Gomes, 2009-12-15 In this introduction to the Zondervan Guide to Cults and Religious Movements Dr Gomes defines the characteristics of a cult of Christianity and why such a group subverts the search for spiritual truth He explains the emotional and spiritual appeal of cults who is susceptible and the techniques cult leaders use to attract members This book in dealing with a wide range of issues relating to cults and religious movements in general complements the other books in the series all of which focus on specific religious groups Why this series This is an age when countless groups and movements old and new mark the religious landscape in our culture leaving many people confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully these books provide essential information and insights for their spiritual journeys Except for this book each book in the series has five sections A concise introduction to the group An overview of the group's theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group The writers of these volumes are well qualified to present clear and reliable information and help us discern religious truth from falsehood      **Unification Church** J. Isamu Yamamoto, 2016-09-06 The Unification Church and its founder Dr Sun Myung Moon have been in the center of controversy because of their recruiting practices their financial holdings and their authoritarian style including arranged mass marriages Most controversial in terms of its teachings in Dr Moon's claim to be a new Messiah who will finish what Jesus left undone Is he the Messiah and is his Diving Principle the third testament of the Bible Why this series This is an age when countless groups and movements old and new mark the religious landscape in our culture leaving many people confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully these books provide essential information and insights for their spiritual journeys All books but the summary volume Truth and Error contain five sections A concise introduction to the group being surveyed An overview of the group's theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group Truth and Error the last book in the series consists of parallel doctrinal charts compiled from all the other volumes Three distinctives make this series especially useful to readers Information is carefully distilled to bring out truly essential points rather than requiring readers to sift their way through a sea of secondary details Information is presented in a clear easy to follow outline form with menu bar running heads This format greatly assists the reader in quickly locating topics and details of interest Each book meets the needs and skill levels

of both nontechnical and technical readers providing an elementary level of refutation and progressing to a more advanced level using arguments based on the biblical text The writers of these volumes are well qualified to present clear and reliable information and help readers to discern truth from falsehood      **Fast Facts on Jehovah's Witnesses** John Ankerberg, John Weldon, 2003 Using an easy question and answer format Fast Facts on Jehovah's Witnesses presents the major Watchtower Society teachings and how they contrast with biblical Christianity From blood transfusions to salvation through works John Ankerberg and John Weldon expose the unorthodox doctrines that put Jehovah's Witnesses at risk physically and spiritually Whether you are looking for specific answers or an overall understanding of Jehovah's Witnesses beliefs and practices Fast Facts on Jehovah's Witnesses delivers the information you need in a straightforward compelling manner Book jacket

Thoughtful Thoughts Muhammad E. Assad, 2012-12      The Power of Persuasion Robert Levine, 2006-01-23 An engaging highly readable survey of the sophisticated methods of persuasion we encounter in various situations From television to telemarketing and from self deception to suicide cults Levine takes a hard look at all the ways we attempt to persuade each other and how and why they work or don't The next time you wonder what possessed you to pay 50 for a medallion commemorating the series finale of Friends you'll know where to turn Slashdot.org If you're like most people you think advertising and marketing work just not on you Robert Levine's *The Power of Persuasion* demonstrates how even the best educated cynics among us can be victimized by sales pitches The Globe and Mail Levine puts his analysis in the service of his real mission to arm the reader against manipulation The Wall Street Journal This wonderful book will change the way you think and act in many realms of your life Philip Zimbardo former president American Psychological Association      *The Heavenly Arcana* Emanuel Swedenborg, 1870      **Deadly Cults** Robert L. Snow, 2003-11-30 How does a Vampire Cult differ from a Satanic Cult How do seemingly normal or ordinary citizens suddenly find themselves committed to a group whose leader promotes criminal activities and isolation from families and friends What should you do if a loved one becomes indoctrinated by a potentially dangerous cult This book focuses on various cults and their often criminal belief systems Most readers are shocked by stories of mass suicides and ritualized cult killings but few understand how such crimes come to be committed Snow a seasoned police officer with experience working on cult crimes examines those cults that commit offenses from murder and fraud to kidnapping and sexual assault By providing specific accounts of dangerous cults and their destructive acts Snow illustrates how seemingly innocent groups can turn pernicious when under the sway of a charismatic leader with an agenda or when members take things too far He offers advice on how to avoid falling victim to cult indoctrination concluding with chapters on how to identify cults how to protect yourself and your family and what to do if a loved one is ensnared by such a group      *Cults* Marc Galanter, 1999 Fifteen years of research inform this study of cults and cult behavior an analysis that explores the psychology of cult member's minds how cults operate and the development of several specific cults      **Dynamic Processes of Crisis Negotiation** Mitchell R.
