Theology after Postmodernity Tina Beattie,2013-10-04 Theology after Postmodernity is a ground breaking study that has the capacity to transform the relationship between psychoanalytic theory and Christian theology Reading the theology of Thomas Aquinas in close engagement with the psychoanalytic theory of Jacques Lacan Tina Beattie shows how Thomism exerted a formative influence on Lacan and she also shows how a Lacanian approach can bring rich new insights to Thomas s theology A growing number of English speaking scholars now recognize the extent to which twentieth century French theorists and philosophers were influenced by medieval theology and there have been several studies of Jacques Lacan s Thomism However this is the first study published in English to bring a Lacanian feminist perspective to bear on the theology of Thomas Aquinas Focusing on the centrality of desire in Thomas s theology and Lacan s psychoanalytic theory Beattie follows Lacan along an overgrown and often hidden path through the changing configurations of desire gender and knowledge from their Aristotelian formation in the medieval universities to their fragmentation in the collapse of modernity s visions and values Beattie offers a penetrating critique of Thomas s Aristotelianism but she also excavates the mystical treasures within his theology This enables her to show how Thomas s God remains an unconscious but potent influence in the shaping of modern western thought and to ask what transformations might be needed in order to bring about a Thomism for our times Probing beneath the surface of Thomas s Summa Theologiae and other writings she brings to light the Other of Thomas s One God an incarnate maternal Trinity who emerges when Thomas s Aristotelian ontotheology is suspended and the more neglected aspects of his doctrinal and theological insights are allowed to emerge Lacan makes possible a renewed Thomism which offers a rich theology of creation incarnation and redemption capable of responding to some of the most urgent and far reaching challenges that questions of gender nature and God pose to Christian theological language in its classical and postmodern formations **Christian Citizenship Training Course, Vol 1, Form #12.007** Sovereignty Education and Defense Ministry (SEDM),2020-02-06 Good citizenship from a Christian Perspective *God's Autopsy and the*

Living Truth of Soul Hal Childs, 2022-08-22 The Grand Narrative of Christianity that the Bible created is dead and the Bible is silent Does the Bible have anything relevant to say to our modern circumstances We ask where did God come from What happened to God God s Autopsy reinterprets soul and God as historical psychological phenomena related to the cultural structure of consciousness the invisible shared context of thought which has changed dramatically over the past three millennia This book offers a new way to understand the trajectory of Western civilization by making the implicit foundation of Western consciousness soul visible and conscious Our modern Western consciousness is radically different from that of antiquity when the Bible emerged Jung s psychological philosophical insight that whenever we speak about the psyche it is the psyche speaking about itself leads to the realization that today consciousness has come home to itself Beginning with preliterate polytheism the emergence of the transcendent god Yahweh and Christ which led directly to the Enlightenment objective soul continues to unfold itself How did late modernity become a topsy turvy quantum virtual digital impersonal and abstract world that appears to be running away from us The answer is unexpectedly and shockingly in the Bible itself An Exposition of the Creed John Pearson, 1882 **The Bible Christian magazine, a continuation of the Arminian magazine** Bible Christians, 1882 God in Christ Horace Bushnell, 1852 **True Gospel Revealed anew by Jesus Vol I** James E. Padgett, 2014-06-26 This is the first of four volumes of messages received by James Padgett The first edition was published in 1941 and contains the most significant of the spiritual concepts that he learned from Jesus and his disciples Included in these concepts are The true mission of Jesus the structure of the Heavens immortality who and what is God the Holy Spirit the Resurrection Forgiveness and the Vicarious Atonement This is an amazingly coherent yet very simple set of teachings cover every question one might have Yet these are sadly not the teachings that the churches currently teach even though one can see where in the New Testament support lies for what Padgett received This edition has dates added and a great many useful footnotes It also has a message from James and Helen Padgett received in 2014 giving a great many personal details that were not previously known **God Revealed in John** Christian Foundation 2010, 2010-11-22 For the first time in 2 000 years this book analyzes the Gospel of John and unveils the historical Jesus His identity and image of God All words parables and miracle stories are decoded and interpreted and all unheard of facts and truths are disclosed It is revealed that Peter was a sinner in the village of sinners that Peter James John and Andrew were not fisherman but were spiritual fisherman who preached to the suffering people of the village of sinners and harvested the holy spirit from them that Jesus saved one thousand men by preaching 10 20 times at the villages of sinners for three years that Jesus cleared the temple spiritually not physically with his Word that Jesus Passover meal was not the mutton but the word and holy spirit and that the God s last judgment was concluded in AD 70 These facts are disclosed when the scriptures are read in spiritual language It turns out that the four Gospels Matthew Mark Luke and John have never been interpreted correctly As a result Christianity has lost Jesus for nearly 2 000 years and follows the path of ruin Now it is revealed that the Gospel of John

contains astonishing revelations and good news which will rescue Christianity from extinction and lead all mankind to God This book speaks to Biblical scholars Christians who worry about the corruption of churches and extinction of Christianity and those who want to receive the Holy Spirit and meet Jesus and God **The Philosophy of Saint Thomas Aquinas**

Stephen L. Brock,2015-09-23 If Saint Thomas Aquinas was a great theologian it is in no small part because he was a great philosopher And he was a great philosopher because he was a great metaphysician In the twentieth century metaphysics was not much in vogue among either theologians or even philosophers but now it is making a comeback and once the contours of Thomas s metaphysical vision are glimpsed it looks like anything but a museum piece It only needs some dusting off Many are studying Thomas now for the answers that he might be able to give to current questions but he is perhaps even more interesting for the questions that he can raise regarding current answers about the physical world about human life and knowledge and needless to say about God This book is aimed at helping those who are not experts in medieval thought to begin to enter into Thomas s philosophical point of view Along the way it brings out some aspects of his thought that are not often emphasized in the current literature and it offers a reading of his teaching on the divine nature that goes rather against the drift of some prominent recent interpretations **To Will God's Will**
