Hegel's World Revolutions Richard Bourke, 2023-10-31 A new account of the relevance of Hegel s ideas for today s world countering the postwar anti Hegel insurgency G W F Hegel was widely seen as the greatest philosopher of his age Ever since his work has shaped debates about issues as varied as religion aesthetics and metaphysics His most lasting contribution was his vision of history and politics In Hegel s World Revolutions Richard Bourke returns to Hegel s original arguments clarifying their true import and illuminating their relevance to contemporary society Bourke shows that central to Hegel s thought was his anatomy of the modern world On the one hand he claimed that modernity was a deliverance from subjection but on the other he saw it as having unleashed the spirit of critical reflection Bourke explores this predicament in terms of a series of world revolutions that Hegel believed had ushered in the rise of civil society and the emergence of the constitutional state Bourke interprets Hegel s thought with particular reference to his philosophy of history placing it in the context of his own time He then recounts the reception of Hegel s political ideas largely over the course of the twentieth century Countering the postwar revolt against Hegel Bourke argues that his disparagement by major philosophers has impoverished our approach to history and politics alike Challenging the condescension of leading thinkers from Heidegger and Popper to L vi Strauss and Foucault the book revises prevailing views of the relationship between historical ideas and present circumstances *The Legacy of Hegel* J.J. O'Malley, K.W. Algozin, H.P. Kainz, L.C. Rice, 2012-12-06 The present volume represents the proceedings of the Marquette Hegel Symposium held at Marquette University Milwaukee Wisconsin on June 2 5 1970 The Symposium celebrating the two hundredth anniversary of Hegel s birth was presented under the combined sponsorship of the Philosophy Department of Marquette University the American Council of Learned Societies and the Johnson Foundation of Racine Wisconsin Its general theme embraced not only specific topics of interest in con

temporary Hegel studies but also the wider aspects of the influences and impact of Hegel's thought upon contemporary philosophical, political and social problems. Principal contributors and panelists were selected for their scholarly achievements in Hegel studies and also in keeping with the broad view of the Hegelian legacy in current thought. All sessions of the Symposium were plenary and designed for maximum discussion and interchange among participants. The Symposium Committee regrets that it has not been feasible to incorporate the transcript of the discussions except for the round table discussion on editing and translating Hegel into this volume. The papers presented in each day's sessions are published here with editorial changes and corrections made by their respective authors. The papers by Professors Otto Poggeler and Eric Weil were originally translated by members of our Committee; the present versions incorporate many changes and corrections made by their authors. The comments on each paper were brought into their present form only after the Symposium and in the light of the discussions which took place during it.

Hegel Laurence Winant Dickey, 1987. This major study of Hegel's intellectual development up to the writing of *The Phenomenology of Spirit* argues that his work is best understood in the context of the liberalisation of German Protestantism in the eighteenth century. **Hegel's Theory of the Modern State** Shlomo Avineri, 1974-01-17. The author presents an overall view of Hegel through his philosophical, political and personal ideas. The Personalist Ralph Tyler Flewelling, 1929. From Hegel to Existentialism Robert C. Solomon, 1987. A collection of the author's articles on key issues in the writings of major European philosophers and thinkers including Hegel, Nietzsche, Kierkegaard, Sartre and Camus. *Hegel Bibliography / Hegel Bibliographie. [Part I]* Kurt Steinhauer, 2011-05-09. *Ethic of Christian Freedom and Discipleship* Ronald R. Ray, 2023-03-27. Ethics of Christian Freedom and Discipleship is written for teachers and students of Christian ethics within the English speaking world. It demonstrates the basis of Christian ethics in Christian theology. Twenty nine years ago before leaving the Nigerian theological college where the author had been teaching *Between Two Worlds: An Ethic of Christian Freedom* was privately printed in Kenya at what became St Paul's University; the author primarily used copies of this book for eleven years of teaching Christian ethics. *Ethics of Christian Freedom and Discipleship* manifests continuity with the author's earlier book but is a distinctly different work.
