Heinar Kipphardt, In der Sache J. Robert Oppenheimer Ferdinand Fasse, 1988 **In der Sache J. Robert Oppenheimer** Heinar Kipphardt, 2005 **Oppenheimer** Charles Thorpe, 2008-10-15 Oppenheimer reveals its subject as both an expert working on behalf of the state and an intellectual with broad cultural and moral authority Oppenheimer played a crucial role not only in defining the task of the physicist as nuclear weaponer but also in expounding the wider cultural meanings and moral responsibilities associated with that task The controversy over the hydrogen bomb and Oppenheimer's public fall from grace in the 1954 loyalty security hearings Thorpe argues revealed fundamental tensions at the heart of the modern technoscientific state raising questions about the responsibility scientists should take for the technologies of death they produce Oppenheimer maps out changes in the roles of scientists and intellectuals in twentieth century America ultimately revealing transformations in Oppenheimer's persona that coincided with changing attitudes toward science in society **BOOK JACKET** *Narrative as Counter-Memory* Reiko Tachibana, 1998-01-01 A pioneering study of German and Japanese postwar fiction providing a broad cultural basis for understanding a half century of responses to World War II from within the two societies **Arts: A Science Matter** Maria Burguete, Lui Lam, 2011-04-26 This book treats arts as part of science from the unified perspective of Science Matters It contains 17 chapters with 18 contributors who are prominent humanists professional artists or scientists It consists of three parts Part I Philosophy and History of Arts Part II Arts in Action Part III Understanding Arts The book is aimed at both research scholars and laypeople and is unique in two important aspects It is probably the first and only book that academic professionals and practicing artists contribute to the same book as equals on the common theme of creating and understanding arts Artists here include Cristina Leiria whose huge Kun Iam Goddess of Mercy sculpture is an important landmark in Macau and the famous movie director Hark Tsui who is publishing his first ever article on movie making Perhaps more importantly a new understanding of the origin and nature of arts is offered for the first time which is more convincing than all the other hypotheses put forth in the last two thousand years **Staged** Minou Arjomand, 2018-09-11 Theater requires artifice justice demands truth Are these demands as irreconcilable as the pejorative term show trials suggests After the Second World War canonical directors and playwrights sought to claim a new public role for theater by restaging the era's great trials as shows The Nuremberg trials the Eichmann trial and the Auschwitz trials were all performed multiple times first in courts and then in theaters Does justice require both courtrooms and stages In *Staged* Minou Arjomand draws on a rich archive of postwar German and American rehearsals and performances to reveal how theater can become a place for forms of storytelling and judgment that are inadmissible in a court of law but indispensable for public life She unveils the affinities between dramatists like Bertolt Brecht Erwin Piscator and Peter Weiss and philosophers such as Hannah Arendt and Walter Benjamin showing how they responded to the rise of fascism with a new politics of performance Linking performance with theories of aesthetics history and politics Arjomand

argues that it is not subject matter that makes theater political but rather the act of judging a performance in the company of others Staged weaves together theater history and political philosophy into a powerful and timely case for the importance of theaters as public institutions

Jews in German Literature Since 1945 Pól Ó Dochartaigh, 2000 This volume contains some 46 essays on various aspects of contemporary German Jewish literature The approaches are diverse reflecting the international origins of the contributors who are based in seventeen different countries Holocaust literature is just one theme in this context others are memory identity Christian Jewish relations anti Zionism la belle juive and more Prose poetry and drama are all represented and there is a major debate on the controversial attempt to stage Fassbinder's *Der Müll, die Stadt und der Tod* in 1985 The overall approach of the volume is an inclusive one In his introduction the editor calls for a reappraisal of the terms of German Jewish discourse away from the notion of Germans and Jews and towards the idea that both Jews and non Jews all of them Germans have contributed to the corpus of German Jewish literature
