense the patriarchal and androcentric system has caused many religious women to lose their spiritual and faithful equality and identities in a church This book details how Western Buddhist feminists find that after recuperating women s equivalent rights and identities both religious men and women need to meditate to achieve the emptiness of gender ego gender privilege and prejudice which then leads to awakening and enlightenment from ignorance To apply such skills in Christian theology gender justice comes from spiritual equality and courage awakening and repentance in their contemplative and meditative lives This book suggests that for women s spiritual and real liberation and happiness both inner trainings and external social actions have to go together **God's Wounds** Jeff B Pool,2011-07-28 God s Wounds

Hermeneutic of the Christian Symbol of Divine Suffering Volume I Divine Vulnerability and Creation is the first of a three volume study of Christian testimonies to divine suffering The larger study focuses its inquiry on the testimonies to divine suffering themselves seeking to allow the voices that attest to divine suffering to speak freely The goal is then to discover and elucidate the internal logic or rationality of this family of testimonies rather than defending these attestations against the dominant claims of classical Christian theism that have historically sought to eliminate such language altogether from Christian discourse about the nature and life of God In this first volume the author develops an approach to interpreting the contested claims about the suffering of God Through this approach to the Christian symbol of divine suffering he then investigates the two major presuppositions that the larger family of testimonies to divine suffering normally hold an understanding of God through the primary metaphor of love God is love and an understanding of the human as created in the image of God with a life though finite analogous to the divine life the imago Dei as love When fully elaborated these presuppositions reveal the conditions of possibility for divine suffering and divine vulnerability with respect to creation

Ancient Near Eastern Literature and the Hebrew Scriptures about the Fatherhood of God David Tasker,2004 Ancient Near Eastern Literature and the Hebrew Scriptures About the Fatherhood of God discusses some of the main father god concepts of the people of the Ancient Near East then examines the eighteen occurrences of God s fatherhood specifically mentioned in Hebrew Scripture From these sources the book develops a theology of God s fatherhood that honors both ancient and modern scrutiny Although many studies have explored the subject of the fatherhood of God mostly from the perspective of nonbiblical disciplines and through the lens of Greco Roman mythology this book takes into account the wealth of material from the ancient Near East the birthplace of the Hebrew Scriptures **Narratives and Numbers: Empirical**

Anna Wierzbicka, 2001-04-05 In this highly interdisciplinary work linguist Anna Wierzbicka casts new light on the words of Jesus by taking her well known semantic theory of universal human concepts concepts which are intuitively understandable and self explanatory across languages and bringing it to bear on Jesus parables and the Sermon on the Mount Her approach results in strikingly novel interpretations of the Gospels Written in dialogue with other biblical commentators *What Did Jesus Mean* is both scholarly rigorous yet accessible

Christianity in the Modern World Ambrose Mong, 2022-01-27 The influence of religion on culture is as strong as ever but the shape of that influence is unique in today's pluralistic society In *Christianity in the Modern World* Ambrose Mong examines critically themes of religious commitment and tolerance attitudes towards other religions and the sociological aspects of religion and inter religious dialogue He provides an overview of factors that challenge traditional religion from the relationship between monotheistic and polytheistic beliefs to the history of tolerance and intolerance in the church and the future of secularism Following the global ethics formulated by the late Hans Kung Mong also engages with the dialogue between Jurgen Habermas and Joseph Ratzinger to provide an extensive defence of the importance of inter religious dialogue with particular relevance to multiple religious belonging in the Asian context Scholars of world religions will find Mong's analysis compelling while students will find his introduction to the historical dialectics underlying many of today's tensions illuminating

