A Comparison of Egyptian Symbols with Those of the Hebrews Frédéric baron de Portal,1904

Finishing the Mysteries of Gods and Symbols Seven Star Hand,2010-09-17 Here is comprehensive proof that the symbolism of many ancient texts canons and concepts is an advanced and extremely ancient spiritual and philosophical technology that predates all extant religions and mystery schools Consequently here is proof beyond disproof that all three so called Faiths of Abraham are purposeful deceptions Accordingly related esoterica mystery schools and the New Age are rife with error caused by undue reliance upon the assertions of these religions and their leaders Throughout this book I present verifiable proof that ancient sages and prophets opposed religion and wisely never trusted religious leaders As comprehensive validation of this they redundantly encoded stunning proof of why throughout pivotal symbolic narratives and related concepts The ancient sages and prophets hid vital secrets from religious leaders throughout the previous several millennia When these decoded details are compared to the history words and deeds of these religions and their leaders they finally prove the truth about many long hidden things These religions have always purposely imposed ignorance based on the deceptive recasting of earlier symbolic concepts and narratives that also expertly encoded the keys to ancient wisdom as redundant proofs of the truth Arrogant religious leaders while hypocritically lecturing others about morality have long overlooked that the ancient sages and prophets were painfully aware of their then current and future misdeeds and deceptions and patiently and expertly prepared for them

Animal Metaphors and the People of Israel in the Book of Jeremiah Benjamin Foreman,2011-10-06 Though interest in the use of metaphor in the Hebrew Bible has gained momentum in recent years there is to date no investigation which concentrates exclusively on the animal metaphors in the book of Jeremiah In this book the author brings to light this neglected area of study by examining the language and imagery of the animal metaphors for the people of Israel in the book of Jeremiah The contribution that these metaphors make to the theology of the book is given special attention and since different interpretations have been given to many of the metaphors in question the author resolves some of the questions regarding the meaning of these images in his in depth study Additionally scholars have not tended to research metaphors for the nation of Israel and thus this volume draws attention to a particular subject which has largely been overlooked In chapter one Foreman familiarizes the reader with the major theoretical approaches to metaphor and spells out the approach taken in his investigation Eighteen metaphors are then thoroughly analyzed in chapters two three and four These metaphors are grouped into three categories each of which constitutes a chapter pastoral metaphors mammal metaphors and bird metaphors Chapter five draws the results of the inquiry together This study reveals how animal metaphors make important theological claims about the nation of Israel and demonstrates that they are essential elements of the message of the book of Jeremiah Foreman s elucidation of the language and imagery of the animal metaphors for the people of Israel leads to a richer understanding of these metaphors and ultimately contributes to a more precise interpretation of the message of the book of Jeremiah as a whole
