the grave is therefore the seal of this hell Some have asked why do we believe in Jesus then The answer is in Paul s Temple cry in the council of Acts 23 6 Men and brethren of the hope and resurrection of the dead I am called So the struggle continue to be choosing between our will or God s will our traditions and belief system or the word of God as contained in the Bible our sugar laden air pocket ridden leaven bread or God s choice of healthy unleavened bread To introduce this book a little bit more here is an excerpt from the theme of this work If all living are in heaven it may be hard for some to accept that those who are alive but ill and suffering are also in heaven This explains why too many folks refuse or find it difficult to accept that the life we enjoy now is all the heaven there is But the harsh reality is for as long as this present time remains life is all the heaven there is Whether we accept or believe it or not we LIVE out this heaven of life in Time in Height in Power and privileges and in God These all jointly and severally describes the five levels of the heavens there are But life makes sense of the others and everything else That life is in God His Spirit establishes that life in all living So when we talk of Life we inadvertently talk of the Deity of the universe The author s position in these is this Let this work help us to pause a moment Then reexamine the word of God in these views of our heavens also We may yet find that we have been with the traditions and belief of men long enough Our individual and joint finds should help ground us more strongly in whatever level in the Faith and understanding of the word of God we are in currently In this effort we should remember that the greatest of these all is to love God above all and our neighbor as ourselves Our neighbors are our family members immediate and extended members the Jews or Israel the Elect of God and our Father s first born The third are the folks we meet in our daily interactions