Beyond the Evangelical Gender Roles Gridlock Paul J. Palma, 2024-11-30 Present day Evangelicalism represents a microcosm of broader tensions over male and female gender roles with some denominations carefully delimiting women leadership roles especially the female pastor and many others supporting them The letters attributed to Paul the Apostle contain several divisive passages on the meaning of manhood and womanhood Dated and dubious readings of these have led some Christians and non Christians alike to conclude that Paul wrote with misogynistic intent Others quote them to justify Christian patriarchalism *Beyond the Evangelical Gender Roles* Gridlock Reimagining Paul's Views on Women Marriage and Ministry reassesses what Paul said about women reinterpreting his claims on marriage and ministry leadership in light of his first century worldview This book proposes a nuanced theological egalitarian approach with significant implications for renewing twenty first century congregations homes and society

Disavowing Constantine Nigel G. Wright, 2007-01-01 Disavowing Constantine draws upon the work of two highly influential modern theologians Jürgen Moltmann and John Howard Yoder to develop an independent and constructive understanding of the relation of the church to the state Its aim is to restate for modern understanding the insights of the Believers Church tradition and to work out their implications for Christian participation in the civil order In this complex realm positive insights are located in traditions usually regarded as incompatible but the thesis of the book concerns disavowing Constantine renouncing the reliance of the church upon coercive power to further its mission in order to rediscover how a faithful church might nonetheless participate as a witness within the power structures of human society

Common Priesthood Stella Adamma Nneji, 2018-06-15 One of the significant points of the Second Vatican Council is its emphasis on the status of the lay faithful in the church which includes active participation in the life of faith The council spoke of the active participation of all the faithful in liturgical celebrations on the basis of the common priesthood of the faithful which is conferred during baptism and through which every believer shares in the priestly kingly and prophetic offices of Christ In this book Stella Nneji develops an ecclesiological critical reflection on the teaching of the Second Vatican Council with regard to active participation Focusing especially on the church as people of God Nneji shows how the idea of participation is not merely a passive action but an active one Based on the ecclesiological reflection on the church as people of God and its relevance for active participation she maintains that Vatican II's vision on active participation is relevant to the upbuilding of the body of Christ church This vision integrates a critical thinking especially regarding those places where the implementation of Vatican II's teachings seems difficult **Thinkers of the Twentieth Century** Roland Turner, 1987 Major

Origue, Susan Fitzpatrick-Behrens, Virginia Garrard, 2020-03-23 By 2025 Latin America's population of observant Christians will be the largest in the world. Nonetheless, studies examining the exponential growth of global Christianity tend to overlook this region, focusing instead on Africa and Asia. Research on Christianity in Latin America provides a core point of departure for understanding the growth and development of Christianity in the Global South. In *The Oxford Handbook of Latin American Christianity*, an interdisciplinary contingent of scholars examines Latin American Christianity in all of its manifestations from the colonial to the contemporary period. The essays here provide an accessible background to understanding Christianity in Latin America. Spanning the era from indigenous and African descendant people's conversion to and transformation of Catholicism during the colonial period through the advent of Liberation Theology in the 1960s and conversion to Pentecostalism and Charismatic Catholicism, *The Oxford Handbook of Latin American Christianity* is the most complete introduction to the history and trajectory of this important area of modern Christianity. *Treasure in Earthen Vessels*

Ambrose Mong, 2025-01-28 Throughout history and literature, priests have been depicted as heroic figures battling evil and confronting moral dilemmas. These portrayals highlight their unwavering faith and commitment, even in the midst of personal sacrifices. In movies and novels, priests are often portrayed as flawed characters struggling to fulfill their religious duties. These depictions aim to showcase priests as human beings with imperfections navigating their own challenges while remaining faithful to their calling. The media has recently highlighted scandals involving Catholic priests, including cases of sexual and financial misconduct. These stories reveal the dark side of the institution with attempts to cover up wrongdoing to protect the Church's reputation. The danger is that misleading negative stereotypes of priests can come to dominate public consciousness. We need to find ways to acknowledge the dreadful seriousness of these acts while also recognizing the many priests who genuinely strive to fulfill their vocation and serve the people of God. This volume attempts to depict priests in both factual and fictional scenarios to convey the complexity of their roles as shepherds of the flock. Religion Index Two, 1995
