Alison Stone

Hegel And The Philosophy Of Nature Suny Series In Hegelian Studies:

Hegel and the Philosophy of Nature Stephen Houlgate, 1998-01-01 Confirms that Hegel's philosophy of nature continues to have great significance for our understanding of the natural world Petrified Intelligence Alison Stone, 2012-02-01 Petrified Intelligence offers the first comprehensive treatment of Hegel's Philosophy of Nature exploring its central place within his system including its relation to his Logic Philosophy of Mind and moral and political thought It highlights the contemporary relevance of Hegel's approach to nature particularly with respect to environmental issues Challenging the standard view that Hegel devalues nature relative to mind and culture Alison Stone reveals the deep concern to re-enchant the natural world that pervades his entire philosophical project Written in clear and nontechnical language the book also provides a critical introduction to Hegel's metaphysics The Cambridge Companion to Hegel and Nineteenth-Century Philosophy Frederick C. Beiser, 2008-11-17 The Cambridge Companion to Hegel and Nineteenth Century Philosophy examines Hegel within his broader historical and philosophical contexts Covering all major aspects of Hegel's philosophy the volume provides an introduction to his logic epistemology philosophy of mind social and political philosophy philosophy of nature and aesthetics It includes essays by an internationally recognised team of Hegel scholars The volume begins with Terry Pinkard's article on Hegel's life a conspectus of his biography on Hegel It also explores some topics much neglected in Hegel scholarship such as Hegel's hermeneutics and relationship to mysticism Aimed at students and scholars of Hegel this volume will be essential reading for anyone interested in nineteenth century philosophy The bibliography includes the most important English language literature on Hegel written in the last fifteen years Hegel and the Symbolic Mediation of Spirit Kathleen Dow Magnus, 2001-08-02 Emphasizing the role of the symbol in the spirit's ultimate determination this book responds to Derrida's critique of Hegel and seeks to establish Hegel's continued relevance in the post-modern era The role of the symbol and the sign in Hegel's thought are explicated and related to the means of theoretical self-determination The spirit's symbolic self-preservation is discussed in its artistic and religious manifestations and its symbolic mediation is discussed in terms of philosophical processes Magnus teaches philosophy at the Julius Maximilians Universität c Book News Inc **The Oxford Handbook of the History of Ethics** Roger Crisp, 2013-01-31 Philosophical ethics consists in the human endeavour to answer rationally the fundamental question of how we should live The Oxford Handbook of the History of Ethics explores the history of philosophical ethics in the western tradition from Homer until the present day It provides a broad overview of the views of many of the main thinkers schools and periods and includes in addition essays on topics such as autonomy and impartiality The authors are international leaders in their field and use their expertise and specialist knowledge to illuminate the relevance of their work to discussions in contemporary ethics The essays are specially written for this volume and in each case introduce the reader to the main lines of interpretation and criticism that have arisen in the professional history of philosophy over the past two or three decades **Hegel's Theory of Responsibility** Mark

Alznauer,2015-02-19 The first book length treatment of a central concept in Hegel s practical philosophy the theory of responsibility This theory is both original and radical in its emphasis on the role and importance of social and historical conditions as a context for our actions

The Ultimate Why Question John F. Wippel,2011-06-08 This volume gathers studies by prominent scholars and philosophers about the question how have major figures from the history of philosophy and some contemporary philosophers addressed the ultimate why question why is there anything at all rather than nothing whatsoever

