Thriving in Babylon David B. Capes,J. Daryl Charles,2011-01-01 This delightfully multifaceted volume comprised of thoughtful essays by an esteemed array of cultural critics probes the intersection of Christian faith and culture to honor the memory of A J Chip Conyers a remarkably ecumenical Christian scholar and cultural warrior whose premature death in 2004 cut short a remarkable career in teaching and writing As those who knew him can attest Conyers lived his life at the intersection of Christian theology and cultural concern with a singular blend of astuteness gracefulness and Christian conviction This festschrift as esteemed theologian and Conyers s mentor Jurgen Moltmann indicates in the foreword is intended to mirror Conyers s own commitment to incisive cultural criticism and theological faithfulness in the mold of the great tradition This is no small achievement even for so venerable a cast of scholars as the contributors to this volume as Conyers crossed interdisciplinary boundaries in a day of escalating hyper specialization with the greatest of ease He was comfortable discussing contemporary church life or the christological controversy of the patristic era Heideggerian hermeneutics or human dignity and the imago Dei faith and the Enlightenment or the fatherhood of God Catholic substance or Protestant reform Yet Conyers always did this through the lens of historic Christian orthodoxy Though he was a most incisive student of culture in a most refreshing way he steered clear of being co opted by the currents of culture Neither retreating into pious devotionism nor opting for the theologically unreflective activism that has become so chic in our post consensus climate he embodied a theological perspective that blends responsible cultural engagement with eschatological hope The reader is sure to encounter the same blend in this festschrift and to come away both challenged and edified toward
