Heaven, Heroes, and Happiness Shan M. M. Winn, 1995 Heaven Heroes and Happiness explores Western culture and its pervasive ideology while tracing its roots back to an ancient Proto Indo European homeland This book explores ancient myth the evidence of language history and the archaeological record in an endeavor to show that the origin of Western civilization lies much deeper than had been anticipated Contents Patterns and Themes of Indo European Ideology Unveiling the Indo European Legacy The Ideology of Tripartite Completeness Class Conflict and Compromise Fear God Heroes with a Cause The Pursuit of Happiness Origins and Destinies Reinterpreted In the Beginning Ancient Myth in Disguise The Armageddon Cycle Indo European Expansion and Ideological Impact Twilight of the Goddess A Collision of Cultures Linguistic Paleontology Quest for a Homeland **Bogowie: A Study of Eastern Europe's Ancient Gods** T.D.

Kokoszka, 2023-08-25 T D Kokoszka grew up in Texas with a Jewish mother and a Polish American father While he was aware of roots going back to Eastern Europe from both families he found it hard to learn very much about them He knew that Polish people would whack one another with palm leaves around Easter and he knew that his great grandmother purportedly believed in forest spirits known as borowy However it wasn't until he was in his teens that he became vaguely aware of an ancient people known as the Slavs who gave rise to the Polish Ukrainian Russian Serbian Bulgarian Slovakian Slovene and Czech languages It quickly became clear to him that this was a family of cultures currently under represented in popular culture and even in western scholarship Not simply a regurgitation of scholarship from the Soviet period and presenting new analyses by using previously neglected resources Bogowie A Study of Eastern Europe's Ancient Gods offers one of the most painstaking scholarly reconstructions of Slavic paganism These new resources include not only an overview of folklore from many different Slavic countries but also comparisons with Ossetian culture and Mordvin culture as well as a series of Slavic folktales that Kokoszka analyzes in depth often making the case that the narratives involved are mythological and shockingly ancient Readers will recognize many European folktale types and possibly learn to look at these folktales differently after reading this book **The Vedas** Roshen Dalal, 2014-04-15 Your essential guide to the Vedas When were the Vedas written and why Who were the people who composed them Where did they come from how did they live Questions conjectures and debates go hand in hand with the Vedas the sacred keystone texts of Hinduism Now noted historian Roshen Dalal sifts through centuries of information and research to present in a straightforward and succinct manner an account of the Vedas that is authoritative yet accessible thus appealing to both scholars and lay readers In this book key insights into the Vedas are complemented by a celebration of the poetry that lies within the texts Using socio economic data and archaeological and linguistic research the author introduces us to the Vedic era enabling us to understand the culture and philosophy that produced these ancient and sublime texts Based on original research and numerous authoritative sources including auxiliary texts and early commentaries Appendices featuring selected hymns from all four Vedas and listing all the hymns that make

up the Rig Veda Conveniently cross referenced with a wealth of information Militant Christianity A. Kehoe,2012-11-26 A powerful chronicle of the astounding persistence of Indo European glorification of battle morphed into today s militant Christian Right The book is written as a lively chronicle making clear the astounding power of the ancient cultural tradition embedding our language and the real battle we face to contain this Christian jihad The Steppe Tradition in International Relations Iver B. Neumann,Einar Wigen,2018-07-19 Argues that the Eurasian steppe political tradition has been globally influential particularly in the socio political formation of modern Russia and Turkey **Hebrew Life and Literature** Bernhard Lang,2016-12-05 Bernhard Lang known for his contributions over several decades to biblical anthropology offers in this volume a selection of essays on the life and literature of the ancient Hebrews The subjects range from the Hebrew God the world view of the Bible and the formation of the scriptural canon to peasant poverty women s work the good life and prophetic street theatre The stories of Joseph Samson and the expulsion from Paradise are analysed and in a departure from the Old Testament the priestly origins of the Eucharist are considered Insight into the Hebrew mentality is facilitated by the arrangement of the essays reflecting the three strata of the ancient society the peasants with their common concerns of fertility and happiness warriors their martial pursuits and the divine Lord of War and the wise prophets priests and sages

The Olive and the Caper Susanna Hoffman,Victoria Wise,2004-01-01 A collection of 325 authentic Greek recipes direct from the Mediterranean offers delicious old favorites and exciting secret dishes and includes essays and information on Greek culture myths customs culinary traditions and more Simultaneous **Buddhism and Empire** Michaela Walter,2009-06-24 This book convincingly reassesses the role of political institutions in the introduction of Buddhism under the Tibetan Empire c 620 842 showing how relationships formed in the Imperial period underlie many of the unique characteristics of traditional Tibetan Buddhism Taking original sources as a point of departure the author persuasively argues that later sources hitherto used for the history of early Tibetan Buddhism in fact project later ideas backward thus distorting our view of its enculturation Following the pattern of Buddhism s spread elsewhere in Asia the early Tibetan imperial court realized how useful normative Buddhist concepts were This work clearly shows that while some beliefs and practices per se changed after the Tibetan Empire the model of socio political religious leadership developed in that earlier period survived its demise and still constitutes a significant element in contemporary Tibetan Buddhist religious culture