Hegel's Naturalism Terry Pinkard,Terry P. Pinkard,2013-11 Terry Pinkard draws on Hegel s central works as well as his lectures on aesthetics the history of philosophy and the philosophy of history in this deeply informed and original exploration of Hegel s naturalism As Pinkard explains Hegel s version of naturalism was in fact drawn from Aristotelian naturalism Hegel fused Aristotle s conception of nature with his insistence that the origin and development of philosophy has empirical physics as its presupposition As a result Hegel found that although modern nature must be understood as a whole to be non purposive there is nonetheless a place for Aristotelian purposiveness within such nature Such a naturalism provides the framework for explaining how we are both natural organisms and also practically minded self determining rationally responsive reason giving beings In arguing for this point Hegel shows that the kind of self division which is characteristic of human agency also provides human agents with an updated version of an Aristotelian final end of life Pinkard treats this conception of the final end of being at one with oneself in two parts The first part focuses on Hegel s account of agency in naturalist terms and how it is that agency requires such a self division while the second part explores how Hegel thinks a historical narration is essential for understanding what this kind of self division has come to require of itself In making his case Hegel argues that both the antinomies of philosophical thought and the essential fragmentation of modern life are all not to be understood as overcome in a higher order unity in the State On the contrary Hegel demonstrates that modern institutions do not resolve such tensions any more than a comprehensive philosophical account can resolve them theoretically The job of modern practices and institutions and at a reflective level the task of modern philosophy is to help us understand and live with precisely the unresolvability of these oppositions Therefore Pinkard explains Hegel is not the totality theorist he has been taken to be nor is he an identity thinker la Adorno He is an anti totality thinker

Hegel's History of Philosophy Hegel Society of America. Meeting,2003-01-01 Top scholars address Hegel s History of Philosophy

Being and the Between William Desmond,1995-01-01 This is the culmination of a systematic metaphysics written by a world class philosopher demonstrating the need for a renewal of metaphysics

Hegel's Theory of Madness Daniel Berthold-Bond,1995-01-01 This book shows how an understanding of the nature and role of insanity in Hegel s writing provides intriguing new points of access to many of the central themes of his larger philosophic project Berthold Bond situates Hegel s theory of madness within the history of psychiatric practice during the great reform period at the turn of the eighteenth century and shows how Hegel developed a middle path between the stridently opposed camps of empirical and

romantic medicine and of somatic and psychical practitioners A key point of the book is to show that Hegel does not conceive of madness and health as strictly opposing states but as kindred phenomena sharing many of the same underlying mental structures and strategies so that the ontologies of insanity and rationality involve a mutually illuminating mirroring relation Hegel's theory is tested against the critiques of the institution of psychiatry and the very concept of madness by such influential twentieth century authors as Michel Foucault and Thomas Szasz and defended as offering a genuinely reconciling position in the contemporary debate between the social labeling and medical models of mental illness Books in Series

,1985 Vols for 1980 issued in three parts Series Authors and Titles **Nineteenth-Century Lutheran Theologians** Matthew L. Becker, Günter Frank, Ute Lotz-Heumann, Barbara Mahlmann-Bauer, Johannes Schilling, Günther Wassilowsky, Siegrid Westphal, Tarald Rasmussen, Mathijs Lamberigts, Bruce Gordon, David M. Whitford, 2015-12-09 This collection of essays a companion volume to the book Twentieth Century Lutheran Theologians Vandenhoeck Ruprecht 2013 examines important nineteenth century figures from the perspective of contemporary European and North American scholars Each essay provides an overview of the life and central ideas of a key Lutheran Protestant theologian who has had a significant impact on theological reflection down to the present The focus here is on those thinkers who were active between 1799 the year when Schleiermacher's Speeches appeared and the First World War These are individuals who deserve repeated examination whose insights are still worth pondering today and whose theological positions help us to understand better where contemporary theology has come from Karl Barth All of the essays were initiated by the journal Lutheran Quarterly in order to assess our theological heritage as we move further into a new millennium The goal of the authors each a leading theologian has been to describe a given thinker's life and vocation and how that person's work continues to impact theology today **Hegel, History, and Interpretation** Shaun Gallagher, 1997-01-01 Hegel History and Interpretation is a collection of essays that extends critical discussions of Hegel into contemporary debates about the nature of interpretation and theories of philosophical hermeneutics Essays by Susan Armstrong John D Caputo William Desmond Robert Dostal Shaun Gallagher Philip T Grier H S Harris Walter Lammi George R Lucas Jr Michael Prosch Thomas Rockmore and E Christopher Smith explore difficult issues concerning historical interpretation the nature of hermeneutics at the end of metaphysics the social and critical function of reason and the inadequacy of Hegel's interpretation of the experience of otherness In the course of these essays Hegel is made to converse with Kierkegaard Nietzsche and Heidegger as well as with contemporary theorists such as Gadamer Habermas Foucault and Derrida Thus the contributors explore both the themes that form the common ground between Hegelian philosophy and contemporary interpretation theory and the mixed reception of Hegel's philosophy into contemporary discussions about history deconstruction critical theory and alterity **Ecclesial Recognition with Hegelian Philosophy, Social Psychology & Continental Political Theory** Timothy T.N. Lim, 2017-07-03 Ecclesial Recognition proffers a framework for churches to accept the legitimacy and authenticity of each

