Heinrich Heine Epoche Werk Wirkung:

Heinrich Heine Michael Behal, 1980 Reading Heinrich Heine Anthony Phelan, 2007-03-01 This book is a comprehensive study of the nineteenth century German poet Heinrich Heine Anthony Phelan examines the complete range of Heine's work from the early poetry and Pictures of Travel to the last poems including personal polemic and journalism Phelan provides original and detailed readings of Heine's major poetry and throws fresh light on his virtuoso political performances that have too often been neglected by critics Through his critical relationship with Romanticism Heine confronted the problem of modernity in startlingly original ways that still speak to the concerns of post modern readers Phelan highlights the importance of Heine for the critical understanding of modern literature and in particular the responses to Heine's work by Adorno Kraus and Benjamin Heine emerges as a figure of immense European significance whose writings need to be seen as a major contribution to the articulation of modernity Literature and Censorship in Restoration Germany Katy Heady, 2009 The effects both inhibitory and creative of the 1819-1848 censorship on German language literary writing In 1819 the German Confederation promulgated the infamous Carlsbad Decrees establishing censorship standards aimed at thwarting the political aspirations of post Napoleonic Germany's rapidly emerging public sphere This most comprehensive system of state censorship to that point in German lands remained in place until the revolutions of 1848 and is widely acknowledged to have had a profound influence on public discourse However although censorship during the period has been the object of much scholarly interest little is known about its precise effects on literary writing This book redresses that situation through detailed studies of six works composed and published in different parts of the Confederation by three prominent writers Christian Dietrich Grabbe Heinrich Heine and Franz Grillparzer By analyzing successive versions of these works the study illustrates the thematic linguistic and aesthetic constraints censorship placed upon their writing as well as the variety of literary evasion strategies that it stimulated It demonstrates that while censorship inhibited and distorted German literary writing it also led to the emergence of distinctively complex and inventive modes of literary expression that came to mark the epoch Katy Heady received her PhD in German from the University of Sheffield in 2007 **The Poet as Provocateur** George F. Peters, 2000 Analyzes the heated critical debate on Heine from his own lifetime to the present Heinrich Heine 1797-1856 one of the best known and most controversial German writers of the nineteenth century has been the subject of intense critical debate Heine's lyric poetry ranks second only to Goethe's in popularity and is known world wide in musical settings He is also known for his stories and travel sketches his writings on political social and cultural developments in Europe and for essays on literature religion and philosophy Peters's study records the stormy development of Heine's critical reception from his own time down to the present As a Jew living in Paris an outspoken critic of both repressive political policies in Germany and the stifling influence of the Catholic church and the author of the most famous satirical poem in the German language Deutschland Ein Wintermorgen Heine engendered the wrath of the conservative

critics of his day while progressive critics particularly those supportive of his emancipatory ideals came to his defense Since his death Heine criticism has continued to be partisan in tone Twentieth century Heine criticism has mirrored Germany's historical development from the nationalistic fervor of the Wilhelminian era through the tolerance of Weimar the anti-Semitic frenzy of the Third Reich the postwar period of competing critical views in East and West to the final decade of the century and a period of renewed and intense critical interest George F Peters is professor of German and Chair of the Department of Languages and Linguistics at Michigan State University

Schumann's Dichterliebe and Early Romantic Poetics Beate Julia Perrey, 2002 This book offers a theory of Romantic song by re-evaluating Schumann's *Dichterliebe* of 1840 one of the most enigmatic works of the repertoire It investigates the poetics of Early Romanticism in order to understand the mysterious magnetism and singular imaginative energy that imbues Schumann's musical language The Romantics rejected the ideal of a coherent and organic whole and cherished the suggestive openness of the Romantic fragment the disconcerting tone of Romantic irony and the endlessness of Romantic reflection thereby realizing an aesthetic of fragmentation Close readings of many songs from *Dichterliebe* show the singer's intense involvement with the piano's voice suggesting a split Self and the presence of the Other Seeing Schumann as the second poet of the poem here of Heine's famous *Lyrisches Intermezzo* this book considers essential issues of musical-poetic intertextuality introducing into musicology a hermeneutic that seeks to synthesize philosophical literary critical music-analytical and psycho-analytical modes of thought

Inscribing the Other Sander L. Gilman, 1991-01-01 *Inscribing the Other* focuses on great authors who have by birth or choice or both found themselves outside the mainstream of their culture but who have still wished to address it Goethe Freud Wilde Heine Nietzsche and Isaac Bashevis Singer among others In thirteen probing provocative essays Sander L. Gilman reinterprets their writing as it reveals their efforts to come to terms with their real or imagined sense of difference The chapters treat many themes and problems ranging widely from the romantic notion of the transcendent artist to the twentieth century artists in exile and employing the perspectives of psychiatry aesthetics photography politics and the history of mentalities The fate of Jewish writers in modern Germany or of Yiddish writers whose language is devalued in European culture is explored The theme of difference and its artistic and intellectual manifestations runs throughout the book which includes discussions of Goethe's and Wilde's homosexuality Nietzsche's madness Heine's refusal to be photographed and Primo Levi's internment at Auschwitz as well as an interview with Singer In a frank autobiographical introduction Gilman attempts to understand his own writing as an exercise in inscribing the Other in dealing with his own sense of difference through artistic creation
