1853 was the first of Charlotte M Yonge s bestselling romantic novels Its religious tone derives from the High Church  
background of her family and from her friendship with a leading figure in the Oxford Movement John Keble who closely  
supervised the writing of the book The germ of its plot was suggested by her friend Marianne Dyson According to J B  
Priestley The Heir of Redclyffe was the most popular novel of the whole age Its popularity left Dickens and Thackeray far  
behind The Heir of Redclyffe tells the story of the Byronic Guy Morville heir to the Redclyffe baronetcy and his cousin Philip

The drawing room of Hollywell House was one of the favoured apartments where a peculiar air of home seems to reside  
whether seen in the middle of summer all its large windows open to the garden or as when our story commences its bright  
lire and stands of fragrant green house plants contrasted with the wintry fog and leafless trees of November There were two  
persons in the room a young lady who sat drawing at the round table and a youth lying on a couch near the tire surrounded  
with books and newspapers and a pair of crutches near him Both looked up with a smile of welcome at the entrance of a tall  
fine looking young man whom each greeted with Good morning Philip Good morning Laura Good morning Charles I am glad