other as the Church in the dialogical process towards fuller communion Typically recognition and its reception investigate theologically the sufficiency of creeds as ecumenical statements of unity the agreeability of essential sacramentality of the church and the recognition of its ministries as the churches witness of the gospel This monograph conceives ecclesial recognition as an intersubjective dynamics of inclusion and exclusion amid identity formation and consensus development with insights from Hegelian philosophy group social psychology and the Frankfurt School Axel Honneth's political theory The viability of this interdisciplinary approach is demonstrated from the French Dominican Yves Congar's oeuvre with implications for intra Communion and inter Church relations Dr Lim examines philosophical recognition theory group social psychology and political recognition theory to analyse the non theological impasses confronting the whole ecumenical movement Rev Dr Trevor Hoggard Director English speaking Ministries Methodist Church of New Zealand Lim masterfully argues for the viability of an interdisciplinary approach to ecumenical recognition within communities among churches and in their common pastoral mission Fr and Professor Radu Bordeianu Duquesne University and Orthodox theologian Representative of the Greek Orthodox Metropolis of Pittsburgh and Assistant Priest of Holy Trinity Greek Orthodox Church in Pittsburgh This book makes an important contribution to ecumenical ecclesiology Rev Dr and Professor Sandra Beardsall St Andrew's College Canada and United Church of Canada Ordained Minister I find Dr Lim's work a solid and necessary contribution to ecumenical work around the world Rev Dr and Professor Dominick D Hanckle Regent University and priest of the Communion of Evangelical Episcopal Churches With penetrating analysis and creative suggestions this monograph takes the talk about ecumenical recognition in a new level Professor Veli Matti Kärkkäinen University of Helsinki *The Trespass of the Sign* Kevin Hart, 1991-08-30 The Trespass of the Sign offers an account of the relations between deconstruction and theology Kevin Hart argues that contrary to popular thought on the topic deconstruction does not have an antitheological agenda Rather deconstruction seeks to question the metaphysics of any theology Hart pays particular attention to mystical theology as nonmetaphysical theology From publisher's description The British National Bibliography Arthur James Wells, 2009 *Journal of the History of Philosophy*, 1990 **Hegel and Whitehead** George R. Lucas, 1986-01-01 Hegel and Whitehead presents a careful exploration of the similarities between these two formidable representatives of systematic philosophy Some of the most distinguished scholars in European and American philosophy converge herein to explore the similarities in Hegel's and Whitehead's contemporary influence as well as in the content of their respective systems and in their philosophical styles This volume begins with important critical comparative and historical assessments of the contemporary problems in metaphysics philosophy of science philosophy of mind ethics social thought and philosophy of religion of history and of culture against the background of the important contributions made to these discussions by both Hegel and Whitehead The result is a collection of vigorous new essays in systematic philosophy that reflect the enduring contributions of these two philosophers to the contemporary philosophical climate on two continents **Between**

Transcendence and Historicism Brian K. Etter, 2006-06-01 Argues that the concept of the ethical is central to Hegel's philosophy of art
