Bowker Company. Department of Bibliography, 1978 **University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles** University of California (System). Institute of Library Research, University of California, Berkeley, 1972 **The Poetry of the Americas** Harris Feinsod, 2017-09-08 The *Poetry of the Americas* offers a lively and detailed history of relations among poets in the US and Latin America spanning three decades from the Good Neighbor diplomacy of World War II through the Cold War cultural policies of the late 1960s Connecting works by Martin Ad n Elizabeth Bishop Paul Blackburn Jorge Luis Borges Julia de Burgos Ernesto Cardenal Jorge Carrera Andrade Allen Ginsberg Langston Hughes Jos Lezama Lima Pablo Neruda Charles Olson Octavio Paz Heberto Padilla Wallace Stevens Derek Walcott William Carlos Williams and many others Feinsod reveals how poets of many nations imagined a poetry of the Americas that linked multiple cultures even as it reflected the inequities of the inter American political system This account offers a rich contextual study of the state sponsored institutions and the countercultural networks that sustained this poetry from Nelson Rockefeller's Office of the Coordinator for Inter American Affairs to the mid 1960s avant garde scene in Mexico City This innovative literary historical project enables new readings of such canonical poems as Stevens's *Notes Toward a Supreme Fiction* and Neruda's *The Heights of Macchu Picchu* but it positions these alongside lesser known poetry translations anthologies literary journals and private correspondences culled from library archives across the Americas The *Poetry of the Americas* thus broadens the horizons of reception and mutual influence and of formal historical and political possibility through which we encounter midcentury American poetry recasting traditional categories of U S or Latin American literature within a truly hemispheric

vision The Embattled Lyric Nathaniel Tarn, 2007 This book has two main subjects which are interwoven the attitudes of selected poets including Neruda Rilke Breton Celan and Artaud to the primitive and the archaic studied from an anthropologist's viewpoint and a model of the processes whereby poetry is produced and received built on the author's successful careers as both poet and anthropologist The book includes detailed biographical information about how Tarn went from being a French to an English to an American poet It also reveals the effect of a double career and of these moves on a unique body of poetry and theoretical work An extremely substantial interview serving also as an introduction to and discussion of the essays demonstrates that there is nothing like this work to be found elsewhere **Translating Neruda** John Felstiner, 1980 What goes into the translating of a poem Usually that process gets forgotten once the new poem stands intact in translation Yet a verse translation derives from historical biographical and philosophical research interpretive analysis of the original poem and continuous linguistic and prosodic choices that parallel those the poet made Taking as a text Pablo Neruda's brilliant prophetic sequence *Alturas de Macchu Picchu* 1945 the author here re-creates the entire process of translation from his first encounter with the poem to the last shaping of a phrase that may never come right in English This many-faceted book forms an essay on the theory and practice of literary translation a study of Neruda's career through 1945 and an interpretation of his major poem all of which lead to a striking new poem in English *Heights of Macchu Picchu* printed along with the original Spanish This genesis of a verse translation also includes little-known biographical data hitherto untranslated poems and prose from the years 1920 to 1945 and new translations of key poems from Neruda's *Residence on Earth* and *Spain in My Heart* **New York Magazine**, 1970-08-03 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award-winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Bulletin of British Historical Publications on Latin America, the West Indies, Portugal and Spain**, 1969-10 *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1971 The Power of the Word Patsy J. Daniels, 2015-06-18 This book brings together twelve authors who look at the concept of the word from several different perspectives inspiring in the reader a sense of wonder to think of the lowly word which we toss away in yesterday's newspaper which we ignore on street signs which we utter without giving a thought to the consequences of the power carried by the word Moving from a psycholinguist explanation of the acquisition of language the volume presents the function of the word in bad jokes in The Chile Reader Elizabeth Quay Hutchison, Thomas Miller Klubock, Nara B. Milanich, Peter Winn, 2013-11-29 The Chile Reader makes available a rich variety of documents spanning more than five hundred years of Chilean history Most of the selections are by Chileans many have never before appeared in English The history of Chile is rendered from diverse perspectives including those of Mapuche

Indians and Spanish colonists peasants and aristocrats feminists and military strongmen entrepreneurs and workers and priests and poets Among the many selections are interviews travel diaries letters diplomatic cables cartoons photographs and song lyrics Texts and images each introduced by the editors provide insights into the ways that Chile's unique geography has shaped its national identity the country's unusually violent colonial history and the stable but autocratic republic that emerged after independence from Spain They shed light on Chile's role in the world economy the social impact of economic modernization and the enduring problems of deep inequality The Reader also covers Chile's bold experiments with reform and revolution its subsequent descent into one of Latin America's most ruthless Cold War dictatorships and its much admired transition to democracy and a market economy in the years since dictatorship Sulfur, 1997 Twenty Years of the Journal of Historical Sociology Yoke-Sum Wong, Derek Sayer, 2009-03-23 Over the last twenty years the Journal of Historical Sociology has redefined what historical sociology can be These essays by internationally distinguished historians sociologists anthropologists and geographers bring together the very best of the JHS Volume 1 focuses on the British state Volume 2 on the journal's wider interdisciplinary challenges The second in a two volume anthology representing the best articles published in The Journal of Historical Sociology over the last twenty years Includes essays debates and responses written by internationally distinguished historians sociologists anthropologists and geographers as well as by pioneering new scholars have been influential in challenging and redefining the field of historical sociology Spans a range of issues and topics that combine rich empirical scholarship with sophisticated theoretical engagement bringing together the very best of the JHS Challenges the nature of undertaking interdisciplinary work within history and the social sciences A wide exploration of the historiographical taking us beyond Europe and often highlighting unconventional approaches to the disciplines

Twentieth-Century Latin American Poetry Stephen Tapscott, 1996 Large anthology includes work by 58 poets Extensive but general introduction Poets arranged chronologically from Jos e Mart i to Marjorie Agos in Volume includes few surprises and relatively few women Bilingual format Many translators great fluctuation in quality For detailed discussion of translations see Charles Tomlinson in Times Literary Supplement May 9 1997 and Eliot Weinberger in Sulfur 40 Spring 1997 Handbook of Latin American Studies v 58 S.E.L.A., 1965 Caribbean Review, 1988 Some Necessary Angels Jay Parini, 2000-08-15 Distinguished poet and novelist Jay Parini presents some of his best essays both classic and unpublished works on topics ranging from baseball to Frost and Emerson to the culture of creative writing For aspiring writers Some Necessary Angels is an illuminating glimpse into the workshop of a distinguished novelist and critic For readers who share Parini's love of language it is an invigorating expression of faith Verses Against the Darkness Greg Dawes, 2006 Verses Against the Darkness offers a new assessment of Pablo Neruda's poetry by looking at the intersection of his aesthetic method and political radicalism from 1925 to 1954 It challenges the canonical view that Neruda was a gifted verse maker who in 1936 let himself be carried away by the excesses of communist politics Instead by focusing primarily on Tercera residencia

1935 1945 Greg Dawes argues for an uneven yet steady evolution and continuity in Neruda's work politics and morality Dawes relies on historical accounts biographies literary history and criticism and on Neruda's political and aesthetic theory to prove that his poetry became contrary to received critical opinion more sophisticated literarily and politically as he became more radicalized during the Spanish Civil War and World War II and as he developed his dialectical realism or guided spontaneity Greg Dawes is Associate Professor of Latin American and World Literatures at North Carolina State University and is the editor of the on line journal A contracorriente **AB Bookman's Weekly** ,1989-05
